

for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- * enhance the quality, utility, and clarity of the information to be collected; and
- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

Type of Review: Extension with revision.

Title: "Program Reporting and Performance Standards System for Indian and Native American Programs Under Title I, Section 166 of the Workforce Innovation and Opportunity Act."

OMB Number: 1205-0422.

Affected Public: Tribal governments and non-profits.

Total Respondents: 123 and 81.

Frequency of Collection: quarterly (CSP) and semi-annually (SYSP).

Total Responses: 327.

Average Time in Hours per

Respondent: 26.5 for the ETA-9084, 24 for the ETA-9085, and 2.5 for the SPIR.

Estimated Total Burden Hours: 19,596.

Total Annual Costs Burden: \$0.

Comments submitted in response to this comment request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: Signed in Washington, DC, on this 13th day of March 2016.

Portia Wu,

Assistant Secretary, Employment and Training Administration.

BILLING CODE 4510-FR-P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "Report on Occupational Employment and Wages." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before June 21, 2016.

ADDRESSES: Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202-691-5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Carol Rowan, BLS Clearance Officer, at 202-691-7628 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The Occupational Employment Statistics (OES) survey is a Federal/State establishment survey of wage and salary workers designed to produce data on current occupational employment and wages. OES survey data assist in the development of employment and training programs established by the 1998 Workforce Investment Act (WIA) and further reinforced by the Workforce Innovation and Opportunity Act (WIOA) and the Perkins Vocational Education Act of 1998.

The OES program operates a periodic mail survey of a sample of non-farm establishments conducted by all fifty States, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands. Over three-year periods, data on occupational employment and wages are collected by industry at the four-

and five-digit North American Industry Classification System (NAICS) levels. The Department of Labor uses OES data in the administration of the Foreign Labor Certification process under the Immigration Act of 1990.

II. Current Action

Office of Management and Budget clearance is being sought for the Occupational Employment Statistics (OES) program. Occupational employment data obtained by the OES survey are used to develop information regarding current and projected employment needs and job opportunities. These data assist in the development of State vocational education plans. OES wage data provide a significant source of information to support a number of different Federal, State, and local efforts.

As part of an ongoing effort to reduce respondent burden, OES has several electronic submission options which are available to respondents. Respondents have the ability to submit data by email, or fillable online forms. In many cases, a respondent can submit existing payroll records and would not need to submit a survey form.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Revision of a currently approved collection.

Agency: Bureau of Labor Statistics.

Title: Report on Occupational Employment and Wages.

OMB Number: 1220-0042.

Affected Public: Business or other for-profit, Not-for-profit institutions, Federal Government, State, Local, or Tribal Government.

Total Respondents: 297,521.
Frequency: Semi-annually.
Total Responses: 297,521.
Average Time per Response: 30 minutes.
Estimated Total Burden Hours: 148,760.
Total Burden Cost (capital/startup): \$00.00.
Total Burden Cost (operating/maintenance): \$00.00.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 15th day of April, 2016.

Kimberly D. Hill,

*Chief, Division of Management Systems,
 Bureau of Labor Statistics.*

BILLING CODE 4510-24-P

OFFICE OF MANAGEMENT AND BUDGET

Information Collection; Request for Public Comments

AGENCY: Office of Management and Budget.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*), the Office of Management and Budget (OMB) invites the general public and Federal agencies to comment on a revision of an approved information form (SF-SAC) that is used to report audit results, audit findings, and questioned costs as required by the Single Audit Act Amendments of 1996 (31 U.S.C. 7501, *et seq.*) and 2 CFR part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards."

