Steel Wire Garment Hangers From the Socialist Republic of Vietnam: Rescission of Countervailing Duty Administrative Review; 2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is rescinding the administrative review of the countervailing duty order on steel wire garment hangers from the Socialist Republic of Vietnam (Vietnam) for the period January 1, 2015 through December 31, 2015.

DATES: Effective May 11, 2016.

FOR FURTHER INFORMATION CONTACT:

Patricia Tran, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1503.

SUPPLEMENTARY INFORMATION:

Background

On April 7, 2016, based on a timely request for review by M&B Metal Products Company, Inc. (Petitioner),¹ the Department published in the **Federal Register** a notice of initiation of an administrative review of the countervailing duty order on steel wire garment hangers from Vietnam covering the period January 1, 2015 through December 31, 2015.² The review covers 68 companies. On April 27, 2016, Petitioner withdrew their request for an administrative review on all 68 companies listed in the *Initiation Notice*.³ No other party requested a

review of these producers and/or exporters of subject merchandise.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, Petitioner timely withdrew their request by the 90-day deadline, and no other party requested an administrative review of the countervailing duty order. As a result, pursuant to 19 CFR 351.213(d)(1), we are rescinding the administrative review of the countervailing duty order on steel wire garment hangers from Vietnam for the period January 1, 2015, through December 31, 2015, in its entirety.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries. Because the Department is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed countervailing duties at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business

Agenda

The NTAP is a joint advisory panel of the Mid-Atlantic and New England Fishery Management Council. It is composed of Council members, fishing industry, academic, and government and non-government fisheries experts who will provide advice and direction on the conduct of trawl research. Topics to be discussed at the meeting include review of recent NEFSC bottom trawl survey analyses, NEFSC bottom trawl survey re-stratification efforts, and NEFSC gear efficiency work; develop recommended actions by the NTAP; and discussion of the use of currently contracted NEFSC vessel time and methods to supplement NEFSC surveys,
