BILLING CODE 5001-03-P

DEPARTMENT OF DEFENSE

Department of the Army, U.S. Army Corps of Engineers

Notice of Availability of Supplemental Information Report for Berryessa Creek Element, Coyote and Berryessa Creek, Flood Control Project, Santa Clara County, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Public notice.

SUMMARY: The U.S. Army Corps of Engineers (USACE) has prepared a Supplemental Information Report (SIR) to update and clarify the General Reevaluation Report/Environmental Impact Statement (GRR/EIS) for the Berryessa Creek Element of the Coyote and Berryessa Creek, California, Flood Control Project (Project) to account for the fact that the Project will remove an existing exercise "pocket park" and paved trail within the Project footprint and will involve in-channel work year-round in the absence of substantial rainfall (defined as 0.5 inch or greater precipitation forecast by the National Weather Service in their 72-hour forecast for the Project area). The removal of the existing exercise pocket park facilities was omitted from the original GRR/EIS and the clarification regarding in-channel work year-round when weather permits (*i.e.*, in the absence of substantial rainfall) is in response to informal comments. The USACE has determined that these elements do not amount to substantial changes to the proposed action and do not constitute significant new circumstances or information bearing upon the proposed action or its impacts. Therefore, a supplement to the GRR/EIS is not necessary.

ADDRESSES: To obtain a copy of the SIR send requests to Ms. Amanda Cruz, U.S. Army Corps of Engineers, San Francisco District, 1455 Market Street, 17th Floor, San Francisco, CA 94103-1398 or email: Amanda.B.Cruz@usace.army.mil.

FOR FURTHER INFORMATION CONTACT: Amanda Cruz, (415) 503-6955.

SUPPLEMENTARY INFORMATION: The March 2014 Final GRR/EIS for the Berryessa Creek Element, and its accompanying CWA § 404(b)(1) alternatives analysis, recommended an earthen trapezoidal channel section with varying bottom width and 2H:1V side slopes that provides protection against the one-percent annual chance exceedance flood event from I-680 in San Jose to Calaveras Boulevard in Milpitas (hereinafter "Project"). These environmental analyses determined the Project to be the National Economic Development Plan (NED), the National Environmental Policy Act (NEPA) environmentally preferable alternative, the California Environmental Quality Act (CEQA) § 15126.6(e)(2) environmentally superior alternative, and the CWA § 404 Least Environmentally Damaging Practicable Alternative (LEDPA). The USACE Director of Civil Works signed the Record of Decision (ROD) on May 29, 2014.

The SIR serves to update the Project description and impact analysis in the GRR/EIS to include the removal of the pocket exercise park facilities and clarify that in-channel construction may occur year-round in the absence of substantial rainfall. The Project as described in the GRR/EIS would remove an existing pocket park with permanent outdoor exercise equipment and about 460 linear feet of paved trail located on property owned by the Project's non-Federal sponsor, the Santa Clara Valley Water District, in order to allow for construction of the widened channel. The existence of these features and the fact that they would be removed by the Project were inadvertently omitted from the GRR-EIS. Additionally, the GRR-EIS stated that "construction activities would occur primarily during the dry season from May to the end of October" and included a mitigation measure stating that best management practices for the Project would include preparation and implementation of "an Erosion and Sediment Control Plan consistent with RWQCB policy and guidelines" that would require contractors to "limit in-channel construction to the low-flow period between April 15 and October 31 to minimize soil erosion." This SIR clarifies the measure to specifically state

that construction activities may occur year-round with suspension of in-channel work and implementation of a Project-specific Rain Event Action Plan (REAP) if 0.5 inch or greater precipitation is forecast by the National Weather Service in their 72-hour forecast for the Project area.

The SIR evaluates the potential effects on environmental resources of removing the exercise pocket park and allowing in-channel work year-round in the absence of substantial rainfall. Effects on the following environmental resources were considered: Air quality; climate change; water resources and quality; fisheries; biological resources; topography and soils; geology and seismicity; cultural resources; land use and socioeconomics; traffic and circulation; noise; recreation and public access; aesthetics and visual resources; hazardous, toxic, and radiological waste; growth-inducing effects; and cumulative effects. Based on this analysis, the USACE has determined that removing the exercise pocket park and allowing in-channel work year-round in the absence of substantial rainfall will not result in new significant environmental impacts not already identified in the GRR/EIS.

Because removing the exercise pocket park features and allowing in-channel work year-round in the absence of substantial rainfall will not result in new significant environmental impacts, these elements do not amount to substantial changes to the proposed action and do not constitute significant new circumstances or information bearing upon the proposed action or its impacts. Therefore, the USACE concludes that preparation of a supplement to the GRR/EIS, as defined in section 1502.9(c) of the CEQ Regulations, is not necessary. The Project remains the environmentally preferable alternative.

