

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

A similar proposed rule change was initially filed with the Commission on July 14, 2014 and published for comment in the **Federal Register** on August 1, 2014.³³ The Commission received no comment letters in response to that proposed rule change. However, three letters were submitted to the Commission commenting on a companion BZX and EDGA filings that proposed to offer the same feed.³⁴ On September 15, 2014, the Commission extended its review period until October 30, 2014.³⁵ On October 29, 2014, the Exchange withdrew the initial proposed rule change. The points raised by the Themis Letter and Shatto Letter are either not responsive to the issues raised in the proposal or aimed at existing elements of U.S. market structure that have been previously approved by the Commission.

The thrust of the SIFMA Letter is aimed at the proposed fees which are being removed from this proposed rule change and are to be filed with the Commission via a separate rule filing. While the SIFMA Letter correctly states that the Exchange has marketed the BATS One Feed since August 1, 2014, the SIFMA Letter incorrectly asserts that the Exchange has offered the BATS One Feed since that same date. All of the Exchange's marketing materials have included statements that the BATS One Feed's implementation was pending to SEC approval, and at no point has the Exchange offered the BATS One product for any use other than for testing and certification.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period

up to 90 days of such date (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall:

- (A) By order approve or disapprove such proposed rule change, or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-EDGX-2014-25 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090. All submissions should refer to File Number SR-EDGX-2014-25. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of EDGX. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make

available publicly. All submissions should refer to File Number SR-EDGX-2014-25 and should be submitted on or before December 11, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁶

Kevin M. O'Neill,
Deputy Secretary.

BILLING CODE 8011-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Third Meeting: RTCA Special Committee 231, Special Committee 231 TAWS—GPWS

AGENCY: Federal Aviation Administration (FAA), U.S. Department of Transportation (DOT).

ACTION: Meeting Notice of RTCA Special Committee 231, TAWS—GPWS.

SUMMARY: The FAA is issuing this notice to advise the public of the third meeting of the RTCA Special Committee 231, TAWS—GPWS.

DATES: The meetings will be held January 6–8 2015 from 9:00 a.m.–5:00 p.m.

ADDRESSES: The meetings will be held at RTCA Headquarters, RTCA, Inc., 1150 18th Street NW., Suite 910, Washington DC 20036.

FOR FURTHER INFORMATION CONTACT: The RTCA Secretariat, 1150 18th Street NW., Suite 910, Washington, DC 20036, or by telephone at (202) 330-0652/(202) 833-9339, fax at (202) 833-9434, or Web site at <http://www.rtca.org>.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C., App.), notice is hereby given for a meeting of Special Committee 231. The agenda will include the following:

January 6th—9:00 a.m.–5:00 p.m.

- Welcome/Introduction
- Administrative Remarks
- Agenda Review
- NTSB Recommendations—FAA presentation
- Summary of Working Group activities
- Other Business
- Date and Place of Next Meeting

January 7th—9:00 a.m.–5:00 p.m.

- Continuation of Plenary or Working Group Session

³⁶ 17 CFR 200.30-3(a)(12).

³³ See Securities Exchange Act Release No. 72691 (July 28, 2014), 79 FR 44892 (August 1, 2014) (SR-EDGX-2014-19).

³⁴ But see Letter from Sal Arnuk and Joe Saluzzi, Themis Trading LLC, to Elizabeth M. Murphy, Secretary, Commission, dated August 21, 2014 (SR-BATS-2014-028) ("Themis Letter"); Letter from Ira D. Hammerman, General Counsel, SIFMA, to Kevin O'Neill, Deputy Secretary, Commission, dated August 22, 2014 (SR-BATS-2014-028) ("SIFMA Letter") (letters commenting on companion BATS filing that proposes to offer the same feed); and Letter from Suzanne Hamlet Shatto to the Commission, dated August 19, 2014 (SR-EDGA-2014-16) ("Shatto Letter") (letter commenting on companion EDGA filing that proposes to offer the same feed).

³⁵ See Securities Exchange Act Release No. 73099 (September 15, 2014), 79 FR 56418 (September 19, 2014).

January 8th—9:00 a.m.–3:00 p.m.

- Continuation of Plenary or Working Group Session

Attendance is open to the interested public but limited to space availability. With the approval of the chairman, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on November 13, 2014.

Mohannad Dawoud,

Management Analyst, NextGen, Program Oversight and Administration, Federal Aviation Administration.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration**

Notice of Release From Federal Grant Assurance Obligations for Reno-Tahoe International Airport, Reno, Nevada

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of request to release airport land.

