I. Abstract

The Programmatic Clearance for NPS-Sponsored Surveys applies to surveys designed to furnish usable information to NPS managers and planners concerning park visitors, visitor services, potential park visitors, and residents of communities near parks. This information is intended to provide NPS managers with data that can be used to improve the quality and utility of agency programs, services, and planning efforts. Questions asked under the programmatic review process must show a clear tie to NPS management and planning needs. The programmatic review may only be used for non-controversial surveys that are unlikely to attract or include topics of significant public interest in the programmatic review process.

To qualify for the NPS generic programmatic review process, all information collections must be directly tied to an area managed by the NPS or research that will benefit NPS management efforts. All collections must be reviewed by the NPS and approved by OMB before the survey can be initiated.

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Park Police (USPP) is a unit of the National Park Service, Department of the Interior, with jurisdiction in all National Park Service areas and certain other Federal and State lands. The USPP are highly trained, professional police officers who prevent and detect criminal activity; conduct investigations; apprehend individuals suspected of committing offenses against Federal, State, and local laws; provide protection to the President of the United States and visiting dignitaries; and provide protective services to some of the most recognizable monuments and memorials in the world. Applicants for USPP officer positions must complete and pass a competitive written examination, an oral interview, a medical examination and psychological evaluation, and a battery of physical fitness and agility tests. As part of this application and screening process, the USPP uses the following forms:

USPP Form (TBD) "Physician Consent Form"

The USPP Form TBD "Physician Consent Form" is an optional form used by the applicant to obtain clearance by their personal physician to complete the PEB. The applicant's personal physician uses this form to certify whether or not the applicant is cleared to participate in the Physical Efficiency Battery (PEB) and requests the following information

pertaining to the physician making the physical suitability determination:

- Name,
- complete mailing address,
- telephone number, and
- physician's comments.

USPP Form (TBD) "Physical Efficiency Battery "Waiver""

An applicant's physical fitness is assessed using the PEB. The PEB consists of five measures of physical fitness including: Body composition, determined through subcutaneous fat folds; flexibility, determined by sit and reach; agility, measured by negotiating a time obstacle course; muscular strength, determined with one maximal chest press; and cardiovascular endurance, measured by a timed 1.5 mile walk/run. The applicant may choose to self-certify their ability to complete the PEB by completing the optional USPP Form (TBD) "Physical Efficiency Battery "Waiver"" which requests the candidate provide the following information as part of the self-certification process:

- Date of last medical evaluation,
- name and address of personal physician,
- purpose of last medical examination,
- identification of any known medical conditions the USPP must be made aware of, and
- documentation to support identified known medical conditions.

USPP Form (TBD) "Release to Obtain a Credit Report"

Applicants are also required to complete USPP Form (TBD) "Release to Obtain a Credit Report" as part of the application process. Information obtained on this form is used in connection with the applicant's background investigation is used to determine their:

1. Fitness for Federal employment,
2. clearance to perform contractual service for the Federal Government, and/or
3. security clearance or access.

Information collected on the USPP Form (TBD) "Release to Obtain a Credit Report" includes personally identifiable information (PII), to include:

- Full name,
- Social Security Number,
- date of birth,
- current and former home addresses,
- home telephone number,
- current employer's name, and
- current occupation.

USPP Form (TBD) "Applicant Documentation Form"

The USPP Form (TBD) "Applicant Documentation Form" is an optional form used by applicants to either decline or defer employment with the USPP. The form collects the following PII:

- Name,
- Social Security Number,
- address,
- telephone,
- date and location of written test, and
- reason for declining or deferring employment with the USPP.

USPP Form 1 "United States Park Police Personal History Statement"

USPP Form 1 "United States Park Police Personal History Statement," also known as the "Blue Book," is used to collect detailed personal history information from applicants. Investigators verify the information provided to determine an applicant's suitability for a USPP officer position. The information collected includes, but is not limited to:

- How they became aware of the USPP,
- what they think the role of a park police officer should be, and
- their career aspirations/expectations as a USPP officer.

USPP Form (TBD) "Disqualification for Misdemeanor Convictions for Domestic Violence"

On September 30, 1996, Title 18 U.S.C. Section 922 (g) (9) took effect, making it a felony for anyone who has been convicted of a misdemeanor crime of domestic violence to possess a firearm or ammunition. Thus, any law enforcement officer and other government employees who have been convicted of a domestic violence misdemeanor may not lawfully possess or receive firearms or ammunition for any purpose, including performance of their official duties.
