Title: Consumer Complaint Portal: General Complaints, Obscenity or Indecency Complaints, Complaints under the Telephone Consumer Protection Act, Slamming Complaints, RDAs and Communications Accessibility Complaints.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals or households; Business or other for-profit entities; Not-for-profit institutions; State, local or Tribal Government.

Number of Respondents and Responses: 335,909 respondents; 335,909 responses.

Estimated Time per Response: 15 minutes (.25 hours) to 30 minutes (.50 hours).

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Voluntary. The statutory authority for this collection is contained in 47 U.S.C. 208 of the Communications Act of 1934 (Act), as amended by the Telecommunications Act of 1996.

Total Annual Burden: 83,988 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's updated system of records notice (SORN), FCC/CGB-1, "Informal Complaints, Inquiries and Requests for Dispute Assistance", which became effective on September 24, 2014.

Privacy Impact Assessment: The Privacy Impact Assessment (PIA) for Informal Complaints and Inquiries was completed on June 28, 2007. It may be reviewed at <http://www.fcc.gov/omd/privacyact/>

Privacy5FImpact5FAssessment.html. The Commission is in the process of updating the PIA to incorporate various

revisions to it as a result of revisions to the SORN.

Needs and Uses: The Commission consolidated all of the FCC informal consumer complaint intake into an online consumer complaint portal, which allows the Commission to better manage the collection of informal consumer complaints. Informal consumer complaints consist of informal consumer complaints, inquiries and comments. This revised information collection requests OMB approval for the addition of a layer of consumer reported complaint information. Consumers filing a complaint in the online portal are currently asked to choose a product, method and issue detailing their complaint. These revisions will allow consumers to choose from additional issues as well as multiple sub-issues. This change will assist consumers in providing more granular information about their complaint, assist the Commission in the processing of the complaint and provide more detailed data to inform enforcement and policy efforts at the Commission.
