**Information Collection Request Title:
Be The Match® Patient Services Survey
OMB No. 0915-xxxx—NEW**

Abstract: National Marrow Donor Program®/Be The Match® is dedicated to helping patients and families get the support and information they need to learn about their disease and treatment options, prepare for transplant, and thrive after transplant. The information and resources provided are intended to help navigate the bone marrow or cord blood transplant (transplant) process. Participant feedback is essential to understand the needs for transplant support services and educational information across a diverse population. This information will be used to determine helpfulness of existing services and resources. Feedback is also used to identify areas for improvement and to develop future programs.

Need and Proposed Use of the Information: Barriers restricting access to bone marrow or cord blood transplant (transplant) related care and educational information are multi-factorial. Feedback from participants is essential

to better understand the changing needs for services and information as well as to demonstrate the effectiveness of existing services. The primary use for information gathered through the survey is to determine helpfulness of participants' initial contact with Be The Match® Patient Services Coordinators (PSC) and to identify areas for improvement in the delivery of services.

The survey will include these items to measure: (1) Reason for contacting Be The Match®; (2) if the PSC was able to answer questions and easy to understand; (3) if the contact helped the participant to feel better prepared to discuss transplant with their care team; (4) increase in awareness of available resources; (5) timeliness of response; and (6) overall satisfaction. Stakeholders utilize this evaluation data to make program and resource allocation decisions.

Likely Respondents: Respondents will include patients, caregivers, and family members contacting Be The Match® Patient Services Coordinators. Respondents will include all patients, caregivers, and family members who have contact with Be The Match®

Patient Services Coordinators via phone or email for transplant navigation services and support (advocacy). The decision to survey all participants was made based on historic evidence of patients' unavailability due to frequent transitions in health status as well as between home and the hospital for initial treatment and care for complications.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Be The Match® Patient Services Survey	420	1	420	0.25	105
Total	420	1	420	0.25	105

The total respondent burden for the satisfaction survey is estimated to be 105 hours. We expect a total of 420 respondents (33% response rate) to complete the Be The Match® Patient Services Survey.

Health Resources and Services Administration

Privacy Act of 1974; Deletion of an Existing System of Records

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice to delete an obsolete system of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, HRSA is deleting an obsolete system of records titled the Information Center (IC) Integrated Clearinghouse System (ICS), HRSA 09-15-0067, established in 2007 at 72 FR 34018 and 72 FR 44846.

DATES: *Effective Date:* The deletion will be effective upon publication of this Notice.

ADDRESSES: The public should address any comments to: David Bowman, Office of Communications, HRSA, RM 16-70, 5600 Fishers Lane, Rockville, Maryland, and 301-443-3376. Comments received will be available for review at this location, by appointment, during regular business hours, Monday through Friday from 9 a.m.-3 p.m., Eastern Time Zone.

SUPPLEMENTARY INFORMATION: HRSA's Office of Communications operated the

IC/ICS system as part of the larger HRSA Information Center, which provided information on HRSA's many programs in response to public inquiries. The purpose of the IC/ICS system of records was to provide for the safekeeping of customers' personally identifiable information captured and retained by the system for the period of 1 year for quality assurance purposes associated with voluntary requests for publications and other information. On September 2, 2014, the HRSA IC closed and ceased operations and all personally-identifiable records were deleted from the system; therefore this system of records is no longer maintained.

Accordingly, the Information Center (IC) Integrated Clearinghouse System (ICS), HRSA 09-15-0067, is hereby deleted as obsolete.

Dated: October 14, 2014.
