

the Office of Management and Budget and request for comments.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, the Department of Agriculture (USDA), Farm Service Agency (FSA) has submitted a Generic Information Collection Request (Generic ICR): "Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" to OMB for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et. seq.*).

DATES: Comments must be submitted by November 2, 2015.

ADDRESSES: Written comments may be submitted to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602.

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact Ruth Brown (202) 720-8958 or Charlene Parker (202) 720-8681.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic

clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

The Agency received no comments in response to the 60-day notice published in the **Federal Register** of June 10, 2015 (80 FR 32929). [Insert summary of comments and response, if applicable].

Farm Service Agency 0560—New

Current Actions: New collection of information.

Type of Review: New Collection.

Affected Public: Individuals and Households.

Average Expected Annual Number of activities: [Agency Estimate].

Respondents: 5,000.

Annual responses: 5,000.

Frequency of Response: Once per request.

Average minutes per response: 60.

Burden hours: 5,000.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

Ruth Brown,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410-05-P

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

Nominations Open for the Vacancies on the National Advisory Council on Maternal, Infant and Fetal Nutrition

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Nominations open for the vacancies on the National Advisory Council on Maternal, Infant and Fetal Nutrition.

SUMMARY: FNS is seeking nominations for 8 vacancies on the National Advisory Council on Maternal, Infant and Fetal Nutrition (Council). The Council is composed of 24 members. Members of the Council from outside USDA and the U.S. Department of Health and Human Services (HHS) are appointed for 3-year terms. State and local officials may serve only during their official tenure. Parent participants are appointed for 2-year terms. Members appointed from USDA and HHS serve at the pleasure of their respective Secretaries.

The Council studies the operation of the Special Supplemental Nutrition Program for Women, Infants and Children (WIC), and related programs such as the Commodity Supplemental Food Program (CSFP). Categories of membership are specified by law. To assure a balance of differing views, Council members are drawn from Federal, State and local governments, industry, and organizations with a common interest in the management of WIC and CSFP, including parent participants in both programs.

The vacant positions include:

State CSFP Director

The individual responsible for administering the CSFP at the State level. Has operational knowledge about all aspects of CSFP management.

State Health Officer

The official usually referred to as the health commissioner or director, who heads the State health department. This person is responsible for overseeing a wide range of public health services provided by the State health agency.

State Public Health Nutrition Director

The official of the State health department responsible for directing public health nutrition services, which include the areas of maternal, infant and child nutrition, elderly nutrition, and nutrition for persons with developmental disabilities and chronic diseases.

Official From a State Agency Serving Predominantly Indians

Individual responsible for WIC Program Operations for an Indian Tribal Organization. WIC authorizing legislation allows Indian tribes, bands or groups that are recognized by the Department of Interior to operate as State agencies independent of geographic WIC State agencies.

Local CSFP Project Director

The individual responsible for administering the CSFP at the local level. Has operational knowledge about all aspects of CSFP management.

CSFP Parent Participant

A pregnant, postpartum or breastfeeding woman, or the parent/guardian of an infant and/or child participating in CSFP.

Person Involved at the Retail Sales Level of Food

An individual from a company or organization involved in retail food sales.

Expert in Drug Abuse Education and Prevention

An individual experienced in alcohol abuse education and prevention, especially in the areas of screening, counseling and referring for treatment of pregnant and postpartum women.

Section 17(k) of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1786), mandates the Council and authorizes the Secretary of Agriculture to appoint the members. The White House Liaison Office is responsible for vetting every candidate who applies for membership to the Council. In order to be appointed by the Secretary of Agriculture to serve on a board, council or committee, each applicant must clear all stages of the vetting process. Vetting is a comprehensive personal and professional background investigation that specifically includes, but is not limited to, an analysis of each candidate's criminal history, bankruptcy filings, liens and judgments, affiliations and associations, lobbyist status, and prior involvement with USDA.

