Abstract: This is a request for an extension of the emergency clearance that was granted on this collection for the Data Challenges and Appeals Solution (DCAS), a new system that will allow institutions to challenge their self-reported data as well as Department calculated metrics. The system will ultimately provide for the receipt, processing, data storage and archiving of data challenges received from institutions for challenges of Gainful Employment (GE) metrics, Cohort Default Rates (institutional and programmatic), and Disclosure Rates and Metrics. This request is for the first phase of DCAS, the institutional challenge to the GE completers list provided to institutions by the Department of Education. The other aspects of DCAS will be made functional and available to institutions in stages, to allow for full development and testing, through subsequent system releases.

Title of Collection: EDFacts Data Collection School Years 2016–17, 2017–18, and 2018–19.

OMB Control Number: 1850–NEW.

Type of Review: A revised information collection.

Respondents/Affected Public: State, Local or Tribal Government.

Total Estimated Number of Annual Responses: 61.

Total Estimated Number of Annual Burden Hours: 126,880.

Abstract: EDFacts is a U.S. Department of Education (ED) initiative to collect, analyze, report on and promote the use of high-quality, pre-kindergarten through grade 12 (pre-K–12) performance data for use in education planning, policymaking, and management and budget decision making to improve outcomes for students. EDFacts enables the National Center for Education Statistics (NCES) to report on students, schools, staff, services, and education outcomes at the state, district, and school levels, by centralizing data provided by state education agencies, local education agencies, and schools. This centralized approach provides ED users with the ability to efficiently analyze and report on submitted data and has reduced the reporting burden for state and local data producers through the use of streamlined data collection, analysis, and reporting tools. EDFacts collects information on behalf of ED grant and program offices for approximately 180 data groups for all 50 states, Washington DC, Puerto Rico, and seven outlying areas and freely associated states (American Samoa, Federated States of Micronesia, Guam, Marshall Islands, Commonwealth of the Northern Mariana Islands, Republic of Palau, and the U.S. Virgin Islands), the Department of Defense Education Activity (DoDEA), and the Bureau of Indian Education (BIE). NCES seeks authorization from OMB to continue its EDFacts data collection and is requesting a new clearance for the 2016–17, 2017–18, and 2018–19 school years in order to continue to provide EDFacts data to Department of Education program offices, as well as SEAs, LEAs, and schools. In response to the 60-day public comment period announced in the **Federal Register** on July 9, 2015, ED received 52 comments from 49 commenters. A summary of the comments and ED's responses are provided in Attachment F. This notice announces that the revised collection package is now available for a 30-day public comment period. This submission includes a few proposed

changes to the EDFacts data collection. In addition to reviewing the proposed changes (detailed in Attachment C and the B Attachments), ED requests that SEAs and other stakeholders respond to the directed questions found in Attachment D.

Dated: November 25, 2015.
