

CD19-associated diseases, states and conditions in humans.”

DATES: Only applications for a license which are received by the NIH Office of Technology Transfer on or before July 27, 2015 will be considered.

ADDRESSES: Requests for copies of the patent application, inquiries, comments, and other materials relating to the contemplated exclusive license should be directed to: David A. Lambertson, Ph.D., Senior Licensing and Patenting Manager, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852–3804; Telephone: (301) 435–4632; Facsimile: (301) 402–0220; Email: lambertson@mail.nih.gov.

SUPPLEMENTARY INFORMATION: This invention concerns an anti-CD19 chimeric antigen receptor (CAR) and methods of using the CAR for the treatment of CD19-expressing cancers, including B cell malignancies.

CD19 is a cell surface antigen that is preferentially expressed on certain types of cancer cells, particularly cancers of B cell origin such as Non-Hodgkin's Leukemia (NHL), acute lymphoblastic leukemia (ALL) and chronic lymphocytic leukemia (CLL). The anti-CD19 CARs of this technology contain (1) antigen recognition sequences that bind specifically to CD19 and (2) signaling domains that can activate the cytotoxic functions of a T cell. The anti-CD19 CAR can be transduced into T cells that are harvested from a cancer patient; from there, T cells expressing the anti-CD19 CAR are selected, expanded and then be reintroduced into the patient. Once the anti-CD19 CAR-expressing T cells are reintroduced into the patient, the T cells can selectively bind to CD19-expressing cancer cells through its antigen recognition sequences, thereby activating the T cell through its signaling domains to selectively kill the cancer cells. Through this mechanism of action, the selectivity of the a CAR allows the T cells to kill cancer cells while leaving healthy, essential cells unharmed. This can result in an effective therapeutic strategy with fewer side effects due to less non-specific killing of cells.

The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR part 404. The prospective exclusive license may be granted unless the NIH receives written evidence and argument that establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR part 404 within thirty (30) days from the date of this published notice.

Complete applications for a license in an appropriate field of use that are filed in response to this notice will be treated as objections to the grant of the contemplated exclusive license. Comments and objections submitted to this notice will not be made available for public inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

Rental Assistance Demonstration: Revised Program Notice

AGENCY: Office of the Assistant Secretary for Public and Indian Housing

and Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: On July 26, 2012, HUD announced through notice in the **Federal Register** the implementation of the statutorily authorized Rental Assistance Demonstration (RAD), which provides the opportunity to test the conversion of public housing and other HUD-assisted properties to long-term, project-based section 8 rental assistance. The July 26, 2012, **Federal Register** notice also announced the availability of the program notice (PIH 2012-32), providing program instruction on HUD's Web site. On July 2, 2013, HUD issued a revised program notice (PIH 2012-32, REV-1). This **Federal Register** notice announces further revisions to RAD and solicits public comment on changed eligibility and selection criteria. It also announces the posting of a further revised program notice (Revised Program Notice, PIH 2012-32, REV-2). As provided by the RAD Statute, this notice addresses the requirement that the demonstration may proceed after publication of notice of its terms in the **Federal Register**. This notice summarizes the key changes made to PIH 2012-32, REV-1. This notice also meets the RAD statutory requirement to publish at least 10 days before they may take effect, waivers and alternative requirements authorized by the statute, which does not prevent the demonstration from proceeding immediately.

DATES: *Comment Due Date:* July 27, 2015. Interested persons are invited to submit comments electronically to rad@hud.gov no later than the comment due date. *Effective Dates:* The Revised Program Notice, PIH 2012-32, REV-2, other than those items listed as subject to notice and comment or new statutory or regulatory waivers or alternative requirements specified in this notice, is effective June 26, 2015.

The new statutory and regulatory waivers and alternative requirements are effective July 6, 2015.

The items listed as subject to notice and comment will be effective upon July 27, 2015. If HUD receives adverse comment that leads to reconsideration, HUD will notify the public in a new notice immediately upon the expiration of the comment period.

SUPPLEMENTARY INFORMATION:

I. Background

RAD, authorized by the Consolidated and Further Continuing Appropriations Act, 2012 (Pub. L. 122-55, signed November 18, 2011) (2012 Appropriations Act), allows for the conversion of assistance under the public housing, Rent Supplement (Rent Supp), Rental Assistance (RAP), and Moderate Rehabilitation (Mod Rehab) programs (collectively, "covered programs") to long-term, renewable assistance under section 8.¹ As provided in the **Federal Register** notice published on March 8, 2012, at 77 FR 14029, RAD has two separate components:

First Component: Under the RAD Statute, the First Component of RAD allows projects funded under the public housing and Mod Rehab programs² to convert to long-term section 8 rental assistance contracts. Under this component of RAD, which is covered by section I of the Revised Program Notice, Public Housing Authorities (PHAs) and Mod Rehab owners may apply to HUD to convert to one of two forms of section 8 Housing Assistance Payment (HAP) contracts: Project-based vouchers (PBVs) or project-based rental assistance (PBRA). No additional or incremental funds were authorized for this component of RAD and, therefore, PHAs and Mod Rehab owners will be required to convert assistance for projects at current subsidy levels. The RAD Statute authorizes up to 185,000 units to convert assistance under this component.³ The RAD Statute further specifies that HUD shall provide an opportunity for public comment on draft eligibility and selection criteria and the procedures that will apply to the selection of properties that will

¹ The RAD statutory requirements were amended by the Consolidated Appropriations Act, 2014 (Pub. L. 113-76, signed January 17, 2014) (2014 Appropriations Act) and the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235, signed December 16, 2014) (2015 Appropriations Act). The statutory provisions of the 2012 Appropriations Act pertaining to RAD, as amended, are referred to as the RAD Statute in this notice.

² While the statute authorizes conversions from Mod Rehab assistance under the First Component, the revisions to the program notice are requiring that all conversions from Mod Rehab be conducted under the Second Component.

³ The original 2012 Appropriations Act allowed for a cap of only 60,000 units to convert assistance under the First Component. However, this cap was raised to 185,000 by the 2015 Appropriations Act.
