

this meeting will be made available to the public.

Information on Service for Individuals With Disabilities

For information on facilities or services for individuals with disabilities or to request special assistance at the public meeting, contact ISAO@lmi.org and write "Special Assistance" in the subject box or contact the meeting coordinator at the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Meeting Details

Members of the public may attend this meeting by RSVP only up to the seating capacity of the room. The Breakout Panels that take place in the LMI Conference Facility will be audio recorded. The audio recordings will be made available on the DHS ISAO Web page, DHS.gov/ISAO. A valid government-issued photo identification (for example, a driver's license) will be required for entrance to the meeting space. Those who plan to attend should RSVP through the link provided on the ISAO Web page DHS.gov/ISAO or at LMI's registration page www.lmi.org/ISAO-Registration no later than 5 days prior to the meeting. Requests made after November 4, 2015 might not be able to be accommodated.

DHS and the ISAO Standards Organization encourages you to participate in this meeting by submitting comments to the ISAO inbox (ISAO@lmi.org), commenting orally, or submitting written comments to the DHS personnel attending the meeting who are identified to receive them.

Submitting Written Comments

You may also submit written comments to the docket using any one of the following methods:

(1) *Federal eRulemaking Portal*: <http://www.regulations.gov>. Although comments are being submitted to the Federal eRulemaking Portal, this is a tool to provide transparency to the general public, not because this is a rulemaking action.

(2) *Email*: ISAO@lmi.org. Include the docket number in the subject line of the message.

(3) *Mail*: ISAO Standards Organization, c/o LMI, 1777 NE Loop 410, Suite 808, San Antonio, TX 78217-5217.

To avoid duplication, please use only one of these three methods. All comments must either be submitted to the online docket on or before November 4, 2015, or reach the Docket Management Facility by that date.

Authority: 6 U.S.C. 131–134; 6 CFR 29; E.O.13691.

Dated: October 20, 2015.

Andy Ozment,

Assistant Secretary, Cybersecurity and Communications, National Protection and Programs Directorate, Department of Homeland Security.

BILLING CODE 9110–9P–P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Office of Law Enforcement/Federal Air Marshal Service Mental Health Certification

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0043, abstracted below, that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden. The collection involves a certification form that applicants for the Office of Law Enforcement/Federal Air Marshal Service are required to complete regarding their mental health history.

DATES: Send your comments by December 28, 2015.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227–2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following

information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Pursuant to 49 U.S.C. 44917, TSA has authority to provide for deployment of Federal Air Marshals (FAMs) on passenger flights and provide for appropriate training, equipping, and supervision of FAMs. In furtherance of this authority, TSA policy requires that applicants for the Office of Law Enforcement/Federal Air Marshal Service positions meet certain medical and mental health standards.

In order to evaluate whether applicants meet TSA standards, applicants must undergo a psychological evaluation determining that they do not have an established medical history or clinical diagnosis of psychosis, neurosis, or any other personality or mental disorder that clearly demonstrates a potential hazard to the performance of FAM duties or the safety of self or others. As part of the psychological evaluation, applicants are required to complete a certification form regarding their mental health history and provide an explanation for anything they cannot certify. Applicants will be asked whether they can certify various statements including that they have never been removed from work for medical or psychological reasons.

Upon completion, applicants submit the certification form directly to the FAMS' Medical Programs Section (FAMS MPS) for initial screening via fax, electronic upload via scanning document, mail, or in person. The FAMS MPS screens all certification forms received. Any explanations for uncertified items received will generally require further review and follow-up by a personal psychologist or psychiatrist. This certification is carefully geared to capitalize on other elements of the assessment process, such as personal interviews, physical task assessment, background investigation, as well as the other components of the medical

examination and assessment. TSA estimates that there will be 600 respondents annually.

It will take each respondent approximately one hour to complete the certification form for a total annual hour burden of 600 hours.

Dated: October 19, 2015.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

Draft Habitat Conservation Plan and Draft Environmental Assessment, Meier Group LLC, Thurston County, Washington

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an application from The Meier Group, LLC (applicant) for an incidental take permit (permit) under the Endangered Species Act of 1973, as amended (ESA). The applicant requests a permit with a 5-year term that would authorize “take” of the threatened Olympia pocket gopher incidental to otherwise lawful land development in Thurston County, Washington. The application includes the applicant’s draft habitat conservation plan (HCP), which describes the actions the applicant will implement to minimize and mitigate the impacts of incidental take caused by covered activities. The Service also announces the availability of a draft environmental assessment (EA) that has been prepared in response to the permit application in accordance with requirements of the National Environmental Policy Act (NEPA). We are making the permit application, including the draft HCP and the draft EA, available for public review and comment.

