SUPPLEMENTARY INFORMATION: The Tribe has submitted an application to BIA requesting that approximately 60 acres of land be transferred from fee to trust status upon which the Tribe would develop a casino, hotel, parking, and other supporting facilities. In order for the Department to fully consider and either grant or deny the Tribe's application, the Department must first comply with NEPA. The property is located within Fruitport Township, Muskegon County, Michigan, approximately 5 miles south of the City of Muskegon. It is bounded by Interstate 96 to the northeast and Ellis Road to the south. Areas of environmental concern identified for analysis in the EIS include land resources, water resources, air quality, noise, biological resources, cultural resources, resource use patterns, traffic and transportation, public health/environmental hazards, public services and utilities, socioeconomic, environmental justice, and visual resources/aesthetics. Alternatives identified for analysis include the proposed action, a non-gaming alternative, a reduced-intensity alternative, and an alternative site location. The range of issues and alternatives are open to revision based on comments received in response to this notice. Other related approvals may be required to implement the project, including approval of the Tribe's fee-to-trust application, determination of the site's eligibility for gaming, compliance with the Clean Water Act, and local service agreements. To the extent applicable, the EIS will identify and evaluate issues related to these approvals. The purpose of the Tribe's proposed action is to improve the economic status of the Tribal government so it can better provide housing, health care, education, cultural programs, and other services to its members. Additional information, including a map of the project site, is available by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the BIA address shown in the **ADDRESSES** section of this notice, during regular business hours, 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, phone number,

email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment that your personal identifying information be withheld from public review, BIA cannot guarantee that this will occur.

Authority: This notice is published in accordance with sections 1503.1 and 1506.6 of the Council on Environmental Quality Regulations (40 CFR parts 1500 through 1508) implementing the procedural requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321-4345 *et seq.*), and the Department of the Interior Manual (516 DM 1-6), and is in the exercise of authority delegated to the Assistant Secretary—Indian Affairs by 209 DM 8.1.

Dated: September 14, 2015.

Kevin K. Washburn,

Assistant Secretary—Indian Affairs.

Steens Mountain Advisory Council; Meeting

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, and the U.S. Department of the Interior, Bureau of Land Management (BLM), the Steens Mountain Advisory Council (SMAC) will meet as indicated below:

DATES: October 22, 2015, from 10 a.m. to 4 p.m. and October 23, 2015 from

8:30 a.m. to 12 p.m., at the Burns District BLM Office, 28910 Highway 20 West, in Hines, Oregon. Daily sessions may end early if all business items are accomplished ahead of schedule, or go longer if discussions warrant more time.

FOR FURTHER INFORMATION CONTACT: Tara Thissell, Public Affairs Specialist, BLM Burns District Office, 28910 Highway 20 West, Hines, Oregon 97738, (541) 573-4519, or email tmartina@blm.gov.

Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1 (800) 877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The SMAC was initiated August 14, 2001, pursuant to the Steens Mountain Cooperative Management and Protection Act of 2000 (Pub. L. 106-399). The SMAC provides representative counsel and advice to the BLM regarding new and unique approaches to management of the land within the bounds of the Steens Mountain Cooperative Management and Protection Area, recommends cooperative programs and incentives for landscape management that meet human needs, and advises the BLM on maintenance and improvement of the ecological and economic integrity of the area. Agenda items for the October 22-23 session include: Updates from the Designated Federal Official and the Andrews/Steens Resource Area Field Manager; discussions regarding projects for the Steens Mountain Comprehensive Recreation Plan, inholder access, and fencing in the No Livestock Grazing Area; and regular business items such as approving the previous meeting's minutes, member round-table, and planning the next meeting's agenda. Any other matters that may reasonably come before the SMAC may also be addressed. A public comment period is available both days. Unless otherwise approved by the SMAC Chair, the public comment period will last no longer than 30 minutes, and each speaker may address the SMAC for a maximum of five minutes. The public is welcome to attend all sessions, including the field tour, but must provide personal transportation.

Rhonda Karges,
Andrews/Steens Resource Area Field Manager.

SUPPLEMENTARY INFORMATION:

I. Abstract

On September 23, 2013 we published a 60-day **Federal Register** Notice (78 FR 58344) asking OMB to approve a pilot and final survey for a collection of information to study the economic value of National Park System resources along the Colorado River Corridor (which includes the Glen Canyon Dam and

Grand Canyon National Park). On September 18, 2014, we received a Notice of Action (NOA) from the Office of Management and Budget approving the pilot version of the survey. The survey was pretested using a small sample to determine the respondents' reaction to key choice attributes (cost). The focus of the pretest was on the understandability and effectiveness of the conjoint questions in conveying information, and eliciting consistent, meaningful responses. The results of the pretest suggested that the survey and sampling methods provided the replication of the Welsh et al. (1995) study we expected. We were also satisfied that the pretest results could provide current information about the passive use value held by the American public for resources in Glen and Grand Canyon along the Colorado River.

The purpose of this ICR is to request the use of the final version of the survey instrument that the NPS will use to collect information from the general public about their understanding of National Park System resources along the Colorado River Corridor. In addition to providing information to the Secretary of the Interior, we anticipate that the data will also update the Welsh et al. (1995) study that was used in the 1996 Record of Decision which the Department of the Interior used to inform its decision on Glen Canyon Dam operations. We acknowledge that planning processes related to Glen Canyon Dam operations will rely on many sources and providers of information to evaluate economic impacts and affected resources. The primary purpose of this ICR is to obtain information contemplated by the National Park Service Organic Act of 1916, Mission and Policy as follows: Social science research in support of park planning and management is mandated in the NPS Management Policies 2006 (Section 8.11.1, "Social Science Studies"). The NPS pursues a policy that facilitates social science studies in support of the NPS mission to protect resources and enhance the enjoyment of present and future generations (National Park Service Act of 1916, 38 Stat 535, 16 U.S.C. 1, *et seq.*). NPS policy mandates that social science research will be used to provide an understanding of park visitors, the non-visiting public, gateway communities and regions, and human interactions with park resources. Such studies are needed to provide a scientific basis for park planning and development.
