

Muyun Wood Co., Ltd.," dated May 20, 2015, which are on the record of this proceeding.

Public Comment

Interested parties may submit case briefs no later than 30 days after the date of publication of the preliminary results of review.⁸ Rebuttals to case briefs may be filed no later than five days after the briefs are filed. All rebuttal comments must be limited to comments raised in the case briefs.⁹

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement & Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice.¹⁰ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. Oral argument presentations will be limited to issues raised in the briefs. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230, at a date and time to be determined.¹¹ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

All submissions, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by the Department's electronic records system, ACCESS, by 5 p.m. Eastern Time ("ET") on the due date. Documents excepted from the electronic submission requirements must be filed manually (*i.e.*, in paper form) with the APO/Dockets Unit in Room 18022, and stamped with the date and time of receipt by 5 p.m. ET on the due date.¹²

The Department intends to issue the final results of these NSRs, which will include the results of its analysis of issues raised in any briefs received, no later than 90 days after the date these preliminary results of review are issued pursuant to section 751(a)(2)(B)(iv) of the Act.

Assessment Rates

If the Department proceeds to a final rescission of Zhangshi and Muyun's NSRs, the assessment rate to which

Zhangshi and Muyun's shipments will be subject will not be affected by this review. However, the Department initiated an administrative review of the antidumping duty order on multilayered wood flooring from the PRC covering numerous exporters, including Zhangshi and Muyun, for the period December 1, 2014 through November 30, 2015 which encompasses the POR of these NSRs.¹³ Thus, if the Department proceeds to a final rescission, we will instruct U.S. Customs and Border Protection ("CBP") to continue to suspend entries during the period December 1, 2014 through November 30, 2015 of subject merchandise exported by Zhangshi and Muyun until CBP receives instructions relating to the administrative review of this order covering the period December 1, 2014 through November 30, 2015.

If the Department does not proceed to a final rescission of this new shipper review, pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific (or customer) assessment rates based on the final results of this review. However, pursuant to the Department's refinement to its assessment practice in non-market economy cases, for entries that were not reported in the U.S. sales database submitted by Zhangshi or Muyun, the Department will instruct CBP to liquidate such entries at the PRC-wide rate.¹⁴

Cash Deposit Requirements

Effective upon publication of the final rescission or the final results of these NSRs, pursuant to section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e), the Department will instruct CBP to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise by Zhangshi and Muyun. If the Department proceeds to a final rescission of these NSRs, the cash deposit rate will continue to be the PRC-wide rate for Zhangshi and Muyun because the Department will not have determined an individual margin of dumping for either company. If the Department issues final results for these NSRs, the Department will instruct CBP to collect cash deposits, effective upon the publication of the final results, at the rates established therein.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: May 20, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision of a current information collection.

Fishery quotas are established for many species in the fishery management plans developed by the Gulf of Mexico Reef Fish Fishery Management Council, the South Atlantic Fishery Management Council, and The Caribbean Fishery Management Council. The Southeast Fisheries Science Center has been delegated the responsibility to monitor these quotas. To do so in a timely manner, seafood dealers that handle these species are required to report the purchases (landings) of these species. The frequency of these reporting requirements varies depending on the magnitude of the quota (e.g., lower quota usually require more frequent reporting) and the intensity of fishing

effort. The most common reporting frequency is twice a month; however, some fishery quotas, (e.g., the mackerel gill net) necessitate weekly or by the trip reporting.

In addition, information collection included in this family of forms includes interview with fishermen to gather information on the fishing effort, location and type of gear used on individual trips. This data collection is conducted for a subsample of the fishing trips and vessel/trips in selected commercial fisheries in the Southeast region and commercial fisheries of the U.S. Caribbean. Fishing trips and individuals are selected at random to provide a viable statistical sample. These data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations.

A revision to this collection is requested because the Caribbean Fishery Management Council has asked that commercial trip interviews be conducted for the fisheries of the Caribbean. In order to support this request, the SEFSC has developed a sampling procedure which will require additional commercial trip interview with fishers in the Caribbean. This data collection is authorized under 50 CFR part 622.5.

II. Method of Collection

Dealer reports may be emailed, faxed or mailed. Information from fisherman is obtained by face-to-face interviews.
