SUPPLEMENTARY INFORMATION:

I. Meeting Details

The committees will meet to discuss performance metrics for pipeline operations, safety management systems in other industries, and agency, state, and stakeholder priorities.

Members of the public may attend and make a statement during the advisory committee meeting. If you intend to make a statement, please notify PHMSA in advance by forwarding an email to cheryl.whetsel@dot.gov by October 6, 2014.

II. Committee Background

The GPAC and LPAC are statutorily mandated advisory committees that

advise PHMSA on proposed safety standards, risk assessments and safety policies for natural gas pipelines and for hazardous liquid pipelines. Both committees were established under the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C. App. 1) and the pipeline safety law (49 U.S.C. Chap. 601). Each committee consists of 15 members—with membership evenly divided among the Federal and state government, the regulated industry and the public. The committees advise PHMSA on the technical feasibility, practicability and cost-effectiveness of each proposed pipeline safety standard.

Authority: 49 U.S.C. 60102, 60115; 60118.

Issued in Washington, DC, on September 12, 2014.

Alan K. Mayberry,

Deputy Associate Administrator for Policy and Programs.

BILLING CODE 4810-02-P

DEPARTMENT OF VETERANS AFFAIRS

Annual Pay Ranges for Physicians and Dentists of the Veterans Health Administration

AGENCY: Department of Veterans Affairs.
ACTION: Notice.

SUMMARY: As required by the "Department of Veterans Affairs Health Care Personnel Enhancement Act of 2004" (Pub. L. 108-445, dated December 3, 2004) the Department of Veterans Affairs (VA) is hereby giving notice of annual pay ranges for Veterans Health Administration (VHA) physicians and dentists as prescribed by the Secretary for VA-wide applicability. These annual pay ranges are intended to enhance VA flexibility to recruit,

develop, and retain the most highly qualified providers to serve our Nation's veterans and maintain a standard of excellence in the VA healthcare system.

DATES: *Effective Date:* The annual pay ranges listed in this notice are effective November 30, 2014.

FOR FURTHER INFORMATION CONTACT: Debra Doty, HR Specialist/Title 38 Program Manager, Compensation and Classification Service (055), Office of Human Resources Management, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, (757) 728-3381. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: Under 38 U.S.C. 7431(e)(1)(A), not less often than once every two years, the Secretary must prescribe for Department of Veterans Affairs (VA)-wide applicability the minimum and maximum amounts of annual pay that may be paid to VHA physicians and dentists. Further, 38 U.S.C. 7431(e)(1)(B) allows the Secretary to prescribe separate minimum and maximum amounts of pay for a specialty or assignment. In construction of the annual pay ranges, 38 U.S.C. 7431(c)(4)(A) requires the consultation of two or more national surveys of pay for physicians and dentists, as applicable, whether prepared by private, public, or quasi-public entities in order to make a general assessment of the range of pays payable to physicians and dentists. Lastly, 38 U.S.C. 7431(e)(1)(C) states amounts prescribed under paragraph 7431(e) shall be published in the **Federal Register**, and shall not take effect until at least 60 days after date of publication.

Background

The "Department of Veterans Affairs Health Care Personnel Enhancement Act of 2004" (Pub. L. 108-445) was signed by the President on December 3, 2004. The major provisions of the law established a new pay system for VA's Veterans Health Administration (VHA) physicians and dentists consisting of base pay, market pay, and performance pay. While the base pay component is set by statute, market pay is intended to reflect the recruitment and retention needs for the specialty or assignment of a particular physician or dentist at a facility. Further, performance pay is intended to recognize the achievement of specific goals and performance objectives prescribed annually. These three components create a system of pay that is driven by both market indicators and employee performance, while recognizing employee tenure in VA.

Discussion

VA identified and utilized salary survey data sources which most closely represent VA comparability in the areas of practice setting, employment environment, and hospital/health care system. The Association of American Medical Colleges (AAMC), Hospital and Healthcare Compensation Service (HHCS), Sullivan, Cotter, and Associates (S&C), Medical Group Management Association (MGMA), Physician Executive Management Center (PEMC), and the Survey of Dental Practice published by the American Dental Association (ADA) were collectively utilized as benchmarks from which to prescribe annual pay ranges for physicians and dentists across the scope of assignments/specialties within VA. While aggregating the data, a preponderance of weight was given to those surveys which most directly resembled the environment of VA.

In constructing annual pay ranges to accommodate the more than forty physician and dentist specialties that currently exist in the VA system, VA continued the practice of grouping specialties into consolidated pay ranges. This allows VA to use multiple sources that yield a high number of physician salary data which helps to minimize disparities and aberrations that may surface from data involving smaller numbers of physicians and dentists for comparison and from sample change from year to year. Thus, by aggregating multiple survey sources into like groupings, greater confidence exists that the average compensation reported is truly representative. In addition, aggregation of data provides for a large enough sample size and provides pay ranges with maximum flexibility for pay setting for the more than 25,000 VHA physicians and dentists.

In developing the annual pay ranges, a few distinctive principles were factored into the compensation analysis of the data. The first principle is to ensure that both the minimum and maximum salary is at a level that accommodates special employment situations, from fellowships and medical research career development awards to Nobel Laureates, high-cost areas, and internationally renowned clinicians. The second principle, to attempt to establish a rate range of +/- 25 percent of the mean, is imperative to provide ranges large enough to accommodate career progression, geographic differences, sub-specialization, and special factors. This principle is also the standard recommended by World@Work for professional compensation ranges.
