Title: RUS Form 675, Certification of Authority.

OMB Control Number: 0572–0074.

Type of Request: Extension of a currently approved collection.

Abstract: The Rural Utilities Service (RUS) manages loan programs in accordance with the Rural Electrification Act of 1936, as amended (7 U.S.C. 901 *et seq.*) (RE Act). A major factor in managing loan programs is controlling the advance funds, including assuring that actual borrowers receive their funds. OMB Circular A–123, Management Accountability and Control, provides that information should be maintained on a current basis and that funds should be protected from unauthorized use. The use of RUS Form 675 allows effective control against unauthorized release of funds by providing a list of authorized borrower signatures against which signatures requesting funds are compared. Form 675 allows borrowers to keep RUS up to-date of changes in signature authority and controls release of funds only to authorized borrower representatives.
