

12620). Thus, the pre-reclassified unadjusted wage indexes for these three areas were calculated incorrectly. We are correcting the wage indexes for these three areas in Table A and Table B accordingly on the CMS Web site at <http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/SNPPPS/WageIndex.html>. Specifically, the wage index value for CBSA 12620 has been corrected from 0.9845 to 0.9980, the wage index value for State Code 04 (Arkansas) has been corrected from 0.7217 to 0.7219, and the wage index value for State Code 20 (Maine) has been corrected from 0.8455 to 0.8477.

III. Waiver of Proposed Rulemaking and Delayed Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the notice.

Section 553(d) of the APA ordinarily requires a 30-day delay in effective date of final rules after the date of their publication in the **Federal Register**. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

In our view, this correcting document does not constitute a rule that would be subject to the APA notice and comment or delayed effective date requirements. This correcting document corrects technical and typographic errors in the FY 2016 SNF PPS final rule and in the tables issued in connection with the final rule, but does not make substantive changes to the policies or payment methodologies that were adopted in the final rule. As a result, this correcting document is intended to ensure that the information in the FY 2016 SNF PPS final rule accurately reflects the policies adopted in that final rule.

In addition, even if this were a rule to which the notice and comment procedures and delayed effective date requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to

incorporate the corrections in this document into the final rule or delaying the effective date would be contrary to the public interest because it is in the public's interest for providers to receive appropriate payments in as timely a manner as possible, and to ensure that the FY 2016 SNF PPS final rule and the tables issued in connection with the final rule accurately reflect our methodologies, payment rates and policies. Furthermore, such procedures would be unnecessary, as we are not making substantive changes to our payment methodologies or policies, but rather, we are simply implementing correctly the methodologies and policies that we previously proposed, received comment on, and subsequently finalized. This correcting document is intended solely to ensure that the FY 2016 SNF PPS final rule and the tables issued in connection with the final rule accurately reflect these methodologies and policies. Therefore, we believe we have good cause to waive the notice and comment and effective date requirements.

IV. Correction of Errors

In the FR Doc. 2015–18950 of August 4, 2015 (80 FR 46389), make the following corrections:

1. On page 46400, bottom half of the page, third column, first partial paragraph, line 14, the phrase “Table A” is corrected to read “Tables A and B”.
2. On page 46405, top third of the page, third column, first partial paragraph, line 2, the phrase “Table A” is corrected to read “Tables A and B”.
3. On page 46436, first column, footnote 38:
 - a. Line 1, the term “Nation” is corrected to read “National”.
 - b. Line 2, the term “Standardbreds” is corrected to read “Standards”.
 - c. Line 3, the term “Minutes” is corrected to read “Transcript”.
4. On page 46437, first column, first partial paragraph, line 19, the phrase “are not” is corrected to read “will not be”.
5. On page 46439, third column, first partial paragraph, lines 7 through 8, the phrase “unstageable and sDTIs” is corrected to read “unstageable pressure ulcers and sDTIs”.
6. Page 46450, third column, first partial paragraph, line 23, the phrase “input from clinicians would be” is corrected to read “input from clinicians who would be”.
7. Page 46452, second column, footnote 86, “86 Peter C. Smith, Elias Mossialos, Irene Papanicolas and Sheila Leatherman. Performance Measurement for Health” is corrected to read “86 Lisa I. Iezzoni, “Risk Adjustment for

Performance Management”. In *Performance Measurement for Health System Improvement: Experiences, Challenges and Prospects*, ed. Peter C. Smith, Elias Mossialos, Irene Papanicolas and Sheila Leatherman. (Cambridge, UK: Cambridge University Press, 2009), 261–262.”.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA–2015–0001; Internal Agency Docket No. FEMA–8403]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

DATES: The effective date of each community's scheduled suspension is the third date (“Susp.”) listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Bret Gates, Federal Insurance and Mitigation Administration, Federal Emergency

Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4133.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance

pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA's initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public

body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Fisheries of the Exclusive Economic Zone Off Alaska; Exchange of Flatfish in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is exchanging unused Community Development Quota (CDQ)

for CDQ acceptable biological catch (ABC) reserves. This action is necessary to allow the 2015 total allowable catch of flathead sole, rock sole, and yellowfin sole in the Bering Sea and Aleutian Islands management area to be harvested.

DATES: Effective October 5, 2015 through December 31, 2015.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the Bering Sea and Aleutian Islands management area (BSAI) according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2015 flathead sole, rock sole and yellowfin sole CDQ reserves specified in the BSAI are 2,320 metric tons (mt), 7,085 mt, and 16,543 mt as established by the final 2015 and 2016 harvest specifications for groundfish in the

BSAI (80 FR 11919, March 5, 2015) and following revisions (80 FR 58220, September 28, 2015). The 2015 flathead sole, rock sole, and yellowfin sole CDQ ABC reserves are 4,756 mt, 12,357 mt, and 10,079 mt as established by the final 2015 and 2016 harvest specifications for groundfish in the BSAI (80 FR 11919, March 5, 2015) and following revisions (80 FR 58220, September 28, 2015).

The Aleutian Pribilof Islands Community Development Association has requested that NMFS exchange 568 mt of flathead sole and 210 mt of rock sole CDQ reserves for 778 mt of yellowfin sole CDQ ABC reserves under § 679.31(d). Therefore, in accordance with § 679.31(d), NMFS exchanges 568 mt of flathead sole and 210 mt of rock sole CDQ reserves for 778 mt of yellowfin sole CDQ ABC reserves in the BSAI. This action also decreases and increases the TACs and CDQ ABC reserves by the corresponding amounts. Tables 11 and 13 of the final 2015 and 2016 harvest specifications for groundfish in the BSAI (80 FR 11919, March 5, 2015) and following revisions (80 FR 58220, September 28, 2015) are further revised as follows:
