

adding certain protections for persons applying for, and receiving, Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101–508) further amended the Privacy Act regarding protections for such persons.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain approval of the matching agreement by the Data Integrity Boards of the participating Federal agencies;

(3) Publish notice of the computer matching program in the **Federal Register**;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or denying a person's benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of our computer matching programs comply with the requirements of the Privacy Act, as amended.

SOCIAL SECURITY ADMINISTRATION

[Docket No: SSA–2015–0067]

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104–13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions and extensions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers. (OMB)

Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202–

395–6974, Email address: *OIRA_Submission@omb.eop.gov*.

Or you may submit your comments online through *www.regulations.gov*, referencing Docket ID Number [SSA–2015–0067].

I. The information collections below are pending at SSA. SSA will submit

them to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than January 19, 2016. Individuals can obtain copies of the collection instruments by writing to the above email address.

1. Certificate of Responsibility for Welfare and Care of Child Not in Applicant's Custody—20 CFR 404.330, 404.339–404.341 and 404.348–404.349—0960–0019. Under the provisions of the Social Security Act (Act), non-custodial parents who are filing for spouse, mother, or father Social Security benefits based on having

the child of a number holder or worker in their care, must meet the in-care requirements the Act discusses. The in-care provision requires claimants to have an entitled child under age 16 or disabled in their care. SSA uses Form SSA–781, Certificate of Responsibility for Welfare and Care of Child in Applicant's Custody, to determine if claimants meet the requirement. The respondents are applicants for spouse, mother's or father's Social Security benefits.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–781	14,000	1	10	2,333

2. Request for Change in Time/Place of Disability Hearing—20 CFR 404.914(c)(2) and 416.1414(c)(2)—0960–0348. At the request of the claimants or their representative, SSA schedules evidentiary hearings at the reconsideration level for claimants of Title II benefits or Title XVI payments

when we deny their claims for disability. When claimants or their representatives find they are unable to attend the scheduled hearing, they complete Form SSA–769 to request a change in time or place of the hearing. SSA uses the information as a basis for granting or denying requests for changes

and for rescheduling disability hearings. Respondents are claimants or their representatives who wish to request a change in the time or place of their hearing.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–769–U4	7,483	1	8	998

3. Notice Regarding Substitution of Party Upon Death of Claimant—Reconsideration of Disability Cessation—20 CFR 404.907–404.921 and 416.1407–416.1421—0960–0351. When a claimant dies before we make a determination on that person's request for reconsideration of a disability

cessation, SSA seeks a qualified substitute party to pursue the appeal. If SSA locates a qualified substitute party, the agency uses Form SSA–770 to collect information about whether to pursue or withdraw the reconsideration request. We use this information as the basis for the decision to continue or

discontinue with the appeals process. Respondents are substitute applicants who are pursuing a reconsideration request for a deceased claimant.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–770	1,200	1	5	100

4. Beneficiary Interview and Auditor's Observations Form—0960–0630. SSA's Office of the Inspector General collects information from Form SSA–322, the Beneficiary Interview and Auditor's Observation form, to interview

beneficiaries or their payees to determine whether they are complying with their duties and responsibilities. The respondents are randomly selected Supplemental Security Income (SSI) recipients and Social Security

beneficiaries who have representative payees.

Type of Request: Revision of previously approved collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-322	1,000	1	15	250

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than December 17, 2015. Individuals can obtain copies of the OMB clearance packages by writing to OR.Reports.Clearance@ssa.gov.

1. Authorization for the Social Security Administration to Obtain Account Records from a Financial Institution—20 CFR 416.200 and 416.203—0960–0293. SSA collects and verifies financial information from individuals applying for SSI payments to determine if the applicant meets the SSI resource eligibility requirements. If the SSI claimants provide incomplete, unavailable, or seemingly altered records, SSA contacts their financial institutions to verify the existence,

ownership, and value of accounts owned. Financial institutions require individuals to sign Form SSA-4641-F4, or complete one of SSA's electronic applications, e4641 or the Access to Financial Institutions (AFI) screens, to authorize them to disclose records to SSA. The respondents are SSI applicants, recipients, and their deemors.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-4641 (paper)	252,500	1	6	25,250
e4641 and AFI (electronic)	15,747,500	1	2	524,917
Totals	16,000,000	550,167

2. Surveys in Accordance with E.O. 12862 for the Social Security Administration—0960–0526. Under the auspices of Executive Order 12862, Setting Customer Service Standards, SSA conducts multiple customer satisfaction surveys each year. These voluntary customer satisfaction

assessments include paper, Internet, and telephone surveys; mailed questionnaires; and customer comment cards. The purpose of these questionnaires is to assess customer satisfaction with the timeliness, appropriateness, access, and overall quality of existing SSA services and

proposed modifications or new versions of services. The respondents are recipients of SSA services (including most members of the public), professionals, and individuals who work on behalf of SSA beneficiaries.

Type of Request: Extension of an OMB-approved information collection.

	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Year 1	9,164,640	1	3–30	1,346,904
Year 2	9,170,140	1	3–30	1,347,404
Year 3	9,175,640	1	3–30	1,348,504
Totals	27,510,420	4,042,812

3. The Ticket to Work and Self-Sufficiency Program—20 CFR 411—0960–0644. SSA's Ticket to Work (TTW) Program transitions Social Security Disability Insurance (SSDI) and SSI recipients toward independence by allowing them to receive Social Security payments while maintaining employment under the auspices of the program. SSA uses service providers, called Employment Networks (ENs), to supervise participant progress through the stages of TTW Program participation, such as job searches and interviews, progress reviews, and changes in ticket status. ENs can be

private for-profit and nonprofit organizations, as well as state vocational rehabilitation agencies (VRs). SSA and the ENs utilize the TTW program manager to operate the TTW Program and exchange information about participants. For example, the ENs use the program manager to provide updates on tasks such as selecting a payment system or requesting payments for helping the beneficiary achieve certain work goals. Since the ENs are not PRA-exempt, the multiple information collections within the TTW program manager require OMB approval, and we clear them under this information

collection request (ICR). Most of the categories of information in this ICR are necessary for SSA to: (1) Comply with the Ticket to Work legislation; and (2) provide proper oversight of the program. SSA collects this information through several modalities, including forms, electronic exchanges, and written documentation. The respondents are the ENs or state VRs, as well as SSDI beneficiaries and blind or disabled SSI recipients working under the auspices of the TTW Program.

Type of Request: Revision of an OMB-approved information collection.

4. Representative Payment Policies and Administrative Procedures for Imposing Penalties for False or Misleading Statements or Withholding of Information—0960-0740. This information collection request comprises several regulation sections that provide additional safeguards for

Social Security beneficiaries' whose representative payees receive their payment. SSA requires representative payees to notify them of any event or change in circumstances that would affect receipt of benefits or performance of payee duties. SSA uses the information to determine continued

eligibility for benefits, the amount of benefits due and if the payee is suitable to continue servicing as payee. The respondents are representative payees who receive and use benefits on behalf of Social Security beneficiaries.