The first notice of this information collection request, as required by the Paperwork Reduction act, was published in the **Federal Register** on December 9, 2015 (80 FR 76581). The proposed changes are to revise some existing data elements in the form and add other data elements that would make it easier for the Federal agencies to identify the types of audit findings reported in the audits performed under the Single Audit Act. The current Form SF-SAC was designed for audit periods ending in 2013, 2014 and 2015 (for FY 2015 for audit periods beginning before December 26, 2014). The proposed revised Form SF-SAC is designed for

audit periods ending in 2015, 2016 and 2017 (for FY 2015 audit periods beginning on or after December 26, 2014). The detail proposed changes, the proposed format and discussion of the public comments and responses are described on OMB Web site at: http://www.whitehouse.gov/omb/grants_forms/. To help respondents make sure they complete the correct version of the Form SF-SAC and to prevent them from filling out the Form SF-SAC when they are not required to do so, the Federal Audit Clearinghouse (FAC) data collection system will ask if the auditee is a state, local government, Indian Tribe, institution of higher education (IHE), or nonprofit organization, the auditee's fiscal period begin and end dates, is the auditee U.S. based, and did the auditee meet the expenditure threshold. For fiscal years starting on or after December 26, 2014, the FAC also plans to allow Non-Federal entities who did not meet the threshold requiring submission of a Single Audit report to voluntarily notify the FAC that they did not meet the reporting threshold. This information helps the Federal agencies in the review of applicants that fall below the reporting requirements. The FAC plans to put this information on their Web site. The FAC intends to continue collection of late submissions and revisions from auditees on the two previous versions of the Form SF-SAC. The FAC may suspend the collection of late submissions on previous versions of the Form SF-SAC after five years.

Pilot Project To Reduce Duplication Via Single Audit Concept Form

In developing the current form, OMB has identified some potential duplication in the current process for reporting the SF-SAC and the Schedule of Expenditure for Financial Assistance (SEFA). Currently, awardees subject to Single Audit reporting create a Schedule of Expenditures of Federal Awards (SEFA) and use it to complete their SF-SAC through the Federal Audit Clearing (FAC) House. The SEFA and the SF-SAC contain similar data which is submitted to FAC in two formats.

Therefore, as a part of the DATA Act Section 5 Pilot to Reduce Recipient Reporting Burden, OMB and the Department of Health and Human Services (DATA Act Program Management Office (DAP)) would like to test a more streamlined process for submitting the SEFA. Under this test, participants would be provided the opportunity to use an expanded SF-SAC Concept Form which includes a additional information related to the SEFA notes. The FAC would then generate a customizable SEFA that a

recipient could download, modify, and include in their Annual Single Audit Report.

DAP has developed a detailed draft sampling process to help identify and recruit potential participants for the Test Model. DAP has determined that it will target a minimum of 42 participants per Test Model. In order to achieve this goal, DAP will perform targeted outreach to a sample of Federal award recipients from the USAspending.gov database for FY15 reflecting the diversity of the recipient community. DAP target recipients who meet the Single Audit criterion of expending \$750,000 or more annually in federal funds. Recognizing that PRA requires that OMB approve federally sponsored data collection of the public, DAP will reach out to an identified sample of 702 recipients with information on the Section 5 Grants Pilot and a Test Model participation form to request information from recipients after receiving OMB PRA clearance. DAP expects to receive PRA clearance for this data collection in late winter/early spring 2016. Interested participants will be requested to read brief descriptions of the Test Models and indicate all Test Models in which they would like to participate. DAP will continuously monitor recipient responses, feedback, and preferences. DAP will assign interested recipients to Test Models based on indicated interest while maintaining diversity amongst recipients for each Test Model. DAP will follow up and engage with recipients as necessary in an effort to achieve the stated goal of 42 participants per Test Model. DAP is also collecting contact information for recipients interested in Test Model participation through voluntary self-nomination and third-party recommendations.

The concept form is included under this notice and will be used for the pilot project. We are *not requesting comments on this concept form during this 30 day period*, but the comments will be collected as part of the pilot project conducted by DAP. The concept form is also displayed on OMB Web site at http://www.whitehouse.gov/omb/grants_forms/.

DATES: Submit comments on or before May 23, 2016. Late comments will be considered to the extent practicable.

ADDRESSES: Electronic mail comments may be submitted to: Gilbert Tran at hai_m_tran@omb.eop.gov. Please include "Form SF-SAC 2016 Comments—30 Days PRA" in the subject line and the full body of your comments in the text of the electronic
