Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Results of Administrative Review and Notice of Second Amended Final Results of Administrative Review Pursuant to Court Decision

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 16, 2015, the United States Court of International Trade ("CIT") issued its final judgment vacating its decision in *Peer Bearing Co.—Changshan v. United States*, 853 F. Supp. 2d 1365 (CIT 2013) ("CPZ II"),

and re-instating the Department of Commerce's (the "Department") first redetermination issued on remand ("First Remand Redetermination")¹ with respect to the Department's final results of the 2006–2007 antidumping duty administrative review of tapered roller bearings and parts thereof, finished and unfinished from the People's Republic of China.² Consistent with the decision of the United States Court of Appeals for the Federal Circuit ("CAFC") in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) ("Timken"), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) ("Diamond Sawblades"), the Department is notifying the public that the final judgment in this case is not in harmony with the Department's amended final results of review³ and is amending the *Amended Final Results* of review with respect to the margin determined for Peer Bearing Company—Changshan ("CPZ"), an exporter and producer of subject merchandise.

DATES: *Effective Date:* June 26, 2015.

FOR FURTHER INFORMATION CONTACT: Brendan Quinn, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5848.

SUPPLEMENTARY INFORMATION:

Subsequent to the publication of the *Final Results*, CPZ filed a complaint with the CIT challenging the methodology used to determine its margin in the *Final Results*.

On January 28, 2011, the CIT issued a remand order to the Department, instructing it, among other things, to: (1) Redetermine the margin for CPZ based on redetermined U.S. prices of CPZ's subject merchandise that are calculated according to a method that complies with law; and (2) review, reconsider, and redetermine the surrogate values for alloy steel wire rod, alloy steel bar, and

scrap from the production of cages.⁴ On July 1, 2011, the Department issued its First Remand Redetermination. On August 2, 2012, the CIT issued its decision in *CPZ II*,⁵ setting aside the Department's First Remand Redetermination as contrary to law; and instructing it to prepare a second remand redetermination to: (1) Determine the U.S. prices for CPZ's subject merchandise according to a lawful method and in accordance with the CIT's current and prior opinion and orders in this case; and, (2) review, reconsider, and redetermine the surrogate values for alloy steel wire rod, alloy steel bar, and scrap from the production of cages in accordance with the CIT's prior opinion and order in this case. The Department issued its draft remand results on September 7, 2012, and its Final Results of Redetermination Pursuant to Court Remand on October 2, 2012 ("Second Remand Redetermination"). On August 30, 2013, the CIT sustained the Department's Second Remand Redetermination ("CPZ III").⁶ The Department accordingly amended its *Final Results* effective September 9, 2013.⁷

The Timken Company ("Timken"), an intervening domestic bearing producer, and petitioner in the underlying investigation, appealed the CIT's decision to the CAFC. On September 12, 2014, the CAFC ruled that the Department's application of adverse facts available in its First Remand Redetermination was supported by substantial evidence.⁸ As a consequence, it vacated the CIT's decision in *CPZ III* and ruled that on remand, the CIT should reinstate the Department's application of adverse facts available and its calculation of CPZ's margin in its First Remand Redetermination.⁹ As noted above, on June 15, 2015, the CIT issued its final judgment vacating its decision in *CPZ II* and re-instating the Department's First Remand Redetermination.¹⁰

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended ("the Act"), the Department

¹ On May 23, 2011, the Department issued its Draft Results of Redetermination Pursuant to Court Remand, and on July 1, 2011, it issued its Final Results of Redetermination Pursuant to Remand (July 1, 2011).

must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s June 16, 2015, judgment in this case constitutes a final decision of that court that is not in harmony with the Department’s *Amended Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*.

Amended Final Results

Because there is now a final court decision with respect to this case, the Department is amending the *Amended Final Results* with respect to CPZ’s weighted-average dumping margin, effective June 26, 2015. The revised dumping margin is as follows:

Exporter			Percent margin
Peer Bearing Company	Bearing	Company	
Changshan (“CPZ”)		60.95

In the event the CIT’s ruling is not appealed or, if appealed, upheld by the CAFC, the Department will instruct U.S. Customs and Border Protection to liquidate entries of subject merchandise based on the revised assessment rates calculated by the Department.

Cash Deposit Requirements

Since the *Final Results*, in September 2008, CPZ was acquired by AB SKF, and the Department determined *via* a successor-in-interest analysis that the post-acquisition, SKF-owned entity, Changshan Peer Bearing was not the successor in interest of CPZ.¹¹ As a consequence, CPZ no longer exists, and its cash deposit rate does not need to be updated as a result of these second amended final results.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e), 751(a)(1), and 777(i)(1) of the Act.

Dated: July 9, 2015.

Assistant Secretary for Enforcement and Compliance.

National Oceanic and Atmospheric Administration

RIN 0648–XE038

Pacific Fishery Management Council; Public Meetings and Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public work session.

SUMMARY: NMFS has reinitiated consultation under the Endangered Species Act (ESA) on the effects to listed Pacific salmon species from implementation of the Pacific Coast Groundfish Fishery Management Plan. NMFS announces a public work session for interested stakeholders to provide input relative to managing the impacts to salmon from the groundfish fisheries. NMFS is seeking information on the amount and distribution of salmon bycatch, salmon bycatch management in the different sectors of the groundfish fishery, and whether stakeholders anticipate changes in fishing strategies or target species over the next few years that could alter the amount and distribution of salmon bycatch. NMFS and the Pacific Fishery Management Council (Council) will consider the information discussed at the work session in developing and evaluating the proposed action for the ESA consultation.

DATES: The work session will be held as a Webinar on Wednesday July 29, 2015 from 9 a.m. to 2 p.m. Pacific Daylight Time, or until business for the day has been completed. Written comments will also be accepted via email. To be considered in the work session report to the Pacific Fishery Management Council (Council), email comments must be received no later than noon August 7, 2015.

ADDRESSES: Written comments may be submitted via email to GroundfishBO2015.wcr@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Persons who wish to receive further information about the work session or have questions about this notice should contact Kevin Duffy at kevin.duffy@noaa.gov or Becky Renko at becky.renko@noaa.gov.

c. *What if I cannot attend this Webinar?* A video presentation will be available online at www.westcoast.fisheries.noaa.gov/fisheries/groundfish/index.html. Interested persons are welcome to watch the online video presentation and submit written comments by email to GroundfishBO2015.wcr@noaa.gov by noon August 7, 2015.

Background

The groundfish fishery is a year-round, multi-species fishery occurring off the coasts of Washington, Oregon, and California. Salmon are encountered as bycatch by vessels fishing for groundfish. NMFS is in the process of evaluating the groundfish fishery’s interaction with salmon, including ESA-listed salmon. The purpose of the Webinar is to engage with stakeholders and management entities on information relative to managing impacts to salmon from the groundfish fisheries.

On January 22, 2013, the NMFS West Coast Region’s Sustainable Fisheries Division requested reinitiation of ESA section 7 consultation addressing the groundfish fishery’s effects on ESA-listed salmon. The request was based on the evolution of the shorebased trawl fishery under the trawl rationalization framework, and new estimates of Chinook and coho salmon catch in the nearshore fixed gear fisheries (open