This process is used to ensure that the finest candidates are selected to represent the interests of the United States Department of Agriculture. Individuals and organizations who wish to nominate experts for this or any other USDA advisory committee should submit a letter to the Secretary listing these individuals' names and business address, phone, and email contact information. These individuals may be contacted now or in the future to determine their interest in serving as a committee member.

Candidates who wish to be considered for membership on the Council should submit an AD-755 application form and resume to the Secretary of Agriculture. Cover letters should be addressed to the Secretary of Agriculture. All nomination materials should be mailed in a single, complete package and postmarked by November 2, 2015 to: Thomas Vilsack, Secretary,

U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, DC 20250 at the attention of Robin Young, DFO, USDA/FNS/SFPD. The application form and more information about advisory committees can be found at http://www.usda.gov/wps/portal/usda/usdahome?contentidonly=true&contentid=advisory_committees.xml.

FNS has special interest in assuring that women, minority groups, and the physically disabled are adequately represented on these advisory committees. We encourage and welcome nominations for qualified female, minority, or disabled candidates.

Dated: September 18, 2015.

Audrey Rowe,

Administrator, Food and Nutrition Service.

BILLING CODE 3410-30-P

DEPARTMENT OF AGRICULTURE**Forest Service****Idaho Roadless Area Boundary Modification; Caribou-Targhee National Forest**

AGENCY: Forest Service, USDA.

ACTION: Notice of final Idaho Roadless Area boundary modification.

SUMMARY: The Forest Service, U.S. Department of Agriculture (USDA), is modifying the boundary of the West Mink Idaho Roadless Area on the Caribou-Targhee National Forest to relocate and expand the Gibson Jack Trailhead and also to incorporate the area bordering another trail that was previously excluded from the Roadless Area. These modifications are pursuant to 36 CFR 294.27(b).

DATES: These modifications are effective October 2, 2015.

FOR FURTHER INFORMATION CONTACT: Idaho Roadless Coordinator Anne Davy at (406) 329-3314. Additional information concerning this modification, including the corrected map, may be obtained on the Internet at <http://www.fs.usda.gov/detail/roadless/idahoroadlessrule/?cid=stelprdb5382399>. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8:00 a.m. and 8:00 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The following modification changes the boundary of the West Mink Idaho Roadless area. Approximately 11.4 acres

are removed from the West Mink Roadless Area allow for the relocation and expansion of the Gibson Jack Trailhead. This modification also adds 18 acres to the Roadless Area by incorporating an area (or "cherry stem") that was originally carved out of the Roadless Area. This 18 acre area follows a closed Forest Service road that has since been converted to a motorized trail. These boundary modifications result in a net increase of 6.6 acres.

The Idaho Roadless Rule authorizes modifications to the maps of lands identified in 36 CFR§ 294.22(c), including but not limited to, additions, removals, or modifications of the designations and management classifications listed in 36 CFR§ 294.29 based on changed circumstances or public need. The Chief of the Forest Service may issue modifications after a 45-day public notice and opportunity to comment.

The Forest Service published notice of the proposed boundary modification in the **Federal Register** on July 8, 2015 for a 45-day public comment period. The Forest Service presented the modifications to the State of Idaho's Roadless Rule Advisory Commission on June 28, 2012 and the Governor of Idaho recommended the Forest Service proceed with the modification on August 29, 2013.

Consideration of Comments

The Forest Service received one comment on the proposed boundary modification. The Idaho Department of Parks and Recreation supported the proposed modification because it would result in a net gain to the roadless area and would improve parking at the Gibson Jack trailhead.

Modifications to Relocate and Expand the Gibson Jack Trailhead

West Mink Idaho Roadless Area #151. Approximately 11.4 acres are removed from the roadless area to allow for the construction of a new trailhead that will improve public access and safety for trail users, meet recreation demand, and improved the area's manageability for the Caribou-Targhee. In addition, 18.0 acres are added to the roadless area by incorporating a Forest Service trail into the roadless area. These changes result in a 6.6-acre increase in backcountry restoration-themed acres.

Dated: September 28, 2015

Thomas L. Tidwell

Chief, Forest Service.
