

SUMMARY: DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to eliminate the requirement for quarterly reporting of actual contract performance outside the United States.

DATES: Effective December 11, 2014.

FOR FURTHER INFORMATION CONTACT: Ms. Amy G. Williams, telephone 571-372-6106.

SUPPLEMENTARY INFORMATION:

I. Background

As part of a DFARS streamlining initiative, DoD is eliminating the requirement for quarterly reporting of actual contract performance outside the United States (DFARS 252.225-7006, Quarterly Reporting of Actual Contract Performance Outside the United States) and associated text in DFARS subpart 225.72. This report is not required by statute.

DoD is retaining the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada—Submission with Offer, and the clause at 252.225-7004, Report of Intended Performance Outside the United States and Canada—Submission After Award, both of which are required by 10 U.S.C. 2410g.

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

“Publication of proposed regulations”, 41 U.S.C. 1707, is the statute which applies to the publication of the Federal Acquisition Regulation. Paragraph (a)(1) of the statute requires that a procurement policy, regulation, procedure or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because this rule just eliminates obsolete text.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the

importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule because this final rule does not constitute a significant DFARS revision within the meaning of FAR 1.501-1, and 41 U.S.C. 1707 does not require publication for public comment.

V. Paperwork Reduction Act

This rule slightly reduces the information collection requirements currently approved under OMB Control Number 0704-0229, titled Defense Federal Acquisition Regulation Supplement (DFARS) Part 225, Foreign Acquisition, in accordance with the Paperwork Reduction Act (44 U.S.C. chapter 35). Removing the requirement for the DFARS 252.225-7006 quarterly reports reduced the burden hours approved by OMB in 0704-0229 by 225 hours, from 64,256 hours to 64,031 hours. An OMB Form 83-C Change Request has been processed by OMB to reduce the burden accordingly.

Defense Federal Acquisition Regulation Supplement: Animal Welfare (DFARS Case 2013-D038)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to comply with the Department of Defense Instruction that addresses the use of animals in DoD programs.

DATES: Effective December 11, 2014.

FOR FURTHER INFORMATION CONTACT: Ms. Janetta Brewer, telephone 571-372-6104.

SUPPLEMENTARY INFORMATION:

I. Background

DoD published a proposed rule in the **Federal Register** at 79 FR 35717 on June 24, 2014, to revise DFARS 235.072, subpart 237.1, and the clause at 252.235-7002, Animal Welfare, to be consistent with the Department of Defense Instruction (DoDI) 3216.01 entitled “Use of Animals in DoD Programs,” which governs DoD supported research, development, test, and evaluation or training that uses vertebrate animals, and the acquisition of animals. One respondent submitted two comments on the proposed rule.

II. Discussion and Analysis

DoD reviewed the public comments in the development of the final rule, and one change was made. A discussion of the comments is provided below.

Comment: The respondent recommended that DFARS section 237.17X be revised to prescribe use of the clause at 252.235-7002.

Response: The clause at 252.235-7002, Animal Welfare, is prescribed

within section 235.072. FAR drafting conventions prohibit a clause from being prescribed in more than one section. Section 237.17X, however, is amended to provide a cross reference to the clause and its prescription. Section 237.17X is 237.175 in the final rule.

Comment: The respondent recommended that the clause at DFARS 252.235–7002, Animal Welfare, be revised to read that it has been prescribed in sections 235.072(a) and 237.17X.

Response: No changes were made in response to this comment. As discussed in the response to the prior comment, FAR drafting conventions prohibit a clause from being prescribed in more than one section.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

DoD has prepared a Final Regulatory Flexibility Analysis (FRFA) consistent with the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* The FRFA is summarized as follows:

DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to comply with the Department of Defense Instruction (DoDI) that addresses the use of animals in DoD programs. DoDI 3216.01, Use of Animals in DoD Programs, governs DoD supported research, development, test, and evaluation or training that uses vertebrate animals, and the acquisition of animals.

The data obtained from the Office of Assistant Secretary of Defense for Research Development Animal Research Development Test & Evaluation Protection Programs reflect an estimate of 50 new DoD research, development, test, and evaluation contracts awarded in Fiscal Year 2012 that involved animal testing. Forty-eight of these contracts

were awarded to small business entities, which could be impacted by this rule. However, any cost burden caused by this rule will be outweighed by the effect of the rule preventing cruelty to animals.

No public comments were received in response to the initial regulatory flexibility analysis published in the proposed rule.

The rule does not contain any reporting or recordkeeping requirements and does not require contractors to expend significant cost or effort. There are no known significant alternatives to the rule that would further minimize any economic impact of the rule on small entities.

V. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