John C. Morrow,

Lieutenant Colonel, U.S. Army, District Engineer.

BILLING CODE 3720-58-P

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Business Meeting

May 11 and June 15, 2016.

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Wednesday, May 11, 2016. A business meeting will be held the following month, on

Wednesday, June 15, 2016. The hearing and business meeting are open to the public and will be conducted at the Washington Crossing Historic Park Visitor Center, 1112 River Road, Washington Crossing, Pennsylvania.

Public Hearing. The public hearing on May 11, 2016 will begin at 1:30 p.m. Hearing items will include: Draft dockets for the withdrawals, discharges and other water-related projects subject to the Commission's review; and resolutions (1) adopting procedural guidelines for certain determinations made pursuant to the Commission's *Water Quality Regulations*; (2) approving the Commission's annual current expense and capital budgets for the fiscal year ending June 30, 2017; and (3) apportioning among the signatory parties the amounts required for support of the current expense and capital budgets for the fiscal year ending June 30, 2017.

The list of projects scheduled for hearing, including project descriptions, will be posted on the Commission's Web site, www.drbc.net, in a long form of this notice at least ten days before the hearing date. Draft resolutions scheduled for hearing also will be posted at www.drbc.net ten or more days prior to the hearing.

Written comments on matters scheduled for hearing on May 11 will be accepted through 5:00 p.m. on May 12. After the hearing on all scheduled matters has been completed, and as time allows, an opportunity for Open Public Comment will also be provided.

The public is advised to check the Commission's Web site periodically prior to the hearing date, as items scheduled for hearing may be postponed if additional time is deemed necessary to complete the Commission's review, and items may be added up to ten days prior to the hearing date. In reviewing docket descriptions, the public is also asked to be aware that project details commonly change in the course of the Commission's review, which is ongoing.

Public Meeting. The public business meeting on June 15, 2016 will begin at 10:30 a.m. and will include: Adoption of the Minutes of the Commission's March 16, 2016 business meeting, announcements of upcoming meetings and events, a report on hydrologic conditions, reports by the Executive Director and the Commission's General Counsel, and consideration of any items for which a hearing has been completed or is not required. Items expected to be considered on June 15 for which no hearing is required include: A resolution for the Minutes providing for the election of Commission officers for fiscal year 2017 (ending June 30, 2017);

and a resolution for the Minutes to amend the *Administrative Manual—Bylaws, Management and Personnel* concerning the timing of annual salary adjustments.

After all scheduled business has been completed and as time allows, the meeting will also include up to one hour of Open Public Comment.

There will be no opportunity for additional public comment for the record at the June 15 business meeting on items for which a hearing was completed on May 11 or a previous date. Commission consideration on June 15 of items for which the public hearing is closed may result in approval of the item (by docket or resolution) as proposed, approval with changes, denial, or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Any deferred items will be considered for action at a public meeting of the Commission on a future date.

Advance Sign-Up for Oral Comment. Individuals who wish to comment on the record during the public hearing on May 11 or to address the Commissioners informally during the Open Public Comment portion of the meeting on either May 11 or June 15 as time allows, are asked to sign up in advance by contacting Ms. Paula Schmitt of the Commission staff, at paula.schmitt@drbc.nj.gov.

Addresses for Written Comment. Written comment on items scheduled for hearing may be delivered by hand at the public hearing or: By hand, U.S. Mail or private carrier to: Commission Secretary, P.O. Box 7360, 25 State Police Drive, West Trenton, NJ 08628; by fax to Commission Secretary, DRBC at 609-883-9522; or by email (preferred) to paula.schmitt@drbc.nj.gov. If submitted by email, written comments on a docket should also be sent to Mr. David Kovach, Manager, Project Review Section at david.kovach@drbc.nj.gov.

Accommodations for Special Needs. Individuals in need of an accommodation as provided for in the Americans with Disabilities Act who wish to attend the informational meeting, conference session or hearings should contact the Commission Secretary directly at 609-883-9500 ext. 203 or through the Telecommunications Relay Services (TRS) at 711, to discuss how we can accommodate your needs.

Additional Information, Contacts. Additional public records relating to

hearing items may be examined at the Commission's offices by appointment by contacting Carol Adamovic, 609-883-9500, ext. 249. For other questions concerning hearing items, please contact the Project Review Section assistant at 609-883-9500, ext. 216.

Dated: April 27, 2016.

Pamela M. Bush,

Commission Secretary and Assistant General Counsel.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2016-ICCD-0049]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Applications for New Grants Under the Rehabilitation Services Administration (RSA) (1894-0001)

AGENCY: Office of Special Education and Rehabilitative Services (OSERS), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before June 2, 2016.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2016-ICCD-0049. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E-115, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Kerrie Clark, 202-245-7281.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in
