

DEPARTMENT OF HOMELAND SECURITY**Office of the Secretary****6 CFR Chs. I and II****[DHS Docket No. OGC–RP–04–001]****Unified Agenda of Federal Regulatory and Deregulatory Actions****AGENCY:** Office of the Secretary, DHS.**ACTION:** Semiannual regulatory agenda.

SUMMARY: This regulatory agenda is a semiannual summary of current and projected rulemakings, existing regulations, and completed actions of the Department of Homeland Security (DHS) and its components. This agenda provides the public with information about DHS's regulatory activity. DHS expects that this information will enable the public to be more aware of, and effectively participate in, the Department's regulatory activity. DHS invites the public to submit comments on any aspect of this agenda.

FOR FURTHER INFORMATION CONTACT:
General

Please direct general comments and inquiries on the agenda to the Regulatory Affairs Law Division, U.S. Department of Homeland Security, Office of the General Counsel, 245 Murray Lane, Mail Stop 0485, Washington, DC 20528–0485.
Specific

Please direct specific comments and inquiries on individual regulatory actions identified in this agenda to the individual listed in the summary of the regulation as the point of contact for that regulation.

SUPPLEMENTARY INFORMATION: DHS provides this notice pursuant to the requirements of the Regulatory Flexibility Act (Pub. L. 96–354, Sep. 19, 1980) and Executive Order 12866 “Regulatory Planning and Review” (Sep. 30, 1993) as incorporated in Executive Order 13563 “Improving Regulation & Regulatory Review” (Jan. 18, 2011), which require the Department to publish a semiannual agenda of regulations. The regulatory agenda is a summary of all current and projected rulemakings, as well as actions completed since the publication of the last regulatory agenda for the Department. DHS's last semiannual regulatory agenda was published on June 18, 2015, at 80 FR 35030.

Beginning in fall 2007, the Internet became the basic means for disseminating the Unified Agenda. The complete Unified Agenda is available online at www.reginfo.gov.

As part of the Unified Agenda, Federal agencies are also required to prepare a Regulatory Plan of the most important significant regulatory actions that the agency reasonably expects to issue in proposed or final form in that fiscal year. As in past years, for fall

editions of the Unified Agenda, the entire Regulatory Plan and agency regulatory flexibility agendas, in accordance with the publication requirements of the Regulatory Flexibility Act, are printed in the **Federal Register**.

The Regulatory Flexibility Act (5 U.S.C. 602) requires Federal agencies to publish their regulatory flexibility agenda in the **Federal Register**. A regulatory flexibility agenda shall contain, among other things, “a brief description of the subject area of any rule which is likely to have a significant economic impact on a substantial number of small entities.” DHS's printed agenda entries include regulatory actions that are in the Department's regulatory flexibility agenda. Printing of these entries is limited to fields that contain information required by the agenda provisions of the Regulatory Flexibility Act.

Additional information on these entries is available in the Unified Agenda published on the Internet.

The semiannual agenda of the Department conforms to the Unified Agenda format developed by the Regulatory Information Service Center.

Dated: September 18, 2015.

Christina E. McDonald,

Associate General Counsel for Regulatory Affairs.

RIN: 1615-AB98

296. • U.S. Citizenship and Immigration Services Fee Schedule

Legal Authority: 8 U.S.C. 1356(m)
Abstract: This rule will adjust the fee schedule for U.S. Citizenship and Immigration Services (USCIS) immigration and naturalization benefit applications and petitions, including nonimmigrant applications and visa petitions. These fees fund the cost of processing applications and petitions for immigration benefits and services, and USCIS' associated operating costs. USCIS is revising these fees because the current fee schedule does not adequately recover the full costs of services provided by USCIS. Without an adjustment of the fee schedule, USCIS cannot provide adequate capacity to process all applications and petitions in a timely and efficient manner. The fee review is undertaken pursuant to the requirements of the Chief Financial Officers Act of 1990 (CFO Act), 31 U.S.C. 901-03. The CFO Act requires each agency's chief financial officer (CFO) to "review, on a biennial basis, the fees, royalties, rents, and other

charges imposed by the agency for services and things of value it provides, and make recommendations on revising those charges to reflect costs incurred by it in providing those services and things of value." Id. at 902(a)(8). This rule will reflect recommendations made by the DHS CFO and USCIS CFO, as required under the CFO Act.

