Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks OMB approval under the PRA to revise the Application for Approval of a Representative's Fee in Black Lung Claim Proceedings Conducted by the U.S. Department of Labor, Form CM-972, to include information about how a respondent with a disability may contact the OWCP in order to receive assistance in completing the form. There is no change to the information collected from the public.

Individuals filing with the OWCP, Division of Coal Mine Workers' Compensation for benefits under the Black Lung Benefits Act may elect to be represented or assisted by an attorney or other representative. For those cases that are approved, 30 U.S.C. 901 of the Black Lung Benefits Act and 20 CFR 725.365-6 of the Black Lung Regulations have established standards for the information and documentation that must be submitted to the program for review so that the representative may be paid for services rendered to the claimant. Upon receipt of that evidence, the adjudicating official is required by regulation to evaluate the application and, based on the supporting information in the claim file, approve a fee for services rendered. Form CM-972 provides a standardized format that assists representatives participating in the Black Lung Benefits Program to submit the required information.

Form CM-972 is sent to and completed by the authorized representative of a black lung claimant whose claim has been approved for benefits. The completed form is then returned to and evaluated by the district director, administrative law judge, or appropriate appellate tribunal before whom the claimed services were

performed, and a fee amount is determined.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0011. The current approval is scheduled to expire on January 31, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on September 11, 2013 (77 FR 55761).

SUPPLEMENTARY INFORMATION: This ICR seeks OMB approval under the PRA to revise the Operator Controversion, Operator Response, Operator Response to Schedule for Submission of Additional Evidence (Form CM–2970), and Operator Response to Notice of Claim (Form CM–2970a) information collection to include information about how a respondent with a disability may contact the OWCP in order to receive assistance in completing the form. There is no change to the information collected from the public.

The OWCP, Division of Coal Mine Workers' Compensation (DCMWC) administers the Black Lung Benefits Act (30 U.S.C. 901 et seq.), which provides benefits to coal miners totally disabled due to pneumoconiosis, and their surviving dependents. When the DCMWC makes a preliminary analysis of a claimant's eligibility for benefits, and if a coal mine operator has been identified as potentially liable for payment of those benefits, the responsible operator is notified of the preliminary analysis. Regulations require that a coal mine operator be identified and notified of potential liability as early in the adjudication process as possible. Forms CM–2790 and CM–2970 are used for claims filed after January 19, 2001, and indicate that the coal mine operator will submit additional evidence or respond to the notice of claim.
