

in the aforementioned case, NMFS is seeking comments from the public specifically on these proposed revisions. In addition, NMFS is proposing to extend the permit for one additional year, to expire on October 5, 2017, since the permit has been in litigation, was never initially signed by the applicant, and, therefore, was never invoked.

In compliance with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*), an environmental assessment (EA) was prepared for issuance of the original permit, which resulted in a finding of no significant impact. An initial determination has been made that no further NEPA analysis is necessary as the changes requested in the proposed amendment will not change the effects to the human environment in a manner not previously considered in the EA for Permit No. 15337.

BILLING CODE P

BUREAU OF CONSUMER FINANCIAL PROTECTION

[Docket No.: CFPB-2015-0030]

Request for Information Regarding the Consumer Complaint Database: Data Normalization

AGENCY: Consumer Financial Protection Bureau.

ACTION: Notice and request for information.

SUMMARY: The Consumer Financial Protection Bureau ("Bureau") established under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank Act"), maintains the Consumer Complaint Database ("Database") as a part of its efforts to provide consumers with timely and understandable information to help enable them to make responsible financial decisions and to enhance market efficiency and transparency.

The purpose of this request for information is to solicit and collect input from the public on how data are presented in the Database.

The Bureau is requesting feedback on best practices for "normalizing" the raw complaint data it makes available via the Database so they are easier for the public to use and understand. To normalize data is to transform "raw" data so that they may be compared in meaningful ways. This transformation increases the interoperability of "raw" data—that is, the extent to which different users can share and make use of the data because they have a common understanding of its meaning. Commenters offered various suggestions

on how to approach normalization during the public comment period leading up to the establishment of the Database; the comments' variety highlighted differing and sometimes conflicting perspectives and concerns. In an effort to continue dialogue on easier ways to compare complaint handling performance, the Bureau requests specific suggestions from market participants, consumers, and other stakeholders on data normalization and its proper implementation within the Database.

DATES: Written comments are encouraged and must be received on or before August 31, 2015 to be assured of consideration.

ADDRESSES: You may submit responsive information and other comments, identified by Docket No. CFPB-2015-0030, by any of the following methods:

- **Electronic:** <http://www.regulations.gov>. Follow the instructions for submitting comments.
- **Mail:** Monica Jackson, Office of the Executive Secretary, Consumer Financial Protection Bureau, 1700 G Street NW., Washington, DC 20006.
- **Hand Delivery/Courier:** Monica Jackson, Office of the Executive Secretary, Consumer Financial Protection Bureau, 1275 First Street NE., Washington, DC 20002.

Instructions: The Bureau encourages the early submission of comments. All submissions must include the document title and docket number. Because paper mail in the Washington, DC area and at the Bureau is subject to delay, commenters are encouraged to submit comments electronically. Please note the number associated with any question to which you are responding at the top of each response (you are not required to answer all questions to receive consideration of your comments). In general, all comments received will be posted without change to <http://www.regulations.gov>. In addition, comments will be available for public inspection and copying at 1275 First Street NE., Washington, DC 20002, on official business days between the hours of 10 a.m. and 5 p.m. Eastern Time. You can make an appointment to inspect the documents by telephoning 202-435-7275.

All submissions, including attachments and other supporting materials, will become part of the public record and subject to public disclosure. Sensitive personal information, such as account numbers or Social Security numbers, should not be included. Submissions will not be edited to remove any identifying or contact information.