SUMMARY: The Federal Aviation Administration (FAA) proposes to rule and invites public comment on the application for a release of 23,974 square feet (approximately .55 acres) of airport property at Reno-Tahoe International Airport, Reno, Nevada from all conditions contained in the Grant Assurances since the parcel of land is not needed for airport purposes. The property consists of narrow strip of land approximately 25 feet wide by 850 feet long. The property is located approximately 2,500 feet east of the departure end of Reno-Tahoe Airport Runway 7/25. The property is separated from the airport operations area to the west by a public road and several non-aeronautical leaseholds and parking lots. The east side of the property is adjacent to East McCarran Boulevard. The Reno-Tahoe Airport Authority (RTAA) and the Nevada Department of Transportation propose to use the land to widen East McCarran Boulevard, a major arterial road that serves the Reno/Sparks Communities. The widening of the road represents a compatible land use that will not interfere with the airport or its operation. The interest of civil aviation continues to be served by the release. The property will be sold at

an appraised fair market value to the State of Nevada, Department of Transportation and the proceeds deposited in the airport account.

DATES: Comments must be received on the proposed land release request from federal obligations on or before December 22, 2014.

FOR FURTHER INFORMATION CONTACT:

Comments on the request may be mailed or delivered to the FAA at the following address: Mike N. Williams, Manager, Federal Aviation Administration, Phoenix Airports District Office, **Federal Register** Comment, 3800 N. Central Avenue, Suite 1025, 10th Floor, Phoenix, Arizona 85012. In addition, one copy of the comment submitted to the FAA must be mailed or delivered Ms. Laurie Weeks, Senior Manager of Properties, Reno-Tahoe Airport Authority, 2001 E. Plumb Lane, Reno, Nevada, 89502.

SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106-181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** 30 days before the Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds or grant agreements.

The following is a brief overview of the request:

The Reno-Tahoe Airport Authority (RTAA) of Washoe County, the owner of the Reno-Tahoe International Airport, requested a release from grant assurance obligations for approximately 23,974 square feet of airport land for sale. The property was acquired as separate parcels with federal funding under the Airport Development Aid Program (ADAP), Grant No. 6-32-0017-12, and the Airport Improvement Program, Grant No. 3-32-0017-01 and Grant No. 3-32-0017-04 for noise compatibility and approach protection.

Due to its location and current condition, the property has not been used for aeronautical purposes. The land is currently improved with landscaping only. The landscaping improvements include shrubs, trees, rock ground cover and drip-irrigation. The land is not served by domestic utilities. The land is currently zoned for industrial and commercial uses. The subject land is part of a larger parcel which was leased by the RTAA and developed with industrial/warehouse facilities in 2004. The Nevada Department of Transportation requires the strip of land to accommodate the widening of East McCarran Boulevard, a major arterial roadway in Reno and

Sparks, as part of the East McCarran Boulevard Widening Project. Because of the narrow width of the property and adjacency to the existing roadway, the land is not suitable for future airport development. The release and sale of the land will not negatively impact airport operations.

The FAA has determined the proposed release of the property Grant Assurances is categorically excluded from detailed evaluation in accordance with the National Environmental Policy Act. However, the proposed property is located within the 100-year floodplain of the Truckee River. Therefore, the FAA evaluated the proposed release from Grant Assurances in accordance with Executive Order 11988 *Floodplain Management*, and Department of Transportation Order 5650.2 *Floodplain Management and Protection*. There is no practicable alternative to constructing the East McCarran Boulevard Widening Project—Phase II in the proposed location, which is in the 100-year floodplain, because the 100-year floodplain extends throughout the project vicinity, and East McCarran Boulevard is a major existing road.

The construction of the East McCarran Boulevard Widening Project—Phase II project after release from Grant Assurances and subsequent conveyance to the Nevada Department of Transportation would not adversely affect beneficial floodplain values such as natural moderation of floodwaters, water quality maintenance, groundwater recharge, fish or wildlife habitat, or any other floodplain value. The existing property consists of artificial landscaping and parking lots which do not possess any beneficial floodplain values and the project is designed so as not to change the water storage capacity of the existing floodplain. As discussed in a Truckee River Flood Management Authority letter of July 11, 2014 to the City of Reno, while the property is within the 100-year floodplain, as part of the East McCarran Boulevard Widening Project—Phase II, the Nevada Department of Transportation intends to provide additional flood water storage capacity at a volumetric ratio of 2:1 to compensate for required project fill associated with the widening project. As part of the FAA's approval of the release of the property from Grant Assurances, the FAA will require that the RTAA condition its sale of the property to the Nevada Department of Transportation with the condition that the Department will implement the project as described in the Truckee River Flood Management Authority letter of July 11, 2014 to the City of Reno, to provide additional flood water storage capacity at a volumetric
