

Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: September 29, 2015.

H. Curtis Spalding,

Regional Administrator, EPA New England.

Part 52 of chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart W—Massachusetts

■ 2. Section 52.1120 is amended by adding paragraph (c)(143) to read as follows:

§ 52.1120 Identification of plan.

* * * * *

(c) * * *

(143) Revisions to the State Implementation Plan submitted by the Massachusetts Department of Environmental Protection on November 6, 2013.

(i) Incorporation by reference.

(A) Massachusetts Regulation 310 CMR 7.36 entitled “U Transit System Improvements,” effective in the

Commonwealth of Massachusetts on October 25, 2013.

(ii) Additional materials.

(A) Letter from the Massachusetts Department of Environmental Protection dated November 6, 2013 submitting a revision to the Massachusetts State Implementation Plan.

■ 3. In § 52.1167, Table 52.1167 is amended by adding a new entry to the existing state citation for 310 CMR 7.36 to read as follows:

§ 52.1167 EPA-approved Massachusetts State regulations.

* * * * *

TABLE 52.1167—EPA-APPROVED RULES AND REGULATIONS

[See notes at end of table]

State citation	Title/subject	Date submitted by state	Date approved by EPA	Federal Register citation	52.1120(c)	Comments/unapproved sections
* 310 CMR 7.36	* Transit System Improvements.	* 11/6/13	* 12/8/15	* [Insert Federal Register citation].	* 143	* Removes from the SIP the commitment to design the Red Line/Blue Line Connector project.
*	*	*	*	*	*	*

Notes: 1. This table lists regulations adopted as of 1972. It does not depict regulatory requirements which may have been part of the Federal SIP before this date.

2. The regulations are effective statewide unless otherwise stated in comments or title section.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R09–OAR–2015–0689; FRL–9936–83–Region 9]

Approval of California Air Plan Revisions, Placer County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action to approve a revision to the Placer County Air Pollution Control District (PCAPCD) portion of the California SIP. We are approving a local emergency episode plan that describes actions that PCAPCD will take to prevent dangerously high ambient emission levels under the Clean Air Act (CAA or the Act).

DATES: This rule is effective on February 8, 2016 without further notice, unless the EPA receives adverse comments by January 7, 2016. If we receive such comments, we will publish a timely withdrawal in the **Federal Register** to notify the public that this direct final rule will not take effect.

ADDRESSES: Submit comments, identified by docket number EPA–R09–OAR–2015–0689, by one of the following methods:

1. *Federal eRulemaking Portal:* www.regulations.gov. Follow the on-line instructions.

2. *Email:* steckel.andrew@epa.gov.

3. *Mail or deliver:* Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901.

Instructions: Once submitted, comments cannot be edited or withdrawn. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. If you need to include CBI as part of your comment,

please visit <http://www.epa.gov/dockets/comments.html> for further instructions. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. For the full EPA public comment policy and general guidance on making effective comments, please visit <http://www.epa.gov/dockets/comments.html>.

Docket: Generally, documents in the docket for this action are available electronically at www.regulations.gov or in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105–3901. While all documents in the docket are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT:

Vanessa Graham, EPA Region IX, (415) 947-4120 graham.vanessa@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, “we,” “us,” and “our” refer to the EPA.

Table of Contents**I. The State’s Submittal****A. What plan did the State submit?**

B. Are there other versions of this plan?
C. What is the purpose of the submitted plan?

II. The EPA’s Evaluation and Action

A. How is the EPA evaluating the plan?
B. Does the plan meet the evaluation criteria?

C. EPA Recommendations To Further Improve the Plan

D. Public Comment and Final Action

III. Incorporation by Reference**IV. Statutory and Executive Order Reviews****I. The State’s Submittal****A. What plan did the State submit?**

Table 1 lists the plan addressed by this action with the date that it was adopted by the PCAPCD and submitted by California Air Resources Board (ARB).

TABLE 1—SUBMITTED PLAN

Local agency	Plan title	Adopted	Submitted
PCAPCD	Ozone Emergency Episode Plan	June 11, 2015	July 15, 2015.

On August 11, 2015, the EPA determined that the submittal for the PCAPCD Ozone Emergency Episode Plan met the completeness criteria in 40 CFR part 51 Appendix V, which must be met before formal EPA review.

B. Are there other versions of this plan?

There are no previous versions of this plan adopted by PCAPCD or approved by EPA in the SIP.

