

2013, through August 31, 2014.<sup>1</sup> On October 30, 2014, in response to requests from the petitioner, the Crawfish Processors Alliance, and Chinese exporters of subject merchandise, China Kingdom (Beijing) Import & Export Co., Ltd. (China Kingdom), Deyan Aquatic Products and Food Co., Ltd. (Deyan Aquatic), Shanghai Ocean Flavor International Trading Co., Ltd. (Shanghai Ocean Flavor), and Xiping Opeck Food Co., Ltd. (Xiping Opeck), and in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on freshwater crawfish tail meat from the PRC with respect to four companies: China Kingdom; Deyan Aquatic; Shanghai Ocean Flavor; and Xiping Opeck.<sup>2</sup>

On October 31, 2014, in response to requests from Chinese producers and exporters of subject merchandise, Hubei Yuesheng Aquatic Products Co., Ltd., Weishan Hongda Aquatic Food Co., Ltd., and Wuhan Coland Aquatic Products and Food Co., Ltd. (Wuhan Coland), and in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i), we initiated new shipper reviews of the antidumping duty order on freshwater crawfish tail meat from the PRC with respect to these three companies for the POR September 1, 2013, through August 31, 2014.<sup>3</sup>

On November 21, 2014, the Department aligned the new shipper reviews of freshwater crawfish tail meat from the PRC with the concurrent administrative review of freshwater crawfish tail meat from the PRC.<sup>4</sup> On December 16, 2014, the Department selected China Kingdom and Xiping Opeck for individual examination in this administrative review.<sup>5</sup>

#### Rescission of Administrative Review in Part and Rescission of New Shipper Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." Because Xiping Opeck and Wuhan Coland withdrew their review requests in a timely manner, and because no other party requested a review of these companies, we are partially rescinding the administrative review with respect to Xiping Opeck, and we are rescinding the new shipper review with respect to Wuhan Coland. This rescission is in accordance with 19 CFR 351.213(d)(1).

#### Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For Xiping Opeck and Wuhan Coland, for which the reviews are rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

#### Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

<sup>6</sup> See the letters of withdrawal of the review requests from Xiping Opeck and Wuhan Coland dated January 13, 2015.

<sup>7</sup> See Memorandum to James Maeder, Senior Director, AD/CVD Operations, Office I from Hermes Pinilla, International Trade Compliance Analyst, AD/CVD Operations, Office I entitled "Freshwater Crawfish Tail Meat from the PRC—Selection of Additional Mandatory Respondent and Analysis of Voluntary Respondent Request" dated January 29, 2015.

#### Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

**I. Abstract**

This request is for a new information collection.

Since its establishment in 1970 under the Department of Commerce, the National Oceanic and Atmospheric Administration (NOAA)'s primary goals are to understand and predict changes in the Earth's environment, to conserve and manage coastal and marine resources, and to serve the nation's economic, social, and environmental needs. One of NOAA's staff offices, the Office of Education (OEd), also serves a critical function as the nation's primary educator on matters related to the ocean, coastal resources, the atmosphere, and climate. One of the ways NOAA fulfills its national duty is by providing educational resources and scholarship opportunities for future scholars.

The Ernest F. Hollings Undergraduate Scholarship Program (HUSP) was established in 2005; since then, it has provided support to approximately 1,144 undergraduate students. This scholarship opportunity provides 2 academic years of tuition support (up to \$8,000 per year) and a 10-week paid internship with a NOAA mentor to competitive undergraduate scholars in NOAA-related major fields of study. The HUSP also provides undergraduates with additional supports such as living expenses, travel stipends, and conference allowances. The main goals of HUSP include increasing undergraduate training and research in NOAA sciences; recruiting and preparing students for careers as public servants and environmental science educators; and building public understanding of and support for environmental stewardship issues (*i.e.*, increasing environmental literacy).

The Educational Partnership Program (EPP) comprises three unique components: The Undergraduate Scholarship Program (USP), the Graduate Studies Program (GSP), and four Cooperative Science Centers (CSCs). USP is a scholarship opportunity that provides recipients with hands-on research and training in NOAA-related sciences and provides scholars the opportunity to gain valuable work experience at NOAA facilities. To date, USP has funded 175 scholars. GSP is similar, and supported (funded 59 students) graduate students interested in pursuing NOAA mission-critical fields by providing them with work experience and hands-on training in NOAA-related research fields. The CSCs' overarching goal is to increase underrepresentation in STEM and NOAA-related fields by providing education and training opportunities in
