

cancel the FBW or FBW2 login ID effective at or prior to the end of the applicable month is equitable and not unfairly discriminatory as it applies to all TPHs that have an FBW or FBW2 login ID and wish to cancel an FBW or FBW2 login ID effective prior to the end of a month. The Exchange believes the proposed rule change protects investors and the public interest by helping the Exchange to more easily ensure that configuration and unauthorized access issues are averted. The Exchange believes that the proposed rule change is fair and reasonable because it only requires that TPHs have the forethought to know how many login IDs they will need for the next month two business days prior to the end of each month and inform the Exchange at that time.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule changes will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed changes apply to all FBW and FBW2 users. Moreover, the Exchange does not believe that the \$400.00 monthly charge that would apply to FBW and FBW [sic] users that do not submit written notification to the Market Operations Department by 3:00 p.m. CT on the second-to-last business day of the prior month to cancel the FBW or FBW2 login ID effective at or prior to the end of the applicable month is of a nature that is large enough to discourage the use of FBW or FBW2 or which would impose a burden on competition. The Exchange does not believe that the proposed rule changes will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because these changes apply to billing and fees that affect CBOE only, not other exchanges. Further, to the extent that the proposed changes ensure that configuration issues do not occur or affect Floor Brokers on the Exchange, such market participants may be more likely to operate on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and paragraph (f) of Rule 19b-4¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
