

Reduction Act of 1995 (44 U.S.C. chapter 35), DoD announces the proposed extension of a public information collection requirement and seeks public comment on the provisions thereof. *DoD invites comments on:* (a) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The Office of Management and Budget (OMB) has approved this information collection requirement for use through November 30, 2014. DoD proposes that OMB extend its approval for use for three additional years beyond the current expiration date.

DATES: DoD will consider all comments received by October 21, 2014.

ADDRESSES: You may submit comments, identified by OMB Control Number 0704-0341, using any of the following methods:

- Regulations.gov: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Email: osd.dfars@mail.mil. Include OMB Control Number 0704-0341 in the subject line of the message.
- Fax: 571-372-6094.
- Mail: Defense Acquisition Regulations System, Attn: Mr. Dustin Pitsch, OUSD(AT&L)DPAP/DARS, Room 3B941, 3060 Defense Pentagon, Washington, DC 20301-3060.

Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal information provided. To confirm receipt of your comment(s), please check www.regulations.gov approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

FOR FURTHER INFORMATION CONTACT: Mr. Dustin Pitsch, (571) 372-6090. The information collection requirements addressed in this notice are available electronically on the Internet at: <http://www.acq.osd.mil/dpap/dfars/index.htm>. Paper copies are available from Mr. Dustin Pitsch, OUSD(AT&L)DPAP(DARS), Room 3B941, 3060 Defense Pentagon, Washington, DC 20301-3060.

SUPPLEMENTARY INFORMATION:

Title and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 239, Acquisition of Information Technology, and the associated clauses at DFARS 252.239-7000 and 252.239-7006; OMB Control Number 0704-0341.

Needs and Uses: This requirement provides for the collection of information from contractors regarding security of information technology; tariffs pertaining to telecommunications services; and proposals from common carriers to perform special construction under contracts for telecommunications services. Contracting officers and other DoD personnel use the information to ensure that information systems are protected; to participate in the establishment of tariffs for telecommunications services; and to establish reasonable prices for special construction by common carriers.

Affected Public: Businesses or other for-profit and not-for-profit institutions.

Number of Respondents: 387.

Responses per Respondent:

Approximately 33.

Annual Responses: 12,915.

Average Burden per Response:

Approximately 0.6 hour.

Annual Burden Hours: 7,106.

Frequency: On occasion.

Summary of Information Collection

The clause at DFARS 252.239-7000, Protection Against Compromising Emanations, requires that the contractor provide, upon request of the contracting officer, documentation that information technology used or provided under the contract meets appropriate information assurance requirements.

The clause at DFARS 252.239-7006, Tariff Information, requires that the contractor provide to the contracting officer: (1) Upon request, a copy of the contractor's existing tariffs (including changes); (2) before filing, a copy of any application to a Federal, State, or other regulatory agency for new rates, charges, services, or regulations relating to any tariff or any of the facilities or services to be furnished solely or primarily to the Government, and, upon request, a copy of all information, material, and data developed or prepared in support of or in connection with such an application; and (3) a notification to the contracting officer of any application submitted by anyone other than the contractor that may affect the rate or conditions of services under the agreement or contract.

DFARS 239.7408 requires the contracting officer to obtain a detailed special construction proposal from a common carrier that submits a proposal or quotation that has special

construction requirements related to the performance of basic telecommunications services.

Manuel Quinones,

Editor, Defense Acquisition Regulations Council.

Notice of Intent To Grant Exclusive Patent License; Defense Group Inc.

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Defense Group Inc. a revocable, nonassignable, exclusive license integrated with Defense Group Inc.'s proprietary CoBRA® software platform to practice in the field of use of Public Safety, which shall mean the protection from events involving Chemical, Biological, or Radiological (CBR) airborne plumes that could endanger the safety of the general public from significant danger, injury/harm, or damage; the field of use of Industrial Safety and Monitoring, which shall mean to ensure plant and factory worker protection from hazards involving CBR airborne plumes that could cause injury to personnel; and the field of use of Environmental Monitoring, which shall mean the assessment of environmental impacts of CBR airborne plumes on the local environment in the United States, the Government-owned inventions described in U.S. Patent No. 7,542,884: System and Method for Zero Latency, High Fidelity Emergency Assessment of Airborne Chemical, Biological and Radiological Threats by Optimizing Sensor Placement, Navy Case No. 097,281//U.S. Patent Application No. 13/629,842: Apparatus System and Method of Depicting Plume Arrival Time, Navy Case No. 101,728 and any continuations, divisionals or re-issues thereof.

DATES: Anyone wishing to object to the grant of this license must file written objections along with supporting evidence, if any, not later than September 8, 2014.

ADDRESSES: Written objections are to be filed with the Naval Research Laboratory, Code 1004, 4555 Overlook Avenue SW., Washington, DC 20375-5320.

FOR FURTHER INFORMATION CONTACT: Rita Manak, Head, Technology Transfer

Office, NRL Code 1004, 4555 Overlook Avenue SW., Washington, DC 20375–5320, telephone 202–767–3083. Due to U.S. Postal delays, please fax 202–404–7920, email: rita.manak@nrl.navy.mil or use courier delivery to expedite response.

(AUTHORITY: 35 U.S.C. 207, 37 CFR Part 404.)

Dated: August 18, 2014.

