SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–73308; File No. SR–ISE–2014–45]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Add a Reference to Exchange Act Rule 10C–1 in the Exchange's Rules Concerning Unlisted Trading Privileges

October 6, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 22, 2014 the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The ISE proposes to add language to Rule 2101(a), entitled “Unlisted Trading Privileges,” that will make clear that the Exchange will not list equity securities without first ensuring that its rules comply with Rule 10C–1 under the Act (“Rule 10C–1”).³ The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included

statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to add language to Rule 2101(a), which will clarify the fact that the Exchange will not list equity securities without first ensuring that Exchange Rules comply with Rule 10C–1, as described below.⁴

On March 30, 2011, to implement Section 10C of the Act,⁵ as added by Section 952 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (“Dodd-Frank Act”),⁶ the Commission proposed Rule 10C–1 under the Act,⁷ which directs each national securities exchange to prohibit the listing of any equity security of any issuer, with certain exceptions, that does not comply with the rule's requirements regarding compensation committees of listed issuers and related requirements regarding compensation advisers. On June 20, 2012, the Commission adopted Rule 10C–1.⁸ Rule 10C–1 obligates the Exchange to establish listing standards that require each member of a listed issuer's compensation committee to be a member of the issuer's board and to be independent, as well as establish certain factors that an issuer must consider when evaluating the independence of a director.⁹ Rule 10C–1 also requires the Exchange to establish standards for evaluating the independence of a compensation consultant, legal counsel, or other adviser (“Compensation Consultant”) and requires a Company to provide funding to a compensation committee to retain such Compensation Consultant.¹⁰

The Exchange does not currently list any equity securities as a primary listing market. Consistent with this fact, Exchange Rule 2101(a) currently states that all equity securities traded on the ISE Stock Exchange¹¹ are traded pursuant to unlisted trading privileges and that the Exchange will not list any such securities before first filing and obtaining Commission approval of rules that incorporate qualitative listing criteria and comply with Rule 10A–3 under the Act.¹² To make clear the Exchange's intention to comply with the requirements of Rule 10C–1, the Exchange proposes to amend Rule 2101(a) to state that no equity securities will be listed on the ISE Stock Exchange until Exchange Rules have been amended to also comply with Rule 10C–1. Because the Exchange does not presently list any equity securities, the Exchange does not believe it is necessary to make any further amendments in response Section 952 of the Dodd-Frank Act at this time.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹³ Specifically, the proposal is consistent with Section 6(b)(5) of the Act,¹⁴ which requires exchange rules to promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. The Exchange believes the proposed rule change fulfills these requirements because it will add language to Rule 2101(a) that clarifies the fact that the Exchange will not list equity securities without first ensuring that its rules comply with Rule 10C–1, which implements Section 10C of the Act.¹⁵

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act¹⁶ in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that the proposed rule

change will merely clarify the fact that Exchange Rules must comply with Rule 10C-1 under the Act before any listing of equity securities on the Exchange becomes effective. Thus, the rule change will not impose any burden on intermarket or intramarket competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange believes that the foregoing proposed rule change may take effect upon filing with the Commission pursuant to Section 19(b)(3)(A) ¹⁷ of the Act and Rule 19b-4(f)(6) thereunder ¹⁸ because the foregoing proposed rule change does not (i) significantly affect the protection of investors or the public interest, (ii) impose any significant burden on competition, and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SUPPLEMENTARY INFORMATION: The National Women's Business Council (NWBC) is a non-partisan federal advisory council that serves as an independent source of advice and counsel to the President, Congress, and the Small Business Administration on economic issues of importance to women business owners. Members of the Council are prominent women business owners and leaders of women's business organizations.

As part of NWBC's annual research into issues affecting women business owners, this year NWBC has chosen to examine how women participate in business incubation and acceleration programs. The goal is to understand the characteristics of incubators and accelerators that affect the business outcomes of female entrepreneurs. In addition, NWBC hopes to gain insights into the factors, both structural and individual, that affect women's participation in incubator and accelerator programs. To accomplish this, NWBC has acquired the services of a research firm to conduct a cross-sectional survey of female entrepreneurs and managers of business incubators and accelerators to better understand female participation in, utilization of, and outcomes derived from incubation and acceleration programs. The survey will consist of three separate questionnaires targeting female entrepreneurs who have not participated in business incubation or acceleration programs, female entrepreneurs who have participated in business incubation or acceleration programs, and managers representing business incubators and accelerators. Each questionnaire will take between 12 and 18 minutes to complete (see below for the estimated burden analysis of
