

management of controlled airspace within the NAS.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation.

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth

* * * * *

AWP CA E5 Santa Rosa, CA [Amended]

Charles M. Schulz-Sonoma County Airport, CA

(Lat. 38°30'35" N., long. 122°48'46" W.)

That airspace extending upward from 700 feet above the surface bounded by a line beginning at lat. 38°53'25" N., long. 122°52'34" W.; to lat. 38°37'07" N., long. 122°46'02" W.; to lat. 38°22'08" N., long. 122°38'28" W.; to lat. 38°06'41" N., long. 122°29'59" W.; to lat. 38°02'10" N., long. 122°44'09" W.; to lat. 38°17'57" N., long. 122°54'37" W.; to lat. 38°22'58" N., long. 123°02'34" W.; lat. 38°29'12" N., long. 122°56'32" W.; lat. 38°33'48" N., long. 123°00'47" W.; lat. 38°50'14" N., long. 123°07'20" W.; thence to the point of origin.

Issued in Seattle, Washington, on July 29, 2015.

Christopher Ramirez,

Manager, Operations Support Group, Western Service Center.

RIN 2120–AA66

Amendment of VOR Federal Airways; Northeastern United States

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; delay of effective date, and correction.

SUMMARY: This action changes the effective date of a final rule published in the **Federal Register** on June 9, 2015, amending VOR Federal airways V–31, V–36, V–98, V–164 and V–252 in the northeastern United States. The FAA is taking this action to link the effective date of the airway amendments with the completion of the development of associated en route procedures. In addition, this action corrects the description of Federal airway V–36 by restoring certain segments of that route that were removed in the final rule.

DATES: The effective date of the final rule published on June 9, 2015, is delayed from August 20, 2015, to October 15, 2015. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual

revision of FAA Order 7400.9 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741–6030, or go to http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15. For further information, you can contact the Airspace Policy and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace Policy and Regulations Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Background

Docket No. FAA–2015–1650, Airspace Docket No. 14–AEA–8, published in the **Federal Register** on June 9 2015 (80 FR 32464), amends VOR Federal airways V–31, V–36, V–98, V–164 and V–252 by removing certain segments in Canadian airspace. The development of associated en route procedures are planned for October 15, 2015, therefore the rule amending these airways is delayed until that date.

Additionally, subsequent to publication of the final rule, it was determined that an error was made in the description of Federal airway V–36, whereby the airway segments between Thunder Bay, Ontario, Canada, and the intersection of radials from the Wiarton, Ontario, Canada, and the Toronto, Ontario, Canada, navigation aids were inadvertently removed. This action corrects the description of V–36 by reinserting the missing airway segments.

Domestic VOR Federal Airways are published in paragraph 6010(a) of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The VOR Federal Airway listed in this document will be published subsequently in the Order.

Delay of Effective Date

Accordingly, pursuant to the authority delegated to me, the effective

date of the final rule, Airspace Docket 14–AEA–8, as published in the **Federal Register** on June 9, 2015 (80 FR 32464), is hereby delayed until October 15, 2015.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the description of VOR Federal airway V–36 as published in the **Federal Register** on June 9, 2015 (80 FR 32464) (FR Doc. 2015–13980) for Federal airway V–36, is corrected under the description for V–36 as follows:

Paragraph 6010(a) Domestic VOR Federal Airways

* * * * *

V–36 [Corrected]

On page 32465, column 2, remove lines 39–42 and add in its place:

From Thunder Bay, ON, Canada; Wawa, ON, Canada; Sault Ste Marie, MI; Elliot Lake, ON, Canada; Wiarton, ON, Canada to INT Wiarton 150° and Toronto, ON, Canada, 304° radials.

From Buffalo; Elmira, NY; INT Elmira 110° and LaGuardia, NY, 310° radials; to INT LaGuardia 310° and Stillwater, NJ, 043° radials. The airspace in Canada is excluded.

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

Issued in Washington, DC, on July 30, 2015.

Jacqueline R. Jackson,

Acting Manager, Airspace Policy and Regulations Group.

[Docket No. FAA–2015–0691; Airspace Docket No. 15–ANM–6]

Establishment of Class E Airspace, and Amendment of Class D Airspace; Ogden, Hill AFB, UT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace and modifies Class D airspace at Hill Air Force Base (AFB), Ogden, UT. The FAA’s review of the airspace area revealed that modification of controlled airspace enhances the safety and management of Standard Instrument Approach Procedures for Instrument Flight Rules (IFR) operations at the airport. This action updates the

geographic coordinates for Hill AFB, and Ogden-Hinckley Airport.

DATES: Effective 0901 UTC, October 15, 2015. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at <http://www.faa.gov/airtraffic/publications/>. The Order is also available for inspection at the National Archives and Records Administration (NARA). SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Hill AFB, Ogden, UT.

History

On May 1, 2015, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace as an extension to the Class D surface area,

and modify Class D airspace at Ogden-Hinckley Airport, Ogden, UT (80 FR 24860). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class D and Class E airspace designations are published in paragraph 5000 and 6004, respectively, of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace as an extension to the Class D surface area and modifies Class D airspace Hill AFB, Ogden, UT. Class E airspace as an extension to the Class D surface area is established within a 4.5-mile radius of point in space coordinates, with a segment extending 1 mile southeast. Class D airspace is amended to within a 4.6-mile radius of Hill AFB, and the boundary between Hill AFB and Ogden-Hinckley Airport is moved 1 mile northwest. This action also updates the geographic coordinates for Hill AFB and Ogden-Hinckley Airport. This action enhances the safety and management of controlled airspace within the National Airspace System.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a
