

Equipment, and Vehicles regulations is within the scope of prior authorizations.

This decision will affect persons in California and those manufacturers and/or owners/operators nationwide who must comply with California's requirements. In addition, because other states may adopt California's standards for which a section 209(e)(2)(A) authorization has been granted if certain criteria are met, this decision would also affect those states and those persons in such states. See CAA section 209(e)(2)(B). For these reasons, EPA determines and finds that this is a final action of national applicability, and also a final action of nationwide scope or effect for purposes of section 307(b)(1) of the Act. Pursuant to section 307(b)(1) of the Act, judicial review of this final action may be sought only in the United States Court of Appeals for the District of Columbia Circuit. Petitions for review must be filed by February 9, 2016. Judicial review of this final action may not be obtained in subsequent enforcement proceedings, pursuant to section 307(b)(2) of the Act.

IV. Statutory and Executive Order Reviews

As with past authorization and waiver decisions, this action is not a rule as defined by Executive Order 12866. Therefore, it is exempt from review by the Office of Management and Budget as required for rules and regulations by Executive Order 12866.

In addition, this action is not a rule as defined in the Regulatory Flexibility Act, 5 U.S.C. 601(2). Therefore, EPA has not prepared a supporting regulatory flexibility analysis addressing the impact of this action on small business entities.

Further, the Congressional Review Act, 5 U.S.C. 801, *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, does not apply because this action is not a rule for purposes of 5 U.S.C. 804(3).

Dated: December 1, 2015.

Janet G. McCabe,

Acting Assistant Administrator, Office of Air and Radiation.

SUPPLEMENTARY INFORMATION:

Background: The National Advisory Council for Environmental Policy and Technology (NACEPT) is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), Public Law 92-463. EPA established NACEPT in 1988 to provide advice to the EPA Administrator on a broad range of environmental policy, management and technology issues. Members serve as representatives from academia, industry, non-governmental organizations, and state, local, and tribal governments. Members are appointed by the EPA Administrator for two year terms. The Council usually meets 2-3 times annually face-to-face or via video/teleconference and the average workload for the members is approximately 10 to 15 hours per month. Members serve on the Council in a voluntary capacity. However, EPA provides reimbursement for travel and

incidental expenses associated with official government business. EPA is seeking nominations from candidates representing all sectors noted above. Within these sectors, EPA is seeking nominees with a strong background in citizen science, crowd source monitoring and technologies, community sustainability, environmental justice and economic initiatives, ecology and biodiversity, public health, social science, and environmental policy and management.

Nominees will be considered according to the mandates of the Federal Advisory Committee Act (FACA), which requires committees to maintain diversity across a broad range of constituencies, sectors, groups, and geographical locations. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations from women and men of all racial and ethnic groups, as well as persons with disabilities. Please note that interested candidates may self-nominate.

The following criteria will be used to evaluate nominees:

- Professional knowledge of environmental policy, management, and technology issues, particularly issues dealing with all facets of citizen science.
- Demonstrated ability to assess and analyze environmental challenges with objectivity and integrity.
- Middle/Senior-level leadership experience that fills a current need on the Council.
- Excellent interpersonal, oral and written communication skills, and consensus-building skills.
- Ability to volunteer approximately 10 to 15 hours per month to the Council's activities, including participation in face-to-face meetings, video/teleconference meetings and preparation of documents for the Council's reports and advice letters.

EPA's policy is that, unless otherwise prescribed by statute, members generally are appointed to two year terms.

Prospective candidates interested in being considered for an appointment to serve on the Council, should submit the following items to process your nomination package: Nomination packages must include a brief statement of interest, resume, or curriculum vitae, and a short biography (no more than two paragraphs) describing your professional and educational qualifications, including a list of relevant activities and any current or previous service on advisory

committees. The statement of interest, resume, curriculum vitae, and short biography should include the candidate's full name, name and address of current organization, position title, email address, and daytime telephone number(s).

In preparing your statement of interest, please describe how your background, knowledge, and experience will bring value to the work of the committee, and how these qualifications would contribute to the overall diversity of the Council. Also, be sure to describe any previous involvement with the Agency through employment, grant funding and/or contracting sources.

To help the Agency in evaluating the effectiveness of its outreach efforts, also tell us how you learned of this opportunity in your statement of interest (cover letter). Please be aware that EPA's policy is that candidates representing academia and tribal governments/communities must also provide a letter from the entity, authorizing the nominee to represent the points of view as demonstrated by that specific entity or group (such as a college/university or tribal government/community) that has an interest in the subject matter under the committee's charge.

Anyone interested in being considered for nomination is encouraged to submit a nomination (application) package by the submission deadline on January 15, 2016. Nomination packages may be mailed to: Eugene Green, Designated Federal Officer, Office of Diversity, Advisory Committee Management, and Outreach, U.S. Environmental Protection Agency (1601M), 1200 Pennsylvania Avenue NW., Washington, DC 20460.

To expedite the process, it is preferable to submit the nomination package with the required information/documents electronically to green.eugene@epa.gov. Please reference: "NACEPT 2016 Membership Nomination Package for (candidate's name)" in the subject line.
