SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72865; File No. SR-NYSEMKT-2014-67]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the NYSE Amex Options Fee Schedule

August 19, 2014.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on August 8, 2014, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Amex Options Fee Schedule (“Fee Schedule”). The proposed changes will be operative on August 8, 2014. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange,

and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule as described below. The proposed changes will be operative on August 8, 2014.

The Exchange proposes to add language that excludes certain Customer-to-Customer activity from qualifying for any rebate under the Customer Electronic Complex Order ADV Tier rebate schedule. Presently, the Exchange pays rebates to Order Flow Providers (“OFPs”) according to the table shown below.

Customer Electronic Complex Order ADV Tiers	Rebate per contract for all customer electronic Complex orders (retroactive to the first contract traded during the month)
35,000 to 49,999	\$0.04
50,000 to 69,999	0.06
70,000 to 109,999	0.08
110,000 and greater	0.10

The Exchange is proposing to add language that would exclude certain types of activity from counting towards any portion of the rebate, to include both volume associated with the activity and any per contract rebate associated with the activity. Specifically, the Exchange proposes to exclude volume from any Customer to Customer Electronic Complex executions. Therefore, the Exchange proposes to amend the fee schedule to read as follows:⁴

⁴ Text that the Exchange proposes to delete appears in brackets; text that the Exchange proposes to add appears underscored.

Customer Electronic Complex Order ADV Tiers—excludes volume from customer to customer electronic complex executions	Rebate per contract for [all] customer electronic complex orders excluding customer to customer electronic complex executions (retroactive to the first contract traded during the month)
35,000 to 49,999	\$0.04
50,000 to 69,999	0.06
70,000 to 109,999	0.08
110,000 and greater	0.10

As this fee is being filed for immediate effectiveness on August 8, 2014, for the month of August only, the Exchange will exclude Customer to Customer Electronic Complex Executions from the calculation of the proposed rebate only during the remaining trading days of August (*i.e.*, excluding August 1,4–7—the first five trading days) and any such volume executed prior to August 8, 2014 will apply to a Customer's potential rebate.⁵ By calculating the August 2014 proposed rebate in this fashion, the Exchange believes that Customers seeking to meet the volume metric would have an opportunity to do so and would not be disadvantaged if trading volume prior to the effective date of this rule change did not meet the volume metric.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b)⁶ of the Act, in general, and Section 6(b)(4) and (5)⁷ of the Act, in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers.

The Exchange believes that the proposal to exclude certain activity from counting towards or earning the rebate paid under the existing Customer Electronic Complex Order ADV Tiers is reasonable, equitable and not unfairly discriminatory for the following

⁵ For example, if a OFP on behalf of a Customer achieved 50,000 contracts or greater volume of Customer to Customer Electronic Complex Executions during the first five trading days in August 2014 only, that activity will apply to that any potential rebate for August 2014. As proposed, Customer to Customer Electronic Complex Executions from August 8, 2014 forward will not apply to any potential rebate.
