

## Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement of a Discontinued Information Collection.

(2) *Title of the Form/Collection:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* U.S. Immigration and Customs Enforcement.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or Households; Farms; Business or other for-profit; Not-for-profit institutions; State, local or Tribal governments; The information collection activity will

garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data

collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 139,587 responses at 5 minutes (0.0833 hours) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 11,586 annual burden hours.

## DEPARTMENT OF HOMELAND SECURITY

### Transportation Security Administration

#### Revision of Agency Information Collection Activity Under OMB Review: Pipeline System Operator Security Information

**AGENCY:** Transportation Security Administration, DHS.

**ACTION:** 30-Day notice.

**SUMMARY:** This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0055, abstracted below to OMB for review and approval of a revision of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on February 25, 2016, 81 FR 9494. Specifically, the collection involves the submission of data concerning pipeline security incidents.

**DATES:** Send your comments by June 6, 2016. A comment to OMB is most effective if OMB receives it within 30 days of publication.

**ADDRESSES:** Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department

of Homeland Security/TSA, and sent via electronic mail to [oir\\_submission@omb.eop.gov](mailto:oir_submission@omb.eop.gov) or faxed to (202) 395-6974.

**FOR FURTHER INFORMATION CONTACT:** Christina A. Walsh, TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-2062; email [TSAPRA@tsa.dhs.gov](mailto:TSAPRA@tsa.dhs.gov).

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

#### Information Collection Requirement

*Title:* Pipeline System Operator Security Information.

*Type of Request:* Revision of a currently approved collection.

*OMB Control Number:* 1652-0055.

*Form(s):* NA.

*Affected Public:* Pipeline system operators.

*Abstract:* Under the Aviation and Transportation Security Act (ATSA) (Pub. L. 107-71, 115 Stat. 597 (November 19, 2001)) and delegated authority from the Secretary of Homeland Security, TSA has broad responsibility and authority for “security in all modes of transportation \* \* \* including security responsibilities \* \* \* over modes of transportation that are exercised by the Department of Transportation.” See 49 U.S.C. 114(d). As the lead Federal agency for pipeline security, TSA desires to be notified of all incidents

which are indicative of a possible deliberate attempt to disrupt pipeline operations or activities that could be precursors to such an attempt. In executing its responsibility for pipeline security, TSA produced the Pipeline Security Guidelines initially in December 2010, and reissued them in April 2011 when DHS changed the old color coded threat levels to the new National Terrorism Advisory System (NTAS) scale. The Pipeline Security Guidelines encourage pipeline operators to notify the Transportation Security Operations Center (TSOC) via phone at 866-615-5150 or email at [TSOC.ST@dhs.gov](mailto:TSOC.ST@dhs.gov) as soon as possible of any specified incidents as outlined in the Security Guidelines.

In addition to security incident reporting, the Pipeline Security Guidelines previously included collecting pipeline operator security manager contact information to TSA. See 74 FR 37723 (July 29, 2009) and 75 FR 49943 (Aug. 16, 2010). TSA is revising the collection of information and will no longer collect the security manager contact information because a consolidated listing of contact information for pipeline industry security managers has been created and is available for use as recommended by the Pipeline Security Guidelines; however, the agency will continue to collect information on the reporting of security incident data to TSOC.

*Number of Respondents:* 60.<sup>1</sup>

*Estimated Annual Burden Hours:* An estimated 30 hours annually.

Dated: May 2, 2016.

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5915-N-04]

### Notice of Proposed Information Collection for Public Comment on the: ConnectHome Baseline Survey Data Collection

**AGENCY:** Office of the Chief Information Officer, HUD.

**ACTION:** Notice.

**SUMMARY:** HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

**DATES:** *Comments Due Date:* July 5, 2016.

**ADDRESSES:** Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806. Email: [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov).

**FOR FURTHER INFORMATION CONTACT:** Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410; email Colette Pollard at [Colette.Pollard@hud.gov](mailto:Colette.Pollard@hud.gov) or telephone 202-402-3400. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at 800-877-8339. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in section A.

## A. Overview of Information Collection

*Title of Information Collection:*

ConnectHome Baseline Survey Data Collection.

*OMB Approval Number:* 2528-0308.

*Type of Request:* New collection.

*Form Number:* Survey.

*Description of the need for the information and proposed use:* The purpose of this effort is to support communities in the 28 ConnectHome sites in administering a baseline survey of targeted residents' current at-home Internet access. The survey administration will include the development of an outreach plan with HUD ConnectHome collaborators and communities; selection of a sample of participants to be surveyed; administration of an initial baseline internet access survey; and submission of a database, codebook, and frequency output tables for collected data; and submission of a summary analysis of the collected data.

The baseline survey will provide HUD with baseline measures of in-home high-speed internet access, barriers to access among those without access, and types of devices used to access the internet. Upon establishing baseline measures, HUD's ConnectHome team will use this information to support local efforts in closing the digital divide.

*Respondents* (describe): The survey is expected to be administered by mail or by Public Housing Authority staff in person or by phone to targeted assisted households at 28 ConnectHome sites. Communities are targeting different populations, which the survey's sampling process will recognize that some communities are targeting only public housing households with children, while others are also targeting voucher holders or residents of HUD multifamily housing in addition or instead.

*Estimated Number of Respondents:* 2,800.

*Estimated Number of Responses:* 2,800.

*Frequency of Response:* One time.

*Average Hours per Response:* 5 minutes (.0833 hours).

*Total Estimated Burdens:* 233.33 (233 hours and 33 minutes).

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Total .....	2800	Once	2800	.0833	233.33	\$100.00	\$23,333.33

<sup>1</sup> The annual respondents and burden hours have been updated to reflect estimates based on actual data.
