II. Discussion

A. Comment Period Extension

On August 21, 2015 (80 FR 50875), the NRC requested public comments on NUREG–2184, the NRC staff's draft "Supplement to the U.S. Department of Energy's Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Nuclear Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada" (ADAMS Accession No. ML15223B243). The supplement evaluates the potential environmental impacts on groundwater and impacts associated with the discharge of any contaminated groundwater to the ground surface due to potential releases from a geologic repository for spent nuclear fuel and high-level radioactive waste at Yucca Mountain, Nye County, Nevada. This supplements the U.S. Department of Energy's 2002 "Final Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Nuclear Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada" (ADAMS Accession No. ML032690321), and 2008 "Final Supplemental Environmental Impact Statement for a Geologic Repository for the Disposal of Spent Nuclear Fuel and High-Level Radioactive Waste at Yucca Mountain, Nye County, Nevada" (ADAMS Accession No. ML081750191), in accordance with the findings and scope outlined in the NRC staff's 2008 "Adoption Determination Report for the U.S. Department of Energy's

Environmental Impact Statements for the Proposed Geologic Repository at Yucca Mountain" (ADAMS Accession No. ML082420342). The public comment period was originally scheduled to close on October 20, 2015. The NRC received requests to extend the public comment period (e.g., ADAMS Accession Nos. ML15253A864 and ML15253A874) and the NRC staff has decided to extend the public comment period on the draft supplement until November 20, 2015, to allow more time for members of the public to develop and submit their comments.

B. Corrections

In the **Federal Register** on August 21, 2015, in FR Doc. 2015–20638, on page 50877, at the bottom of the second column, in the last two sentences of the notice, which (1) discuss how to obtain telephone numbers to participate in conference calls, and (2) provide the Web site link to obtain public meeting document information, correct "To receive the teleconference number and passcode for the September 3 meeting or for the October 6 conference call, call 301–415–6789 or email YMEIS_Supplement@nrc.gov. Meeting agendas and participation details will be available on the NRC's Public Meeting Schedule Web site at <http://www.nrc.gov/publicinvolve/publicmeetings/index.cfm> no later than 10 days prior to the meetings" to read "To receive the teleconference number and passcode for the September 3 meeting or for the October 15 conference call, call 301–415–6789 or email YMEIS_Supplement@nrc.gov. Meeting agendas and participation details will be available on the NRC's Public Meeting Schedule Web site at <http://meetings.nrc.gov/pmns/mtg> no later than 10 days prior to the meetings."

III. Public Meetings

In addition to the public meetings announced previously, the NRC staff will hold another public meeting via teleconference to accept comments on the draft supplement on November 12, 2015, from 2:00 p.m. until 4:00 p.m. Eastern Time. The telephone number for this teleconference is 888–790–2936 and the passcode is 1715992. The same number and passcode should be used for the October 15, 2015, teleconference that was previously announced (see meeting information at <http://meetings.nrc.gov/pmns/mtg>).

This public teleconference will be transcribed. Persons interested in attending or presenting oral comments during this teleconference are encouraged to pre-register. Persons may

pre-register to attend or present oral comments by calling 301–415–6789 or by emailing YMEIS_Supplement@nrc.gov no later than 3 days prior to the meeting. Individual oral comments may be limited by the time available, depending on the number of persons who register. If special equipment or accommodations are needed to attend or present information at a public meeting, the need should be brought to the NRC's attention no later than 10 days prior to the meeting to provide the NRC staff adequate notice to determine whether the request can be accommodated. The teleconference agenda and participation details will be available on the NRC's Public Meeting Schedule Web site at <http://meetings.nrc.gov/pmns/mtg> no later than 10 days prior to the meeting.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75916; File No. SR-BOX-2015-31]

Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt a Principles-Based Approach To Prohibit the Misuse of Material Nonpublic Information by Market Makers

September 14, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 3, 2015, BOX Options Exchange LLC (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt a principles-based approach to prohibit the misuse of material nonpublic information by Market Makers by deleting BOX Rule 8090 (Limitation on Dealings). The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://boxexchange.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt a principles-based approach to prohibit the misuse of material non-public information by Market Makers by deleting BOX Rule 8090 (Limitation on Dealing). In doing so, the Exchange would harmonize its rules governing BOX Participants and BOX Market Makers relating to protecting against the misuse of material, non-public information. The Exchange believes that BOX Rule 8090 is no longer necessary because all Market Makers are subject to the Exchange's general principles-based requirements governing the protection against the misuse of material, non-public information, pursuant to BOX Rule 3090 (Prevention of the Misuse of Material Nonpublic Information), which obviates the need for separately-prescribed requirements for a subset of market participants on the Exchange. Additionally, there is no separate regulatory purpose served by having separate rules for Market Makers. The Exchange notes that this proposed rule change will not decrease the protections against the misuse of material, non-public information; instead, it is designed to provide more flexibility to Option Participants. This is a competitive filing that is based on a proposal recently submitted by NYSE MKT LLC ("NYSE MKT") and approved by the Commission.³

Background

The Exchange has two classes of registered Options Participants. Pursuant to BOX Rule 100(a)(4), the term "Options Participant" or "Participant" means a firm, or organization that is registered with the Exchange pursuant to the Rule 2000 Series (Participation) for purposes of participating in options trading on BOX as an "Order Flow Provider" or "Market Maker". Pursuant to Rule 100(a)(30) Market Maker means an Options Participant registered with the Exchange for the purpose of making markets in options contracts traded on the Exchange and that is vested with the rights and responsibilities specified in the Rule 8000 Series. All Market Makers are designated as specialists on the Exchange for all purposes under the Exchange Act or Rules thereunder.
