Public Information, Freedom of Information Act and Privacy Act Regulations

AGENCY: Department of Commerce.

ACTION: Final rule.

SUMMARY: This rule amends the Department of Commerce's (Department) Privacy Act regulations under the Privacy Act. The revisions add a new Privacy Act System of Records, entitled “COMMERCE/DEPT-25, Access Control and Identity Management System,” to the General and Specific exemptions sections of the Department's Privacy Act regulations. The Privacy Act requires agencies to identify records exempted from a provision of the General and/or Specific exemptions sections of the Act. This document helps the Department comply with this requirement.

DATES: These amendments are effective December 7, 2015.

FOR FURTHER INFORMATION CONTACT: Michael J. Toland, Department Freedom of Information and Privacy Act Officer, Office of Privacy and Open Government, 1401 Constitution Ave.NW., Room 52010, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background Information

On May 8, 2015, the Department of Commerce published a proposed rule revising its existing regulations at 15 CFR part 4 under the FOIA and Privacy Act, 5 U.S.C. 552a. *See* 80 FR 26499. This rule proposed revisions to the Department's regulations under the Privacy Act. In particular, the action would amend the Department's Privacy Act regulations regarding applicable exemptions to reflect new Department wide systems of records notices published since the last time the regulations were updated. The revisions of the Privacy Act regulations in subpart B of part 4 incorporate changes to the language of the regulations in the following provisions: § 4.33 (General exemptions); and § 4.34 (Specific exemptions).

Interested persons were afforded the opportunity to participate in the rulemaking process through submission of written comments to the proposed rule during the 30-day open comment period. On June 29, 2015, the

Department reopened the comment period for an additional 30 days because not all interested parties may have been given appropriate notification about this proposed new system of records, as well as time to respond with comments prior to the closing date of the original public comment period of June 8, 2015. *See* 80 FR 36397.

Public Comments

The Department received one public submission in response to the proposed rulemaking, which was similar or identical in some cases to the ones submitted by the commenter for the new Privacy Act System of Records: "COMMERCE/DEPT-25, Access Control and Identity Management System." In particular, the commenter suggested that the "proposed changes [to this rule] are expressly intended to exempt the Department's proposed new system of records entitled 'COMMERCE/DEPARTMENT-25, Access Control and Identity Management System,' set forth in 80 FR 26534, published May 8, 2015, from most provisions of the Privacy Act." The commenter also indicated that the Department provided insufficient business justification for this system of records. The commenter further submitted the view that the routine uses listed in this notice may result in matching programs as described in 5 U.S.C. 552a(a)(8), adding that if the Department engages in any matching program, it must follow matching program requirements outlined in 5 U.S.C. 552a(o).

The Department would like to thank the commenter for submitting comments in response to the proposed rulemaking. While due consideration has been given to the comments received, since they were similar or identical to those received for the proposed Privacy Act System of Records notice entitled: "COMMERCE/DEPT-25, Access Control and Identity Management System," and the comments did not address any substantive changes to this proposed rule, the Department will not address the comments in this notice. Instead, responses to the commenter's comments can be found under the Public Comments and Responses section of the final notice for COMMERCE/DEPT-25.

With this action, the Department's Privacy Act regulations are revised regarding applicable exemptions to reflect new Department wide systems of records notices published since the last time the regulations were updated. Specifically, the revisions of the Privacy Act regulations in subpart B of part 4 incorporate changes to the language of the regulations in the following

provisions: § 4.33 (General exemptions); and § 4.34 (Specific exemptions).

Classification

It has been determined that this notice is not significant for purposes of E.O. 12866, *Regulatory Flexibility Act*: The Chief Counsel for Regulation for the Department of Commerce has certified to the Chief Counsel for Advocacy of the Small Business Administration that this rule will not have a significant economic impact on a substantial number of small entities. This final rule amends the Department's Privacy Act regulations regarding applicable exemptions to reflect new Department wide systems of records notices published since the last time the regulations were updated. These amendments are administrative in nature and will not impose a financial impact on anyone, does not change the way any acts or the way anyone is treated. Further, the applicable exemptions apply to information collected to establish identity, accountability, and audit control of electronic or other digital certificates of assigned personnel who require access to Department of Commerce electronic and physical assets. The information collected is provided on a voluntary basis, with no cost incurred by individuals. Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.

Paperwork Reduction Act: This document does not contain a collection-of-information requirement subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the Paperwork Reduction Act unless that collection displays a currently valid OMB Control Number.

Drawbridge Operation Regulation; Oakland Inner Harbor Tidal Canal, Alameda, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the High Street Drawbridge across the Oakland Inner Harbor Tidal Canal, mile 6.0, at Alameda, CA. The deviation is necessary to allow the bridge owner to replace the center span lock. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective without actual notice from November 5, 2015 through 6:30 p.m. on November 25, 2015. For the purpose of enforcement, actual notice will be used from 2:30 p.m. on October 21, 2015 until November 5, 2015.

ADDRESSES: The docket for this deviation, [USCG-2015-0962] is available at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email David H. Sulouff, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510-437-3516, email David.H.Sulouff@uscg.mil.

SUPPLEMENTARY INFORMATION: Alameda County Public Works Agency has requested a temporary change to the operation of the High Street Drawbridge, mile 6.0, over Oakland Inner Harbor Tidal Canal, at Alameda, CA. The bridge provides a vertical clearance of 16 feet above Mean High Water in the closed-to-navigation position. The bridge currently operates under 33 CFR 117.181. Navigation on the waterway is commercial and recreational.

The bridge will be secured in the closed-to-navigation position, October 26, 2015 through November 25, 2015, Monday through Friday, 9:30 a.m. to 6:30 p.m., due to replacement of the

center span lock. During nights and weekends, the bridge will be able to open upon 2 hours advance notice with single leaf openings. During working hours a 15-foot wide scaffold at mid-channel will reduced vertical clearance by 9 feet. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will not be able to open for emergencies and there is an alternate route for shallow draft vessels through San Leandro Bay. The Coast Guard will also inform the users of the waterway by our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so they can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