C. What is the purpose of the submitted plan?

The CAA requires the EPA to establish National Ambient Air Quality Standards (NAAQS) for Ozone and five other pollutants that are harmful to public health and the environment. Each state is required to submit to the EPA, within three years after the promulgation of a primary or secondary NAAQS, or any revision thereof, an infrastructure SIP revision that provides for the implementation, maintenance, and enforcement of such NAAQS. CAA § 110(a)(2) describes the contents required of such a plan that constitute the “infrastructure” of a state’s air quality management program. The PCAPCD Ozone Emergency Episode Plan is intended to fulfill the CAA § 110(a)(2)(G) infrastructure SIP requirement for states to submit an air pollution emergency contingency plan as required by 40 CFR part 51, subpart H.

II. The EPA’s Evaluation and Action**A. How is the EPA evaluating the rule?**

SIPs must be enforceable (see CAA section 110(a)(2)) and SIP revisions are restricted in how they can relax approved SIPs. This plan must also meet the infrastructure SIP requirements found in 40 CFR part 51, subpart H (51.150 through 51.153).

Guidance that we used to evaluate section 110(a)(2) CAA requirements includes: “Guidance Document for Infrastructure State Implementation

Plan” Elements under Clean Air Act Sections 110(a)(1) and 110(a)(2), EPA (September 2013).

B. Does the plan meet the evaluation criteria?

We believe this plan is consistent with the relevant policy and guidance regarding enforceability, SIP relaxations and infrastructure SIPs. The EPA’s technical support document (TSD) has more information about this plan and our evaluation.

C. Public Comment and Final Action

As authorized in section 110(k)(3) of the Act, the EPA is fully approving the submitted plan because we believe it fulfills all relevant requirements. We do not think anyone will object to this approval, so we are finalizing it without proposing it in advance. However, in the Proposed Rules section of this **Federal Register**, we are simultaneously proposing approval of the same submitted plan. If we receive adverse comments by January 7, 2016, we will publish a timely withdrawal in the **Federal Register** to notify the public that the direct final approval will not take effect and we will address the comments in a subsequent final action based on the proposal. If we do not receive timely adverse comments, the direct final approval will be effective without further notice on February 8, 2016. This will incorporate the rule into the federally enforceable SIP.

III. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the PCAPCD rule described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents available electronically through

www.regulations.gov and in hard copy at the appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by February 8, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the Proposed Rules section of today’s **Federal Register**, rather than file an immediate petition for judicial review of this direct final rule, so that

EPA can withdraw this direct final rule and address the comment in the proposed rulemaking. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: October 26, 2015.

Jared Blumenfeld,

Regional Administrator, Region IX.

Part 52, Chapter I, Title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLAN

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart F—California

■ 2. Section 52.220 is amended by adding paragraph (c)(465) to read as follows:

§ 52.220 Identification of plan.

* * * * *

(c) * * *

(465) New regulation for the following APCD was submitted on July 15, 2015 by the Governor’s designee.

(i) Incorporation by reference.

(A) Placer County Air Pollution Control District.

(1) “Ozone Emergency Episode Plan,” adopted on June 11, 2015.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 52 and 81

[EPA–R09–OAR–2015–0633; FRL–9939–48–Region 9]

PM₁₀ Plans and Redesignation Request; Truckee Meadows, Nevada; Deletion of TSP Area Designation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve two revisions to the Nevada state implementation plan. The first

revision provides a demonstration of implementation of best available control measures (BACM) for control of particulate matter with an aerodynamic diameter less than or equal to a nominal ten micrometers (PM₁₀) within Truckee Meadows. The second revision is a plan that provides for the maintenance of the national ambient air quality standard (NAAQS or “standard”) for PM₁₀ in Truckee Meadows through 2030, includes an emissions inventory consistent with attainment, and establishes motor vehicle emissions budgets. In connection with these approvals, the EPA is taking final action to determine that major stationary sources of PM₁₀ precursors do not contribute significantly to elevated PM₁₀ levels in the area. Also, based in part on the approvals of the BACM demonstration and maintenance plan and determination regarding PM₁₀ precursors, the EPA is taking final action to approve the State of Nevada’s request for redesignation of the Truckee Meadows nonattainment area to attainment for the PM₁₀ standard. Lastly, the EPA is taking final action to delete the area designation for Truckee Meadows for the revoked standard for total suspended particulate (TSP). The EPA is taking these actions because the SIP revisions meet the applicable statutory and regulatory requirements for such plans and related motor vehicle emissions budgets and because the area meets the Clean Air Act requirements for redesignation of nonattainment areas to attainment.

DATES: This rule is effective on January 7, 2016.

ADDRESSES: The EPA has established a docket for this action under Docket ID Number EPA–R09–OAR–2015–0633. Generally, documents in the docket for this action are available electronically at www.regulations.gov and in hard copy at the EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., confidential business information or “CBI”). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.
