

SUPPLEMENTARY INFORMATION:**Change in Standard Procedure**

GSA posts the POV mileage reimbursement rates, formerly published in 41 CFR Chapter 301, solely on the internet at www.gsa.gov/mileage. Also, posted on this site is the standard mileage rate for moving purposes. This process, implemented in FTR Amendments 2010–07, 75 FR 72965, November 29, 2010, 2007–03, 72 FR 35187, June 27, 2007, and 2007–06, 72 FR 70234, December 11, 2007, in the **Federal Register** ensures more timely updates in mileage reimbursement rates by GSA for Federal employees who are on official travel or relocating. Notices published periodically in the **Federal Register**, such as this one, and the changes posted on the GSA Web site, now constitute the only notification to Federal agencies of revisions to the POV mileage reimbursement rates and the standard mileage reimbursement rate for moving purposes.

Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information

collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Reports Clearance Office at (410) 786–1326.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Fee-for-Service Recovery Audit Prepayment Review Demonstration and Prior Authorization Demonstration; *Use:* On July 23, 2012, the Office of Management and Budget approved the collections required for two demonstrations of prepayment review and prior authorization. The first demonstration allows Medicare Recovery Auditors to review claims on a pre-payment basis in certain States. The second demonstration established a prior authorization program for Power Mobility Device claims in certain States.

For the Recovery Audit Prepayment Review Demonstration, CMS and its agents request additional documentation, including medical records, to support submitted claims. As discussed in more detail in Chapter 3 of the Program Integrity Manual, additional documentation includes any medical documentation, beyond what is included on the face of the claim that supports the item or service that is billed. For Medicare to consider coverage and payment for any item or service, the information submitted by the provider or supplier (e.g., claims) must be supported by the documentation in the patient's medical records. When conducting complex medical review, the contractor specifies documentation they require in accordance with Medicare's rules and policies. In addition, providers and suppliers may supply additional documentation not explicitly listed by the contractor. This supporting information may be requested by CMS and its agents on a routine basis in instances where diagnoses on a claim do not clearly indicate medical necessity, or if there is a suspicion of fraud.

For the Prior Authorization of Power Mobility Devices (PMDs) Demonstration, we are piloting prior authorization for PMDs. Prior authorization will allow the applicable documentation that supports a claim to be submitted before the item is delivered. For prior authorization, relevant documentation for review is submitted before the item is delivered or the service is rendered. CMS will conduct this demonstration in California, Florida, Illinois, Michigan, New York, North Carolina, Texas, Pennsylvania, Ohio, Louisiana, Missouri, Maryland, New Jersey, Indiana, Kentucky, Georgia, Tennessee, Washington, and Arizona based on beneficiary address as reported to the Social Security Administration and recorded in the Common Working File (CWF). For the demonstration, a prior

authorization request can be completed by the (ordering) physician or treating practitioner and submitted to the appropriate DME MAC for an initial decision. The supplier may also submit the request on behalf of the physician or treating practitioner. The physician, treating practitioner or supplier who submits the request on behalf of the physician or treating practitioner, is referred to as the "submitter." Under this demonstration, the submitter will submit to the DME MAC a request for prior authorization and all relevant documentation to support Medicare coverage of the PMD item. *Form Number:* CMS-10421 (OMB control number: 0938-1169); *Frequency:* Occasionally; *Affected Public:* State, Local or Tribal Governments; *Number of Respondents:* 333,750; *Total Annual Responses:* 333,750; *Total Annual Hours:* 170,060. (For policy questions regarding this collection contact Daniel Schwartz at 410-786-4197.)

Dated: December 23, 2014.

*Director, Regulations Development Group,

II. Provisions of the Notice With Comment Period

On July 28, 2014, we published a notice with comment period in the **Federal Register** (79 FR 43747 through 43749) entitled, "Evaluation Criteria and Standards for Beneficiary and Family Centered Care Quality Improvement Organization Contracts," announcing the general criteria we would use to evaluate the effectiveness and efficiency of Beneficiary and Family Centered Care (BFCC) Quality Improvement Organizations (QIOs) that entered into contracts with CMS under the 11th Statement of Work (SOW) in May 2014 (HHSM-500-2014-RFP-BFCC-QIO). That notice generally summarized the tasks of the BFCC-QIOs and the criteria to be used for annual performance evaluations during the 5-year term of the contract. BFCC-QIO performance under the 11th SOW contract began on August 1, 2014, after a transition period.

The tasks of the BFCC-QIOs under the BFCC-QIO 11th SOW contract are as follows:

- Reviews under Emergency Medical Treatment and Active Labor Act (EMTALA).

Evaluation Criteria

The Annual and 54th Month Evaluation Criteria for each of these measures are specifically defined in Attachment J-10, "Annual and 54th Month Evaluation Criteria Measures Table," of the BFCC-QIO SOW; the criteria for evaluating each deliverable are identified in Schedule F of the 11th SOW. Additional detail is provided in the notice posted at: <http://www.gpo.gov/fdsys/pkg/FR-2014-07-28/pdf/2014-17625.pdf>.

III. Analysis of and Responses to Public Comments on the Notice With Comment Period

Two commenters submitted several comments concerning the general criteria we would use to evaluate the effectiveness and efficiency of BFCC-QIOs that will enter into contracts with CMS under the 11th SOW. One commenter was affiliated with a private healthcare quality improvement entity and the other commenter was with a healthcare quality improvement association. A summary of the comments and our responses are as follows:

Comment: Both commenters expressed concern with potential public perception of bias arising from the evaluation criterion that considers of beneficiary experience with the quality of care complaints and appeal reviews as part of the evaluation of the BFCC-QIO's performance of quality-of-care and other statutory and regulatory reviews and appeals. The commenters indicated that consideration of beneficiary experience with the quality of care complaints and appeal reviews as part of the evaluation of the BFCC-
