Rural Development will hold the Rural College Coordinated Strategy listening session on Thursday, October 9, 2014, to receive oral comments from groups representing rural-serving community colleges and technical colleges. Oral comments received from this listening session will be documented. All attendees of this listening session who submit oral comments are requested to submit a written copy to help Rural Development accurately capture public input. (See the **ADDRESSES** section above for information about submitting written comments.) In addition, stakeholders and the public who do not wish to attend or speak at the listening session are invited to submit written comments, which must be received by October 10, 2014 via regulations.gov, as described above.

At the listening session, the focus is for Rural Development to hear from the public; this is not a discussion with Rural Development officials or a question and answer session. As noted above, the purpose is to receive public input that Rural Development can consider in order to implement the Rural Community College Coordinated Strategy provision of the 2014 Farm Bill.

Rural Development is interested in receiving input on all aspects on the implementation of this provision, including, how RD can coordinate critical investments in rural community colleges and technical colleges involved in workforce training and to impact physical, human, social, financial and natural capital in rural communities. Rural Development efforts are to expand our partnerships and services for improving the quality of life and more effectively serve communities in rural America.

Date: Thursday, October 9, 2014.

Time: 2:00pm–4:00pm.

Location information: United States Department of Agriculture—Whitten Building, 1400 Independence Ave. SW.; Room 107–A; Washington, DC 20250.

The listening session will begin with brief opening remarks from USDA leadership in Rural Development. Individual speakers providing oral comments are requested to be succinct (no more than 3 minutes) as we do not know at this time how many participants there will be. As noted above, we request that speakers providing oral comments also provide a written copy of their comments. (See the **ADDRESSES** section above for information about submitting written comments.) All stakeholders and interested members of the public are

welcome to register to provide oral comments; however, if necessary due to time constraints, a limited number will be selected on a first come, first serve basis.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species (HMS) Scientific Research Permits, Exempted Fishing Permits, Letters of Acknowledgment, Display Permits, and Shark Research Fishery Permits.

OMB Control Number: 0648-0471.

Form Number(s): NA.

Type of Request: Revision and extension of a current information collection.

Number of Respondents: 57.

Average Hours Per Response: Two hours for a scientific research plan; 40 minutes for an application for an EFP, Display Permit, SRP, LOA, or Shark Research Permit or for an annual report; 1 hour for an interim report; 15 minutes for an application for amendment; 5 minutes for notification of departure phone calls to NMFS Enforcement; 10 minutes for calls to request an observer; and 2 minutes for "no-catch" reports or tag applications.

Burden Hours: 217.

Needs and Uses: Exempted Fishing Permits (EFPs), Scientific Research Permits (SRPs), Display Permits, Letters of Acknowledgment (LOAs), and Shark Research Fishery Permits are issued under the authority of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (Magnuson-Stevens Act) (16 U.S.C. 1801 *et seq.*) and/or the Atlantic Tunas Convention Act (ATCA) (16 U.S.C. 971 *et seq.*). Issuance of these permits is necessary for the collection of Highly Migratory Species (HMS) for public display and scientific research that requires exemption from regulations that otherwise may prohibit such collection. Display Permits are issued for the collection of HMS for the purpose of public display, and a limited number of Shark Research Fishery Permits are issued for the collection of fishery-dependent data for future stock assessments and cooperative research with commercial fishermen to meet the shark research objectives of the Agency.

Regulations at 50 CFR 600.745 and 50 CFR 635.32 govern scientific research activity, exempted fishing, and exempted educational activities with respect to Atlantic HMS. Since the Magnuson-Stevens Act does not include scientific research within the definition of "fishing," scientific research is exempt from this statute. NMFS requests copies of scientific research plans for these activities and indicates concurrence by issuing a LOA to researchers to indicate that the proposed activity meets the definition of scientific research and is therefore exempt from regulation.

Scientific research is not exempt from regulation under ATCA. NMFS issues SRPs for collection of species managed
