SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74895; File No. SR-NASDAQ-2015-050]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Billing Policies

May 7, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1, 2015, The NASDAQ Stock Market LLC

("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 7007, and re-title it "Collection of Exchange Fees and Other Claims and Billing Policy," and to require NASDAQ members to submit billing disputes within a certain time period.

While changes to the Pricing Schedule [sic] pursuant to this proposal are effective upon filing, the Exchange has designated the proposed amendment to be operative on July 1, 2015.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Rule 7007, which was recently filed,³ to require all pricing disputes to be submitted to the Exchange in writing⁴ and accompanied by supporting documentation within sixty days of receipt of an invoice. The Exchange believes that this practice will

³ See Securities Exchange Act Release No. 74823 (April 28, 2015) (SR-NASDAQ-2015-046) (amending Rule 7007).

⁴ The Exchange invoice specifies the Exchange contact persons with whom to dispute the invoice.

conserve Exchange resources, which are expended when untimely billing disputes require staff to research applicable fees and order information beyond two months after the invoice was issued.

The sixty days limitation would apply to invoices for transactional activity occurring in July 2015 and thereafter.⁵ The Exchange proposes to apply the billing policy in Rule 7007 to the following 7000 series Rules: 7001 (Membership Fees), 7014 (Market Quality Incentive Programs: Investor Support Program), 7015 (Access Services), 7016 (Nasdaq Risk Management), 7018 (Nasdaq Market Center Order Execution and Routing), 7021 (NasdaqTrader.com Trading and Compliance Data Package Fee), 7024 (Clearly Erroneous Module), 7027 (Aggregation of Activity of Affiliated Members), 7029 (Installation, Removal or Relocation), 7030 (Other Services), 7034 (Co-Location Services), 7038 (Step-Outs and Sales Fees Transfers), 7041 (Nasdaq Regulation Reconnaissance Service), 7042 (Non-Tape Riskless Submissions), 7043 (Inclusion of Transaction Fees in Clearing Reports Submitted to ACT), 7049 (Nasdaq InterACT), 7051 (Direct Connectivity to Nasdaq), 7055 (Short Sale Monitor), 7058 (QView), 7060 (Equity Trade Journal for Clearing Firms) and 7061 (Limit Locator).

Further, this proposal would provide a cost savings to the Exchange in that it would alleviate administrative burdens related to belated billing disputes, which divert staff resources away from the Exchange's regulatory and business purposes. A similar requirement with respect to initiating billing disputes is in place today for Options Participants on NASDAQ Options Market LLC ("NOM").⁶

In addition, the Exchange proposes to amend the title of Exchange Rule 7007 from "Collection of Exchange Fees and Other Claims" to "Collection of Exchange Fees and Other Claims and Billing Policy." The Exchange believes that the proposed title provides a more specific description of Rule 7007.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, in that it is designed to promote just and equitable principles of

trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by providing a uniform practice for disputing fees.

The Exchange believes the requirement that billing disputes for certain specified fees and rebates must be submitted to the Exchange within sixty days from receipt of the invoice will set objective standards and will be fair to members. The proposal equally applies to all NASDAQ equity members. Also, the Exchange's administrative costs would be lowered as a result of this policy.

The Exchange believes that sixty days is ample time to review an invoice and dispute any pricing related to the transactions for that time period. An identical policy applies today with respect to NOM billing.⁹ The Exchange is seeking to apply this policy to all NASDAQ members alike in the same manner.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The billing policy would apply uniformly to all NASDAQ equity members as it does today with all NOM Participants. All NASDAQ members would be subject to this policy.

The Exchange believes that this practice will conserve Exchange resources, which are expended when untimely billing disputes require staff to research applicable fees and order information beyond two months after the invoice is issued.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section

19(b)(3)(A)(iii) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74898; File No. SR-CBOE-2015-039]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Nullification and Adjustment of Options Transactions Including Obvious Errors

May 7, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 6, 2015, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange seeks to amend Exchange rules related to the nullification and adjustment of options transactions including obvious errors. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Background

For several months the Exchange has been working with other options exchanges to identify ways to improve the process related to the adjustment and nullification of erroneous options transactions. The goal of the process that the options exchanges have undertaken is to adopt harmonized rules related to the adjustment and nullification of erroneous options transactions as well as a specific provision related to coordination in connection with large-scale events involving erroneous options transactions. As described below, the Exchange believes that the changes the options exchanges and the Exchange have agreed to propose will provide transparency and finality with respect to the adjustment and nullification of erroneous options transactions. Particularly, the proposed changes seek to achieve consistent results for participants across U.S. options exchanges while maintaining a fair and orderly market, protecting investors and protecting the public interest.

The Proposed Rule is the culmination of this coordinated effort and reflects discussions by the options exchanges to

universally adopt: (1) certain provisions already in place on one or more options exchanges; and (2) new provisions that the options exchanges collectively believe will improve the handling of erroneous options transactions. Thus, although the Proposed Rule is in many ways similar to and based on the Exchange's Current Rule, the Exchange is adopting various provisions to conform with existing rules of one or more options exchanges and also to adopt rules that are not currently in place on any options exchange. As noted above, in order to adopt a rule that is similar in most material respects to the rules adopted by other options exchanges, the Exchange proposes to delete the Current Rule in its entirety and to replace it with the Proposed Rule.

The Exchange notes that it has proposed additional objective standards in the Proposed Rule as compared to the Current Rule. The Exchange also notes that the Proposed Rule will ensure that the Exchange will have the same standards as all other options exchanges. However, there are still areas under the Proposed Rule where subjective determinations need to be made by Exchange personnel with respect to the calculation of Theoretical Price. The Exchange notes that the Exchange and all other options exchanges have been working to further improve the review of potentially erroneous transactions as well as their subsequent adjustment by creating an objective and universal way to determine Theoretical Price in the event a reliable NBBO is not available. For instance, the Exchange and all other options exchanges may utilize an independent third party to calculate and disseminate or make available Theoretical Price. However, this initiative requires additional exchange and industry discussion as well as additional time for development and implementation. The Exchange will continue to work with other options exchanges and the options industry towards the goal of additional objectivity and uniformity with respect to the calculation of Theoretical Price.

As additional background, the Exchange believes that the Proposed Rule supports an approach consistent with long-standing principles in the options industry under which the general policy is to adjust rather than nullify transactions. The Exchange acknowledges that adjustment of transactions is contrary to the operation of analogous rules applicable to the equities markets, where erroneous transactions are typically nullified rather than adjusted and where there is
