

III. Proposed Actions

The Agency is requesting an adjustment decrease of 75,092 burden hours (from 1,105,397 to 1,030,305 burden hours). The decrease in burden hours is due to an estimated overall decrease in the number of covered establishments, based on updated data and estimates. There is also an estimated decrease in operation and maintenance costs of \$50,556,032, from \$143,192,845 to \$92,636,813. The decrease in operation and maintenance costs is due to an estimated decrease in the cost of biological medical surveillance, due to the Agency's identification of a new data source which indicates a lower cost for biological monitoring tests than previously assumed.

Type of Review: Extension of a currently approved collection.