RIN: 1615-AC09

DEPARTMENT OF HOMELAND SECURITY (DHS)

U.S. Coast Guard (USCG)

Proposed Rule Stage

297. Updates to Maritime Security

Legal Authority: 33 U.S.C. 1226; 33 U.S.C. 1231; 46 U.S.C. 701; 50 U.S.C. 191 and 192; E.O. 12656; 33 CFR 1.05-1; 33 CFR 6.04-11; 33 CFR 6.14; 33 CFR 6.16; 33 CFR 6.19; DHS Delegation No 0170.1

Abstract: The Coast Guard proposes certain additions, changes, and amendments to 33 CFR, subchapter H. Subchapter H is comprised of parts 101 through 106. Subchapter H implements the major provisions of the Maritime Transportation Security Act of 2002 (MTSA). This rulemaking is the first major revision to subchapter H. The proposed changes would further the goals of domestic compliance and international cooperation by incorporating requirements from legislation implemented since the original publication of these regulations, such as the Security and Accountability for Every (SAFE) Port Act of 2006, and including international standards such as Standards of Training, Certification & Watchkeeping security training. This rulemaking has international interest because of the close relationship between subchapter H and the International Ship and Port Security Code (ISPS).

300. Commercial Fishing Vessels—Implementation of 2010 and 2012 Legislation

Legal Authority: Pub. L. 111-281

Abstract: The Coast Guard is implementing those requirements of 2010 and 2012 legislation that pertain to uninspected commercial fishing industry vessels and that took effect upon enactment of the legislation but that, to be implemented, require amendments to Coast Guard regulations affecting those vessels. The applicability of the regulations is being changed, and new requirements are being added to safety training, equipment, vessel examinations, vessel safety standards, the documentation of maintenance, and the termination of unsafe operations. This rulemaking promotes the Coast Guard's maritime safety mission.

301. Seafarers' Access to Maritime Facilities

Legal Authority: 33 U.S.C. 1226; 33 U.S.C. 1231; Pub. L. 111-281, sec 811

Abstract: This regulatory action will implement section 811 of the Coast Guard Authorization Act of 2010 (Pub. L. 111-281), which requires the owner/operator of a facility regulated by the Coast Guard under the Maritime Transportation Security Act of 2002 (Pub. L. 107-295) (MTSA) to provide a system that enables seafarers and certain other individuals to transit between vessels moored at the facility and the facility gate in a timely manner at no cost to the seafarer or other individual. Ensuring that such access through a facility is consistent with the security requirements in MTSA is part of the Coast Guard's Ports, Waterways, and Coastal Security (PWCS) mission.

Long-Term Actions

302. Discharge Removal Equipment for Vessels Carrying Oil

Legal Authority: 33 U.S.C. 1321

Abstract: The Oil Pollution Act of 1990 directed the President by August 18, 1992, to require periodic inspection of discharge-removal equipment to ensure that it is available in an emergency, and to require carriage of discharge removal equipment by vessels

operating in the navigable waters of the United States and carrying oil or hazardous substances. This action implemented those provisions. This project supports the Coast Guard's broad role and responsibility of maritime stewardship.

303. Numbering of Undocumented Barges

Legal Authority: 46 U.S.C. 12301

Abstract: Title 46 U.S.C. 12301, as amended by the Abandoned Barge Act of 1992, requires that all undocumented barges of more than 100 gross tons operating on the navigable waters of the United States be numbered. This rulemaking would establish a numbering system and user fees for an original or renewed Certificate of Number for these barges. The numbering of undocumented barges allows the Coast Guard to identify the owners of abandoned barges. This rulemaking supports the Coast Guard's broad role and responsibility of protecting natural resources.

304. Outer Continental Shelf Activities

Legal Authority: 43 U.S.C. 1333(d)(1); 43 U.S.C. 1348(c); 43 U.S.C. 1356; DHS Delegation No 0170.1

Abstract: The Coast Guard is the lead Federal agency for workplace safety and health on facilities and vessels engaged in the exploration for, or development, or production of, minerals on the Outer Continental Shelf (OCS), other than for matters generally related to drilling and production that are regulated by the Bureau of Safety and Environmental Enforcement (BSEE). This project would revise the regulations on OCS activities by: (1) Adding new requirements, for OCS units for lifesaving, fire protection, training, and helidecks; (2) providing for USCG acceptance and approval of specified classification society plan reviews, inspections, audits, and surveys; and (3) requiring foreign vessels engaged in OCS activities to comply with rules similar to those imposed on U.S. vessels similarly engaged. This project would affect the owners and operators of facilities and vessels engaged in offshore activities.

DEPARTMENT OF HOMELAND SECURITY (DHS)

U.S. Customs and Border Protection (USCBP)

Final Rule Stage

305. Importer Security Filing and Additional Carrier Requirements (Section 610 Review)

Legal Authority: Pub. L. 109-347, sec 203; 5 U.S.C. 301; 19 U.S.C. 66; 19 U.S.C. 1431; 19 U.S.C. 1433 to 1434; 19 U.S.C. 1624; 19 U.S.C. 2071 (note); 46 U.S.C. 60105

Abstract: This final rule implements the provisions of section 203 of the Security and Accountability for Every Port Act of 2006. On November 25, 2008, Customs and Border Protection (CBP) published an interim final rule (CBP Dec. 08-46) in the **Federal Register** (73 FR 71730), that finalized most of the provisions proposed in the NPRM. It requires carrier and importers to provide to CBP, via a CBP approved electronic data interchange system, certain advance information pertaining to cargo brought into the United States by vessel to enable CBP to identify high-risk shipments to prevent smuggling and ensure cargo safety and security. The interim final rule did not finalize six data elements that were identified as areas of potential concern for industry during the rulemaking process and, for which, CBP provided some type of flexibility for compliance with those data elements. CBP solicited public comment on these six data elements, is conducting a structured review, and also invited comments on the revised

Regulatory Assessment and Final Regulatory Flexibility Analysis. [See 73 FR 71782-85 for regulatory text and 73 CFR 71733-34 for general discussion.] The remaining requirements of the rule were adopted as final. CBP plans to issue a final rule after CBP completes a structured review of the flexibilities and analyzes the comments.

