

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74052; File No. SR-BATS-2015-02]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.

January 14, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 2, 2015, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members⁵ and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing.

The text of the proposed rule change is available at the Exchange’s Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify the “Options Pricing” section of its fee schedule effective immediately, in order to modify pricing charged by the Exchange’s options platform (“BATS Options”) including adding a new tier within the Professional, Firm, and Market Maker Penny Pilot Add Volume Tiers, a new Market Maker Penny Pilot Add Volume Tier, and several corresponding changes, as further described below.

The Exchange proposes to add a new Non-Customer Take Volume Tier. Currently, the Exchange charges \$0.48 per contract for a Professional,⁶ Firm,⁷ or Market Maker⁸ order in a Penny Pilot Security⁹ that removes liquidity from BATS Options under fee code PP, or, where the Member meets the requirements of the existing Non-Customer Take Volume Tier under footnote 3, *i.e.* has an ADV¹⁰ equal to or greater than 1.00% of average TCV,¹¹ \$0.47 per contract for a Professional, Firm, or Market Maker order in a Penny Pilot Security that removes liquidity from BATS Options. The Exchange proposes to add an additional Non-Customer Take Volume Tier to footnote 3 of the fee schedule that will charge \$0.45 per contract for Professional, Firm, and Market Maker orders in a Penny Pilot Security that removes liquidity from BATS Options where the

Member: (1) Has an ADAV¹² equal to or greater than 1.00% of average TCV; and (2) has an ADV equal to or greater than 2.00% of average TCV.

The Exchange is also proposing to add a new Market Maker Penny Pilot Add Volume Tier. Currently, the Exchange provides a \$0.40 per contract rebate for a Market Maker order in a Penny Pilot Security that adds liquidity to BATS Options under fee code PM. The Exchange proposes to add a Market Maker Penny Pilot Tier under footnote 6 of the fee schedule that will provide a \$0.42 per contract rebate for Market Maker orders in a Penny Pilot Security that adds liquidity to BATS Options where the Member: (1) Has an ADAV equal to or greater than 1.00% of average TCV; and (2) has an ADV equal to or greater than 2.00% of average TCV.

Finally, the Exchange proposes to make several corresponding changes to the fee schedule to reflect the proposed changes above. Specifically, the Exchange is proposing to add the fee and rebate proposed above to the Standard Rates chart on the fee schedule, to add footnote six to fee code PM, and to title the current Non-Customer Take Volume Tier in footnote 3 as “Non-Customer Take Volume Tier 1” in order to reflect the addition of the second tier proposed above.

The Exchange proposes to implement the amendments to its fee schedule effective immediately.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.¹³ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,¹⁴ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues or providers of routing services if they deem fee levels to be excessive.

Volume-based rebates and fees such as the ones currently maintained on BATS Options as well as the new Non-Customer Take Volume Tier 2 and the

new Market Maker Penny Pilot Add Volume Tier proposed herein, have been widely adopted by equities and options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to the value to an exchange's market quality associated with higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes. Further, the Exchange believes the proposed Non-Customer Take Volume Tier 2 is a reasonable and equitable allocation of fees and rebates because the requirement that the Member has an ADAV equal to or greater than 1.00% of average TCV combined with the requirement that a Member achieve an ADV of equal to or greater than 2.00% of average TCV will provide such enhancements in market quality on BATS Options by incentivizing increased participation on BATS Options. This is especially true as compared to Non-Customer Take Volume Tier 1, which has no ADAV component, meaning that Non-Customer Take Volume Tier 2 will act to incentivize Members to add liquidity on BATS Options in order to receive further reduced fees. Similarly, the Exchange believes that the new Market Maker Penny Pilot Add Volume Tier is a reasonable and equitable allocation of fees and rebates it will incentivize Members to both add and remove liquidity from the Exchange in order to meet the ADV and ADAV thresholds required to receive the enhanced rebates.

The Exchange notes that it is not proposing to modify any existing tiers, but rather to add new tiers that will provide Members with additional ways to receive higher rebates or pay lower fees. As such, under the proposal a Member will receive either the same or a higher rebate or be charged either the same or a lower fee than they would today. Accordingly, the Exchange believes that the proposed additions to the Exchange's tiered pricing structure and incentives are not unfairly discriminatory because they will, except as noted below, apply uniformly to all Members and are consistent with the overall goals of enhancing market quality on BATS Options which also benefits all Members. The Exchange believes that restricting the availability of the proposed rebates in Penny Pilot Securities associated with the Market Maker Add Volume Tier to Market Maker orders is reasonable and

equitably allocated as well as not unreasonably discriminatory because Market Makers are subject to additional regulatory requirements not applicable for Professional and Firm orders and such Market maker orders are not currently eligible for certain enhanced rebate tiers available to Professional and Firm orders under the Professional and Firm Penny Pilot Add Volume Tiers. The Exchange notes that all non-Customer orders (*i.e.*, Professional, Firm and Market Maker orders) will be eligible for the reduced fees proposed as under the Non-Customer Take Volume Tier 2.