N. A. Hagerty-Ford,

Commander, Office of the Judge Advocate General, U.S. Navy, Federal Register Liaison Officer.

Notice of Public Meetings for the Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement for Gulf of Alaska Navy Training Activities

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, regulations implemented by the Council on Environmental Quality (40 Code of Federal Regulations Parts 1500–1508), and Presidential Executive Order 12114, the Department of the Navy (DoN) has prepared and filed with the U.S. Environmental Protection Agency a Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS). The DoN prepared this analysis to update the Gulf of Alaska Navy Training Activities Final EIS/OEIS, which was completed with community input in May 2011 (hereafter referred to as the 2011 GOA Final EIS/OEIS), and to renew federal regulatory permits and authorizations. In the Draft Supplemental EIS/OEIS, the DoN uses a new acoustic modeling method and evaluates new, relevant information, such as new marine mammal density data and new scientific information, and updates environmental analyses, as appropriate. The DoN analyzes data using the Navy Acoustic Effects Model, not previously available for the 2011 GOA Final EIS/OEIS, to evaluate potential effects on marine species from training activities. The National Marine Fisheries Service is a cooperating agency for this Supplemental EIS/OEIS.

With the filing of the Draft Supplemental EIS/OEIS, the DoN is initiating a 60-day public comment

period and has scheduled five public meetings to inform the public and receive comments on the Draft Supplemental EIS/OEIS. This notice announces the dates and locations of the public meetings and provides supplementary information about the environmental planning effort.

Dates And Addresses: The 60-day Draft Supplemental EIS/OEIS public review period will begin August 22, 2014, and end October 20, 2014. The DoN will hold five public meetings to inform the public about the Proposed Action and to provide an opportunity to comment on the adequacy and accuracy of the supplemental environmental analysis. Each of the public meetings will include an open house information session, followed by a short presentation by the DoN. DoN representatives will be available during the open house information sessions to provide information related to the Draft Supplemental EIS/OEIS. Federal, state, and local agencies and officials, as well as interested organizations and individuals are encouraged to provide comments in writing during the public review period or in person at one of the scheduled public meetings.

The public meetings will be held from 5:00 p.m.–8:00 p.m., with a DoN presentation at 6:30 p.m., on the following dates and at the following locations:

1. Monday, September 8, 2014, at the Elks Lodge, 102 W. Marine Way, Kodiak, AK 99615
2. Tuesday, September 9, 2014, at the Z.J. Loussac Library Public Conference Room, 3600 Denali St., Anchorage, AK 99503
3. Wednesday, September 10, 2014, at the Best Western Bidarka Inn Sea Breeze Room, 575 Sterling Highway, Homer, AK 99603
4. Thursday, September 11, 2014, at the Juneau Arts & Humanities Council Main Hall, 350 Whittier St., Juneau, AK 99801
5. Friday, September 12, 2014, at the Mt. Eccles Elementary School Simpler Gymnasium, 201 Adams St., Cordova, AK 99574

Attendees will be able to submit oral and written comments during the public meetings. A court reporter will record oral comments from the public. In the interest of available time, and to ensure all who wish to provide an oral statement to the court reporter have the opportunity to do so, each speaker's comments will be limited to three (3) minutes, which may be extended if meeting attendance permits. Equal weight will be given to oral and written statements. Written comments may also

be submitted via mail to Naval Facilities Engineering Command Northwest, Attention: Ms. Amy Burt—GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315–1101, or electronically via the project Web site (www.GOAIEIS.com). All comments, oral or written, submitted during the public review period will become part of the public record. All comments will be reviewed or responded to in the Final Supplemental EIS/OEIS. Comments must be postmarked or received online by October 20, 2014, for consideration in the Final Supplemental EIS/OEIS.

FOR FURTHER INFORMATION CONTACT:

Naval Facilities Engineering Command Northwest, Attention: Ms. Amy Burt—GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315–1101.

SUPPLEMENTARY INFORMATION: A Notice of Intent to prepare this Supplemental EIS/OEIS was published in the **Federal Register** on January 16, 2013 (78 FR 3408).

This Supplemental EIS/OEIS is an update to the 2011 GOA Final EIS/OEIS and Record of Decision (ROD). It will support U.S. Pacific Command, Northern Command, and Joint Task Force Commander training requirements to achieve and maintain Fleet readiness as required by Title 10 of the U.S. Code. The DoN's Proposed Action is the same as the Proposed Action presented in the 2011 GOA Final EIS/OEIS and ROD, which is to continue conducting periodic military training activities in a specific area of the Gulf of Alaska called the Temporary Maritime Activities Area. The Temporary Maritime Activities Area and Proposed Action, including the location, number, and frequency of major training exercises, remain unchanged from the 2011 analysis. The DoN evaluated each resource area discussed in the 2011 GOA Final EIS/OEIS to determine if additional analysis is necessary in the Draft Supplemental EIS/OEIS due to new information or new analysis methods.

In this Draft Supplemental EIS/OEIS, the DoN re-evaluates potential impacts from ongoing military training activities conducted in the Temporary Maritime Activities Area. All resource areas were examined to determine the need for re-analysis in this Draft Supplemental EIS/OEIS. The marine mammal resource analysis for each alternative in the 2011 GOA Final EIS/OEIS was updated. For other resource areas, the 2011 analysis remains valid.

The Supplemental EIS/OEIS supports authorization of incidental takes of
