

abundance in Massachusetts state waters of statistical area 514, from Ipswich Bay south to Cape Cod Bay; and state and Federal waters of Buzzards Bay, Vineyard Sound, and nearshore portions of Rhode Island Sound, in statistical areas 537 and 538. Currently, lobster abundance and distribution studies are primarily conducted through fishery independent, random stratified bottom-trawl surveys. MA DMF has stated that trawl surveys lack the capability to efficiently target areas with rocky bottom where lobsters also reside, and is seeking an EFP to use fixed lobster gear to sample such areas.

The EFP would authorize commercial lobster vessels to set, haul, and retain on board lobster traps with closed escape vents during sampling activity. Following a soak time ranging from 3 to 5 days, these lobster traps would be hauled twice per month on dedicated sampling trips, with at least one scientist from MA DMF on board during sampling activity. During sampling trips, no catch will be retained for sale or sold.

MA DMF requests exemption from lobster gear regulations to allow for closed escape vents in order to catch lobsters of all sizes. MA DMF is also requesting exemption from lobster trap limits. This would allow participating vessels to retain on-board survey lobster traps that may cause vessels to exceed their permitted allocation for Lobster Management Area (LMA) 1 (800 trap limit) or LMA 2 (historical qualification up to 800 trap limit). Federal lobster regulations require each active lobster trap to have a commercial trap tag permanently affixed. MA DMF is requesting exemption from this requirement because survey traps will be tagged with "MA DMF Research Trap."

MA DMF is also requesting exemption from the management area designation requirement to allow one Federal lobster permit holder to fish experimental traps in LMA 2 while having an LMA 3 designation on his Federal permit. This exemption would allow the vessel to set survey traps in an area not designated on his permit. This exemption would not allow him to commercially fish and/or land lobsters caught with traps in LMA 2.

Site selection would be based on a random stratified sampling design, consistent with standardized methodology used to perform lobster surveys. All catch during dedicated research trips would be retained on-board for a short period of time to allow MA DMF staff to record the following information: Number of lobsters caught; number of traps hauled; set-over days;

trap and bait type; lobster carapace length; sex; shell hardness; culls and other shell damage; external gross pathology including symptoms of shell disease; mortality; and ovigerous status. MA DMF is requesting exemption from management measures of LMA 1 and 2 for lobster size restrictions, v-notch possession, and egg-bearing lobster possession. MA DMF plans on retaining a small amount of lobsters for growth and maturity research purposes.

If approved, MA DMF may request minor modifications and extensions to the EFP throughout the study. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

[Docket ID: USA-2015-0019]

Proposed Collection; Comment Request

AGENCY: Deputy Chief of Staff, G-1, Technology and Business Architecture Integration Directorate, Army Library Program, Army, DOD.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Deputy Chief of Staff, G-1, Technology and Business Architecture Integration Directorate, Army Library Program announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by August 3, 2015.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, Regulatory and Audit Matters Office, 9010 Defense Pentagon, Washington, DC 20301-9010.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Deputy Chief of Staff, G-1, Technology and Business Architecture Integration Directorate, ATTN: DAPE-TBL, 300 Army Pentagon, Washington, DC 20310-0300; or call Army Library Program at 703-695-5401.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Library Borrowers'/Users' Profile Files; GLIS Registration Form DA Form 745, OMB Control No. 0702-XXXX.

Needs and Uses: The information collection requirement is necessary to identify individuals authorized to borrow library materials from Army libraries; to ensure that all Army library property is returned and individual's account is cleared, and to provide librarian useful information for selecting, ordering, and meeting user requirements; to comply with the Children's Internet Protection Act and to provide authentication for borrowed electronic resources (for example, e-books, e-journals).

Affected Public: Individuals or Households.

Annual Burden Hours: 9,750.

Number of Respondents: 39,000.

Responses per Respondent: 1.

Annual Responses: 39,000.

Average Burden per Response: 15 minutes.

Frequency: One Time.

Respondents are individuals or households who register at Army installation's Morale, Welfare and Recreation (MWR) libraries or other Army libraries in order to check out print, audio-visual, and/or electronic materials. Army MWR libraries collect name, address, phone number, last four digits of Social Security Number (SSN), DoD ID number, rank, date of birth, and email address in order to identify individuals authorized to borrow library materials, to ensure that all library property is returned, and the individual's account is cleared. As there are over 500,000 registered borrowers/users in the MWR General Library Information System (GLIS), several identifiers are needed to match the record with the person requesting service. During registration, library borrowers agree to be responsible for replacement or reimbursement for lost or damaged materials borrowed by themselves or authorized Family members using Form DA 7745. If the responsible party does not replace or

reimburse the library, AR 735-17 authorizes the library to collect the cost of the item. For service members, the Defense Finance and Accounting Services (DFAS) requires at least the last four numbers of the social security number to collect the debt. Other Army libraries collect less types of personal information for the borrower/user profile such as no SSN or no DoD ID.
