

subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-NYSEArca-2016-77, and should be submitted on or before June 29, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>20</sup>

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

#### Extension:

Form N-2, OMB Control No. 3235-0026, SEC File No. 270-21.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission

plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

The title for the collection of information is "Form N-2 (17 CFR 239.14 and 274.11a-1) under the Securities Act of 1933 and under the Investment Company Act of 1940, Registration Statement of Closed-End Management Investment Companies." Form N-2 is the form used by closed-end management investment companies ("closed-end funds") to register as investment companies under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") and to register their securities under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act"). The primary purpose of the registration process is to provide disclosure of financial and other information to current and potential investors for the purpose of evaluating an investment in a security. Form N-2 also permits closed-end funds to provide investors with a prospectus containing information required in a registration statement prior to the sale or at the time of confirmation of delivery of securities. The form also may be used by the Commission in its regulatory review, inspection, and policy-making roles.

The Commission estimates that there are 136 initial registration statements and 30 post-effective amendments to initial registration statements filed on Form N-2 annually and that the average number of portfolios referenced in each initial filing and post-effective amendment is 1. The Commission further estimates that the hour burden for preparing and filing an initial registration statement on Form N-2 is 515 hours per portfolio, and the hour burden for preparing and filing a post-effective amendment on Form N-2 is 107 hours per portfolio. The estimated annual hour burden for preparing and filing initial registration statements is 70,040 hours (136 initial registration statements × 1 portfolio × 515 hours per portfolio). The estimated annual hour burden for preparing and filing post-effective amendments is 3,210 hours (30 post-effective amendments × 1 portfolio × 107 hours per portfolio). The estimated total annual hour burden for Form N-2, therefore, is estimated to be 73,250 hours (70,040 hours + 3,210 hours).

The information collection requirements imposed by Form N-2 are mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not

required to respond to a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549; or send an email to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov).

Dated: June 2, 2016.

**Brent J. Fields,**  
Secretary.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Notice of Intent To Release Airport Property at St. Petersburg-Clearwater International (PIE), St. Petersburg, FL

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for public comment.

**SUMMARY:** The FAA hereby provides notice of intent to release certain airport properties of approximately 16.88 acres at St. Petersburg-Clearwater International (PIE), St. Petersburg, FL from the conditions, reservations, and restrictions as contained in a Quitclaim Deed agreement between the FAA and the Pinellas County, dated 11 March 1941. The release of property will allow Pinellas County to dispose of the property for Florida Department of Transportation roadway right of way project.

**DATES:** Comments are due on or before July 8, 2016.

**ADDRESSES:** Documents are available for review at St. Petersburg-Clearwater International Airport (PIE), and the FAA

<sup>20</sup> 17 CFR 200.30-3(a)(12).

Airports District Office, 5950 Hazeltine National Drive, Suite 400, Orlando, FL 32822. Written comments on the Sponsor's request must be delivered or mailed to: Jenny Iglesias-Hamann, Community Planner, Orlando Airports District Office, 5950 Hazeltine National Drive, Suite 400, Orlando, FL 32822–5024.

**FOR FURTHER INFORMATION CONTACT:**

Jenny Iglesias-Hamann, Community Planner, Orlando Airports District Office, 5950 Hazeltine National Drive, Suite 400, Orlando, FL 32822–5024.

**SUPPLEMENTARY INFORMATION:** Section 125 of The Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR–21) requires the FAA to provide an opportunity for public notice and comment prior to the “waiver” or “modification” of a sponsor's Federal obligation to use certain airport land for non-aeronautical purposes.

The property is located Multiple parcels along Roosevelt Road (SR 686) adjacent to airport. The parcels are currently designated Aeronautical and Non-Aeronautical. The property will be released of its federal obligations in support of the Florida Department of Transportation (FDOT) Gateway Express Project. The fair market value of these parcels has been determined to be \$12,205,865.

Documents reflecting the Sponsor's request are available, by appointment only, for inspection at the St. Petersburg–Clearwater International Airport (PIE) and the FAA Airports District Office.

