

establish: (1) The applicability of the regulations to facilities for offset lithographic printing and letterpress printing, flexible package printing, and adhesives, sealants, primers, and solvents; (2) certain exemptions; (3) recordkeeping and work practice requirements; and (4) emission limitations.

EPA's review of the new and revised regulations submitted by PADEP indicates that the submitted revisions of 25 Pa Code 121.1, 129.51, 129.67, 129.67a, and 129.67b meet the requirements to adopt RACT for sources located in Pennsylvania covered by EPA's CTG recommendations for control of VOC emissions for the following categories: Offset lithographic printing, letterpress printing, and flexible package printing. In addition, the submitted revisions to 25 Pa Code 129.77 and 130.703 continue to meet the requirements to adopt RACT for adhesives and solvents as approved on September 26, 2012. *See* 77 FR 59090. EPA finds the Pennsylvania regulations which adopt the equivalent of the specific EPA CTG recommendations meet CAA requirements for RACT in sections 172 and 182 of the CAA. More detailed information on these provisions as well as a detailed summary of EPA's review and rationale for proposing to approve this SIP revision can be found in the Technical Support Document (TSD) for this action which is available on line at www.regulations.gov, Docket number EPA-R03-OAR-2015-0166. EPA is soliciting public comments on the issues discussed in this document. These comments will be considered before taking final action.

III. Proposed Action

EPA is proposing to approve the August 27, 2014 Pennsylvania SIP revision adding new regulations 25 Pa Code 129.67a and 129.67b and revising regulations 25 Pa Code 121.1, 129.51, 129.67, 129.77, and 130.703 as the SIP revision meets CAA requirements for SIPs in sections 110, 172 and 182.

IV. Incorporation by Reference

In this rule the EPA is proposing to include, in a final EPA rule, regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is proposing to incorporate by reference the PADEP rules regarding control of VOC emissions from offset lithographic printing, letterpress printing, flexible package printing, and adhesives, sealants, primers, and solvents as described in section II of this proposed action. The EPA has made, and will continue to make, these documents

generally available electronically through www.regulations.gov and/or in hard copy at the appropriate EPA office (see the ADDRESSES section of this preamble for more information).

V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
 - does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
 - is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
 - does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
 - does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- In addition, this proposed rule pertaining to Pennsylvania's adoption of CTG recommendations for offset lithographic printing and letterpress

printing, flexible package printing, and adhesives, sealants, primers, and solvents, does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

Approval and Promulgation of Air Quality Implementation Plans; Virginia—Prevention of Significant Deterioration; Amendment to the Definition of "Regulated NSR Pollutant" Concerning Condensable Particulate Matter

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) proposes to approve a July 25, 2013 State Implementation Plan (SIP) revision submitted by the Virginia Department of Environmental Quality (VADEQ) for the Commonwealth of Virginia. The revision includes a correction to the definition of "regulated NSR [New Source Review] pollutant" as it relates to condensable particulate matter under Virginia's Prevention of Significant Deterioration (PSD) program. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct

final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by May 13, 2015.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA–R03–OAR–2013–0593 by one of the following methods:

A. *www.regulations.gov*. Follow the on-line instructions for submitting comments.

B. Email: *campbell.dave@epa.gov*.

C. Mail: EPA–R03–OAR–2013–0593, David Campbell, Associate Director, Office of Permits and Air Toxics, Mailcode 3AP10, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

D. Hand Delivery: At the previously-listed EPA Region III address. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA–R03–OAR–2013–0593. EPA's policy is that all comments received will be included in the public docket without change, and may be made available online at *www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through *www.regulations.gov* or email. The *www.regulations.gov* Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through *www.regulations.gov*, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form

of encryption, and be free of any defects or viruses.

Docket: All documents in the electronic docket are listed in the *www.regulations.gov* index. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in *www.regulations.gov* or in hard copy during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at the Virginia Department of Environmental Quality, 629 East Main Street, Richmond, Virginia 23219.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 76

[MB Docket No. 15–71; FCC 15–34]

Television Market Modification; Statutory Implementation

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Commission proposes satellite television market modification rules to implement section 102 of the Satellite Television Extension and Localism Act (STELA) Reauthorization Act of 2014 ("STELAR"). The STELAR amended the Communications Act and the Copyright Act to give the Commission authority to modify a commercial television broadcast station's local television market for purposes of satellite carriage rights. In this document, the Commission proposes to revise the

current cable market modification rule to apply also to satellite carriage, while adding provisions to address the unique nature of satellite television service. The document also proposes to make conforming changes to the cable market modification rules and considers whether to make any other changes to the current market modification rules.
