(including schools that are no longer disbursing loans but are required to report and maintain program records, student records, and repayment records until all student loans are repaid in full and all monies due to the federal government are returned) relating to HPSL and NSL program operations and financial activities.

Likely Respondents: Financial Aid Directors working at institutions participating in the HPSL and NSL programs.

Information Collection Request Title: HRSA OFAM Grantee Customer Satisfaction Survey. OMB No. 0915-xxxx—NEW.

Abstract: The Office of Federal Assistance Management (OFAM) within HRSA plans to survey HRSA grant recipients to better understand their opinions about HRSA's grants processes and to improve the way HRSA conducts business with them. This survey will focus on grantee customer satisfaction areas related to the grants life cycle, grantee relationships with HRSA staff (e.g., Project Officers, Grants Management Officers), technical assistance received from HRSA bureaus and offices, availability of grant resources, and grantee access to guidance and instructional documents, etc. The seven (7) grants management areas, which are directly related to the grants life cycle, are: Customer Service/

Cooperation; Policies and Procedures; Pre-Award Phase; Award Phase; Reporting/Post-Award Administration; Technical Assistance; and Priorities for Improvement. The ability to receive this information from external customers will provide OFAM with a repository of information which will be incorporated into the OFAM's strategic efforts to improve grants management services and customer service overall.

Need and Proposed Use of the Information: The HRSA OFAM Grantee Customer Satisfaction Survey will provide meaningful and relevant results to agency decision makers about various customer satisfaction domains (e.g., efficiency, timeliness, usefulness, responsiveness, quality and overall satisfaction with HRSA project officers, products, and services). The information collected will assist HRSA in its efforts to gauge, understand and effectively respond to the needs and concerns of its customers, especially as they relate to the aforementioned areas. The survey results will provide HRSA with concrete indicators regarding the best areas in which to dedicate time, energy, and resources to improve customer service. This information will be used to support agency-wide continuous quality improvement (CQI) efforts. It will also

be used by HRSA to improve the efficiency, quality, and timeliness of its grants business processes, as well as to strengthen its partnership with its external customers.

Likely Respondents: HRSA Grantees, specifically individuals who hold positions as a grantee's Grant Administrator, Business Officer, or Project Director/Principal Investigators, etc.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested.
