- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public records. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of proposed collection: The information collected on the DS-4283 is used to facilitate the issuance of passports to U.S. nationals with imminent travel plans who hire private courier companies to deliver their applications to one of the Department's domestic passport agencies. Out of the

twenty-seven Department's domestic passport agencies, only twelve are currently participating. The Department asks courier company employees to complete the DS-4283 and submit the form with passport applications delivered in bulk to passport agencies in a designated drop-off box. Passport agencies use the form to track the submission of applications that a courier drops off. The form serves as a record of receipt of documents submitted to the Department and as an acknowledgment of who delivered these documents. The DS-4283 is part of a Department effort to facilitate the delivery of passport applications by private courier companies while maintaining the integrity of the passport application process.

Methodology: This form is used to track the processing of passport applications delivered in bulk to passport agencies by private courier companies. Courier employees are asked to attach the form onto sealed envelopes or packages containing passport applications which they deliver in bulk to designated drop-off facilities at one of twelve passport agencies for processing.

Additional Information:

Dated: July 16, 2015.

Brenda S. Sprague,

Deputy Assistant Secretary for Passport Services, Bureau of Consular Affairs, Department of State.

Federal Aviation Administration

[Docket No. FAA-2015-3323]

Notice of Public Meetings for Unmanned Aircraft Systems Test Sites and Center of Excellence

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of public meetings.

SUMMARY: The FAA will support seven public meetings during August and September, 2015. These meetings will be hosted by the six unmanned aircraft system (UAS) Test Sites and UAS Center of Excellence (COE). The purpose of these meetings is to discuss innovation and opportunities at the Test Sites and COE.

DATES: Please see below for the date, time, and location of the meetings.

FOR FURTHER INFORMATION CONTACT: The Unmanned Aircraft Systems Integration Office, AFS-80, Federal Aviation

Administration at: *9-AFS-UAS-Inquiries@faa.gov*.

SUPPLEMENTARY INFORMATION:

Background

On December 30, 2013, the FAA selected six UAS Test Sites. This selection was Congressionally-mandated by section 332 of the FAA Modernization and Reform Act of 2012 (Pub. L. 112–95). The FAA is working closely with the Test Sites to guide research programs toward specific goals such as System Safety & Data Gathering, Aircraft Certification, Command & Control Link Issues, Control Station Layout & Certification, Ground &

Airborne Sense & Avoid, and Environmental Impacts that will help the FAA safely integrate UAS into the national airspace system.

On May 8, 2015, the FAA selected a Mississippi State University team as the FAA’s Center of Excellence for Unmanned Aircraft Systems (COE UAS). The COE will focus on research, education, and training in areas critical to safe and successful integration of UAS into the nation’s airspace.

Purpose of the Public Meetings

The purpose of these meetings is to discuss innovation and opportunities at the Test Sites and COE. The Test Sites

and COE will host and set the agenda for each public meeting. The meetings will aid both public and private sector stakeholders to better understand the value the Test Sites and COE provide in furthering UAS integration through research, development, and operational testing.

Public Meeting Dates, Times, and Locations

The meetings will be held on the following dates. Please contact the UAS Test Sites or COE through the individuals listed below for further details on location, time, and event logistics.