DATES: To ensure consideration, please submit written comments by December 28, 2015.

ADDRESSES: To request further information or submit written comments, please use one of the following methods, and note that your information request or comments are in reference to the “Meier HCP/EA”:

- **Internet:** You may view or download copies of the draft HCP and draft EA and obtain additional information on the Internet at <http://www.fws.gov/wafwo/>.

- **Email:** www.wfwocomments@fws.gov. Include “Meier HCP/EA” in the subject line of the message.

- **U.S. Mail:** Tim Romanski, U.S. Fish and Wildlife Service, Washington Fish and Wildlife Office, 510 Desmond Drive SE., Suite 102, Lacey, Washington 98503.

- **In-Person Drop-off, Viewing, or Pickup:** Call 360-753-5823 to make an appointment (necessary for viewing or picking up documents only) during normal business hours at the U.S. Fish and Wildlife Service, Washington Fish and Wildlife Office, 510 Desmond Drive SE., Suite 102, Lacey, Washington 98503. Written comments can be dropped off during regular business hours at the above address on or before the closing date of the public comment period (see **DATES**).

FOR FURTHER INFORMATION CONTACT: Tim Romanski, Conservation Planning and Hydropower Branch Chief, Washington Fish and Wildlife Office (see **ADDRESSES**), telephone: 360-753-5823. If you use a telecommunications device for the deaf, please call the Federal Information Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION:

Background

Section 9 of the ESA prohibits “take” of fish and wildlife species listed as endangered or threatened. Under the ESA, the term “take” means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct (16 U.S.C. 1532(19)). The term “harm,” as defined in our regulations, includes significant habitat modification or degradation that results in death or injury to listed species by significantly impairing essential behavioral patterns, including breeding, feeding, or sheltering (50 CFR 17.3). The term “harass” is defined in our regulations as an intentional or negligent act or omission which creates the likelihood of injury to wildlife by annoying it to such an extent as to significantly disrupt normal behavioral patterns, which include, but are not limited to, breeding, feeding, or sheltering (50 CFR 17.3).

Under specified circumstances, the Service may issue permits that authorize take of federally listed species, provided the take is incidental to, but not the purpose of, an otherwise lawful activity. Regulations governing permits for

endangered and threatened species are at 50 CFR 17.22 and 17.32, respectively. Section 10(a)(1)(B) of the Act contains provisions that authorize the Service to issue permits to non-Federal entities for the take of endangered and threatened species, provided the following criteria are met:

- (1) The taking will be incidental;
- (2) The applicant will prepare a conservation plan that, to the maximum extent practicable, minimize and mitigate the impact of such taking;
- (3) The applicant will ensure that adequate funding for the plan will be provided;
- (4) The taking will not appreciably reduce the likelihood of the survival and recovery of the species in the wild; and

- (5) The applicant will carry out any other measures that the Service may require as being necessary or appropriate for the purposes of the plan.

We have received an application from the Meier Group, LLC (applicant) for an incidental take permit pursuant to Section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (ESA). The applicant requests a permit with a 5-year term that would authorize “take” of the threatened Olympia pocket gopher (*Thomomys mazama pugetensis*) incidental to otherwise lawful land development and habitat conservation activities on land they own in Thurston County, Washington. The application includes a draft HCP, which describes the actions the applicant will take to minimize and mitigate the impacts of the take on the covered species. The Service also announces the availability of a draft environmental assessment (EA) addressing the draft HCP and proposed permit. We invite comments from all interested parties regarding the permit application, including the draft HCP and the draft EA.

Proposed Action

The applicant proposes to develop an approximately 6.4-acre property in the City of Tumwater, Thurston County, Washington, over the course of the next 5 years. The proposed project would entail clearing most of the 6.4-acre property of trees and other vegetation, including the invasive non-native Scot’s broom (*Cytisus scoparius*), in preparation for construction of a two-story commercial office building and associated facilities. The proposed office building, paved surfaces, and parking areas would cover all of the property except an approximately 0.7-acre area that would be avoided to prevent impacts to guy-wires associated with overhead electric transmission lines.