The Exchange reiterates that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels to be excessive or providers of routing services if they deem fee levels to be excessive.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. With respect to the proposed new tiered rebates, the Exchange does not believe that any such changes burden competition, but instead, enhance competition, as they are intended to increase the competitiveness of and draw additional volume to BATS Options. The Exchange also believes the proposed tiers would further enhance competition because they are similar to pricing tiers currently available on both the Exchange and other exchanges. As stated above, the Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if the deem fee structures to be unreasonable or excessive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)

of the Act¹⁵ and paragraph (f)(2) of Rule 19b-4 thereunder.¹⁶ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74050; File No. SR-BYX-2015-01]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use of BATS Y-Exchange, Inc.

January 14, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 2, 2015, BATS Y-Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members³ and non-members of the Exchange pursuant to BYX Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing.

The text of the proposed rule change is available at the Exchange’s Web site at <http://www.batstrading.com/>, at the principal office of the Exchange, and at

the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its fee schedule effective immediately in order to: (1) adopt pricing for the Exchange’s historical market data; (2) adopt physical connection fees; and (3) add Membership Fees.

Historical Market Data

The Exchange proposes to begin charging a fee for providing historical data to data recipients upon request. The Exchange currently provides historical data upon request on an ad hoc basis, but proposes to begin charging a fee due to the infrastructure costs of storing and providing such data. As proposed, the Exchange will begin to charge for the following three products through either of these distribution methods: (1) Historical top of book data from the Exchange’s TOP data feed (“Historical TOP Data”), (2) historical data from the Exchange’s PITCH data feed (“Historical PITCH Data”), and (3) historical transaction data from the Exchange’s Last Sale Feed (“Historical Last Sale Data”), which are described in Exchange Rule 11.22(h). The Exchange notes that the same historical data products are offered for a fee by other market centers, including BATS Exchange, Inc. (“BZX”), which are offered for the same prices as those proposed herein.⁴

The proposed cost of user-accessible BYX Historical TOP Data, BYX Historical PITCH Data or BYX Historical Last Sale Data is \$500 per month of data accessed by any individual user. The Exchange’s databases will contain up to

90 days of data at any point in time. For data that the Exchange provides on an external hard drive to a market participant the proposed cost is \$2,500 per 1 terabyte (TB) drive generated by the Exchange. Each of the proposed costs set forth above applies per data product. For instance, an individual user that obtained access to BYX Historical Top Data would pay \$500 for access to a particular month’s data, and if that user also wanted access to BYX Historical Last Sale Data, the individual user would need to pay another \$500 for such access. Similarly, a market participant would pay \$2,500 for an external hard drive containing BYX Historical TOP Data that fits on a 1 TB drive (internal use only); such participant would have to pay separately for a 1 TB drive containing BYX Historical Last Sale Data or BYX Historical PITCH Data.

Membership Fees

The Exchange is also proposing to charge an Annual Membership Fee for Members of the Exchange of \$2,500, which will support their Exchange membership for the calendar year. The fee will be charged per Member firm. Beginning in January 2015, the Exchange plans to charge an Annual Membership Fee which will be assessed on all Members as of a date determined by the Exchange in January of each year. For any month in which a firm is approved for membership with the Exchange after the January renewal period, the Annual Membership Fee will be pro-rated beginning on the date on which membership is approved and based on the number of remaining trading days in that year. The fee will be assessed in the month following membership approval. For example, if a firm applies and is accepted for membership with the Exchange on February 15, 2015, the new Member will be assessed a pro-rated Annual Membership Fee for the period beginning on February 15 through the end of 2015. The fee will be assessed in the next month’s billing cycle, which in this case, would be March 2015. Such fees will be non-refundable. However, where a Member is pending a voluntary termination of rights as a Member pursuant to Rule 2.8 prior to the date any Annual Membership Fee for a given year will be assessed (*i.e.*, January 1, 2015) and the Member does not utilize the facilities of the Exchange while such voluntary termination of rights is pending, then the Member will not be obligated to pay the Annual Membership Fee. The Exchange believes this to be appropriate because there is