RIN: 1651-AA70

306. Implementation of the Guam-CNMI Visa Waiver Program (Section 610 Review)

Legal Authority: Pub. L. 110-229, sec 702

Abstract: The IFR (or the final rule planned for the coming year) rule amends Department of Homeland Security (DHS) regulations to implement section 702 of the Consolidated Natural Resources Act of 2008 (CNRA). This law extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a joint visa waiver program for travel to Guam and the CNMI. This rule implements section 702 of the CNRA by amending the regulations to replace the current Guam Visa Waiver Program with a new Guam-CNMI Visa Waiver Program. The amended regulations set forth the requirements for nonimmigrant visitors who seek admission for business or pleasure and solely for entry into and stay on Guam or the CNMI without a visa. This rule also establishes

six ports of entry in the CNMI for purposes of administering and enforcing the Guam-CNMI Visa Waiver Program. Section 702 of the Consolidated Natural Resources Act of 2008 (CNRA), subject to a transition period, extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a visa waiver program for travel to Guam and/or the CNMI. On January 16, 2009, the Department of Homeland Security (DHS), Customs and Border Protection (CBP), issued an interim final rule in the **Federal Register** replacing the then-existing Guam Visa Waiver Program with the Guam-CNMI Visa Waiver Program and setting forth the requirements for nonimmigrant visitors seeking admission into Guam and/or the CNMI under the Guam-CNMI Visa Waiver Program. As of November 28, 2009, the Guam-CNMI Visa Waiver Program is operational. This program allows nonimmigrant visitors from eligible countries to seek admission for business or pleasure for entry into Guam and/or the CNMI without a visa for a period of authorized stay not to exceed 45 days. This rulemaking would finalize the January 2009 interim final rule.

Abstract: On October 30, 2008, the Transportation Security Administration (TSA) issued a notice of proposed rulemaking (NPRM), proposing to amend current aviation transportation security regulations to enhance the security of general aviation by expanding the scope of current requirements, and by adding new requirements for certain large aircraft operators and airports serving those aircraft. TSA also proposed that all aircraft operations, including corporate and private charter operations, with aircraft having a maximum certificated takeoff weight (MTOW) above 12,500 pounds (large aircraft) be required to adopt a large aircraft security program. TSA also proposed to require certain

airports that serve large aircraft to adopt security programs. After considering comments received on the NPRM and sponsoring public meetings with stakeholders, TSA decided to revise the original proposal to tailor security requirements to the general aviation community. TSA is preparing a supplemental NPRM (SNPRM), which will include a comment period for public comments. TSA is considering the following proposed provisions in the SNPRM: (1) Security measures for foreign aircraft operators commensurate with measures for U.S. operators, (2) the type of aircraft subject to TSA regulation, (3) compliance oversight, (4) watch list matching of passengers, (5) scope of the background check requirements and the procedures used to implement the requirement, and (6) other issues.

310. Standardized Vetting, Adjudication, and Redress Services

Legal Authority: 49 U.S.C. 114, 5103A, 44903 and 44936; 46 U.S.C. 70105; 6 U.S.C. 469; Pub. L. 110-53, secs 1411, 1414, 1520, 1522 and 1531

Abstract: The Transportation Security Administration (TSA) intends to propose new regulations to revise and standardize the procedures, adjudication criteria, and fees for most of the security threat assessments (STA) of individuals for which TSA is responsible. The scope of the rulemaking will include transportation workers who are required to undergo an STA, including surface, maritime, and aviation workers. TSA will comply with certain vetting-related requirements of the Implementing Recommendations of the 9/11 Commission Act, Pub. L. 110-53 (Aug. 3, 2007). TSA will propose fees to cover the cost of all STAs. TSA plans to improve the processing of STAs and streamline existing regulations by simplifying language and removing redundancies. TSA will propose revisions to the Alien Flight Student Program (AFSP) regulations. TSA published an interim final rule for AFSP on September 20, 2004. TSA regulations require aliens seeking to train at Federal Aviation Administration-regulated flight schools to complete an application and undergo an STA prior to beginning flight training. There are four categories under which students currently fall; the nature of the STA depends on the student's category. TSA is considering changes to the AFSP that would improve the equity among fee payers and enable the implementation of new technologies to support vetting.
