

The amended final weighted-average dumping margins are listed in the “Amended Final Determination” section below.

Amended Final Determination

In accordance with 19 CFR 351.224(e), we are amending the final affirmative determination of sales at less than fair value by revising the weight-averaged dumping margin calculated for

Interpipe. Furthermore, because the all-others rate was derived entirely from Interpipe’s margin,⁷ we also are amending the “all-others” rate.

We determine the revised weighted-average dumping margins are as follows:

Exporter or producer	Weighted-average dumping margin (percent)
Interpipe Europe S.A.; Interpipe Ukraine LLC; PJSC Interpipe Nizhnedneprovsky Tube Rolling Plant (aka Interpipe NTRP); LLC Interpipe Niko Tube	7.47
All-Others	7.47

Terminated Suspension of Liquidation

In light of the *Suspension Agreement*, in accordance with section 734(f)(2)(A) of the Act, we terminated the suspension of liquidation of entries of OCTG from Ukraine and stated that any cash deposits for such entries posted pursuant to section 733(d)(1)(B) of the Act shall be refunded.⁸ The suspension of liquidation remains terminated in accordance with section 734(f)(2)(A) of the Act notwithstanding these amended final results.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission of our amended final determination.

We are issuing and publishing this determination and notice pursuant to sections 735(d), 735(e), and 777(i) of the Act.

Dated: August 26, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Approximately 101 free Atlantic Shark Identification Workshops have been conducted since January 2007.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of

business covered by the dealer's permit which first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, trucks or other conveyances that are extensions of a dealer's place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate.
