The ICR describes the nature of the information collection and its expected burden. This information collection is mandatory for foreign air carriers and must be submitted prior to entry into the United States.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11,

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0005; Security Programs for Foreign Air Carriers, 49 CFR part 1546. TSA uses the information collected to determine compliance with 49 CFR part 1546 and to ensure passenger safety by monitoring foreign air carrier security procedures. Foreign air carriers must carry out security measures to provide for the safety of persons and property traveling on flights provided by the foreign air carrier against acts of criminal violence and air piracy, and the introduction of explosives, incendiaries, or weapons aboard an aircraft. This information collection is mandatory for foreign air carriers and must be submitted prior to entry into the United States. The information TSA collects includes identifying information on foreign air carriers' flight crews and passengers. Specifically, TSA requires foreign air carriers to submit the following information: (1) A master crew list of all flight and cabin crew members flying to and from the United States; (2) the flight crew list on a flight-by-flight basis; and (3) passenger

information on a flight-by-flight basis. Foreign air carriers are required to provide this information via electronic means. On June 19, 2014, TSA removed the previous security program requirement that foreign air carriers submit information regarding the amount of cargo screened because all foreign air carriers are required to screen 100% of cargo.

Additionally, foreign air carriers must maintain these records, as well as training records for crew members and individuals performing security-related functions, and make them available to TSA for inspection upon request. TSA will continue to collect information to determine foreign air carrier compliance with other requirements of 49 CFR part 1546. TSA estimates that there will be approximately 170 respondents to the information collection, with an annual burden estimate of 1,029,010 hours.

Dated: April 6, 2015.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

Background

On September 27, 2013, the Office of Management and Budget (OMB) approved the Information Collection Request (ICR), OMB Control Number 1652-0041—National Explosives

Detection Canine Team Program (NEDCTP) Handler Training Assessment Survey. The collection approval period expires on September 30, 2015.

TSA is requesting an extension of the collection due to the upcoming expiration date. However, since its approval, the collection's name has undergone multiple name changes. As noted in the previously filed 60-day Notice, the name of the collection was initially changed from National Explosives Detection Canine Team Program (NEDCTP) Handler Training Assessment Survey to TSA OLE/FAMS Canine Training and Evaluation Section (CTES) End of Course Level 1 Critique. See 79 FR 78099 (December 29, 2014). Subsequently, on January 15, 2015, the OLE/FAMS CTES was consolidated into Office of Training and Workforce Engagement (OTWE), Law Enforcement and Industry Training Division, becoming the Canine Training and Evaluation Branch (CTEB). As a result, the new name of the collection is now TSA Office of Training and Workforce Engagement (OTWE) Canine Training and Evaluation Branch (CTEB) End of Course Level 1 Evaluation.

Information Collection Requirement

Title: End of Course Level 1 Evaluation.

Type of Request: Extension of a currently-approved collection.

OMB Control Number: 1652-0041.

Form(s): TSA Form 1904A.

Affected Public: State and local law enforcement officers as well as TSA personnel who successfully complete the TSA OTWE CTES Explosives Detection Canine Handlers Course, Passenger Screening Canine Handler Course, and the Supervisor/Trainer Seminars.

Abstract: The OTWE CTES Explosives Detection Canine Handlers Course, Passenger Screening Canine Handler Course, and the Supervisor/Trainer Seminars are given to state and local law enforcement officers as well as TSA personnel who are trained to be canine handlers. The state and local personnel participate under agency specific cooperative agreements in that portion of the TSA Grant program administered by the National Explosives Detection Canine Team Program (NEDCTP). The "End of Course Level 1 Evaluation" captures numerical ratings and written comments about the quality of training instruction provided from students who successfully complete the OTWE CTES Explosives Detection Canine Handlers Course, Passenger Screening Canine Handler Course, and the Supervisor/Trainer Seminars. The data are collected in hardcopy form and are tabulated by

Training Support Unit staff in OTWE. The surveys provide valuable feedback to the Supervisory Air Marshal in Charge (SAC) and CTES instructional staff and supervisors on how the training material was presented and received. The Level 1 Evaluations are voluntary¹ for students who successfully complete training, and the students may remain anonymous when completing the survey, *i.e.*, they have the voluntary option to put their names on the survey. The feedback is used to improve the course curriculum.

Number of Respondents: Average 180 students per calendar year.

Estimated Annual Burden Hours:

Approximately one hour per participant, 180 hours per calendar year.

Issued in Arlington, Virginia, on April 6, 2015.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.
