D.S.C. of Newark Enterprises, Inc. and Anthony A. Coraci, Civil Action No. 2:14-cv-05734-JLL-MAH.

The proposed consent decree would resolve the claims of the United States and the State of New Jersey Department of Environmental Protection and Administrator of the New Jersey Spill Compensation Fund for recovery of response costs and natural resource damages against D.S.C. of Newark Enterprises, Inc. ("DSC") under section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA") relating to releases of hazardous substances at the Cornell-Dubilier Electronics, Inc. The consent decree requires DSC and Coraci ("the Settling Defendants") to pay \$22.0 million to the United States and New Jersey, and 50% of the Settling Defendants' insurance recoveries in excess of \$750,000, net of certain fees incurred to obtain the recoveries. The consent decree also requires DSC, the current owner of property at the Site, to continue to allow access to EPA to conduct response actions at the Site, to obtain an agreement from any transferee to allow such access, and to cooperate with respect to the filing of a deed notice, engineering controls, restrictions on use and alterations of the property, and monitoring requirements concerning the property at the Site. In return, the United States and New Jersey agree to resolve all past and future liability the Settling Defendants and specified related parties ("Related Parties") may have for response costs and natural resource damages at the Site under section 107 of CERCLA. The United States further agrees not to sue or take administrative action against the Settling Defendants and Related Parties under section 7003 of the Resource Conservation and Recovery Act ("RCRA"), and the State further agrees not to sue or take administrative action against the Settling Defendants and Related Parties under the New Jersey Spill Compensation and Control Act or the Industrial Site Recovery Act, the common law of negligence, nuisance and/or strict liability, with regard to the Site. In addition, upon receipt of the payments required by the Settling Defendants, the United States and New Jersey agree to release the respective

On September 18, 2014, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Hawaii in the lawsuit entitled *United States et al. v. Hawaii Department of*

Transportation, Civil Case. No. 14-00408 (D. Hi.).

In this civil enforcement action under the federal Clean Water Act ("Act"), the United States alleges that the Hawaii Department of Transportation ("Defendant"), failed to comply with certain requirements of the Act by failing to comply with terms of the Hawaii National Pollutant Discharge Elimination System ("NPDES") General Permit for municipal storm water discharges at Honolulu and Kalaeloa Barbers Point Harbors.