**Bart Vernace,**

Manager, Orlando Airports District Office, Southern Region.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Agency Information Collection

#### Activities: Requests for Comments; Clearance of a New Approval of Information Collection: Automatic Dependent Surveillance—Broadcast (ADS–B) Rebate System

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the FAA invites public comments about its intention to request Office of Management and Budget (OMB)

approval for a new information collection. The FAA is launching a rebate program to emphasize the urgent need for pilots to comply with Automatic Dependent Surveillance Broadcast (ADS–B) Out requirements ahead of the January 1, 2020, compliance deadline. This program will defray costs associated with the ADS–B equipment and installation for eligible general aviation aircraft, and help ensure that all general aviation aircraft are equipped by the compliance date.

**DATES:** Written comments should be submitted by August 8, 2016.

**ADDRESSES:** Send comments to the FAA at the following address: Ronda Thompson, Room 441, Federal Aviation Administration, ASP–110, 950 L'Enfant Plaza SW., Washington, DC 20024.

*Public comments invited:* Individuals are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for this program; (b) the accuracy of the estimated burden; (c) ways for the FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include public comments in the request for OMB's clearance of this information collection.

**FOR FURTHER INFORMATION CONTACT:**

Ronda Thompson by email at: [Ronda.Thompson@faa.gov](mailto:Ronda.Thompson@faa.gov).

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* Not assigned.

*Title:* Automatic Dependent Surveillance–Broadcast (ADS–B) Rebate System.

*Form Numbers:* Information is collected via a Web site specific to the ADS–B Rebate program.

*Type of Review:* New information collection.

*Background:* On May 21, 2010, the FAA issued a final rule requiring Automatic Dependence Surveillance–Broadcast (ADS–B) Out avionics on aircraft operating in Classes A, B, and C airspace, as well as certain other classes of airspace within the National Airspace System (NAS), no later than January 1, 2020 (75 FR 30160). ADS–B Out equipage is a critical step in achieving the benefits of NextGen, in that it transforms aircraft surveillance with satellite-based precision. When properly equipped with ADS–B, both pilots and controllers can, for the first time, see the same real-time displays of air traffic, and pilots will be able to receive air traffic services in places where it has not been previously available.

To meet this deadline for compliance, the FAA estimated that as many as 160,000 general aviation aircraft would need to be equipped with ADS–B by January 1, 2020. In developing the ADS–B Out final rule, the FAA assumed that these aircraft owners would begin equipping new aircraft with ADS–B equipment in 2012, and begin retrofitting the existing aircraft in 2013, to minimize costs associated with retrofitting outside of the aircraft's heavy maintenance cycle. In any given year, avionics installers are capable of completing approximately 35,000–50,000 installations. In order to guarantee that general aviation aircraft that will operate in ADS–B airspace are equipped by January 1, 2020, approximately 23,000 aircraft would have needed to equip each year beginning in early 2013. This would have ensured there would be a balance between the expected demand for avionics installations and the capacity of avionics installers. Owners of general aviation aircraft who are particularly price sensitive are postponing their installations. This trend demonstrates that there is a near-term need to accelerate equipage, to ensure that pilots, manufacturers, and retail facilities have adequate time and capacity to equip aircraft by the January 1, 2020, compliance deadline. It is necessary to take advantage of the installation capacity available now in order to avoid back-end capacity constraints that could result in some aircraft being unable to receive their upgrades ahead of the compliance deadline, which will, in turn, lead to denial of access to ADS–B airspace once the ADS–B equipage mandate is in effect. This limited-time rebate will provide an incentive for early retrofitting, but it is intended to emphasize the urgent need for pilots to comply with ADS–B Out requirements ahead of 2020.

Section 221 of the FAA Modernization and Reform Act of 2012 provided the FAA with the authority to establish an incentive program for equipping general aviation and commercial aircraft with communications, surveillance, navigation, and other avionics equipment. Thus, the FAA is establishing an initiative (the ADS–B Rebate Program) to address the rate of general aviation equipage by incentivizing those aircraft owners who are affected by the ADS–B Out requirements and are the most price sensitive to the cost of avionics and the associated installation. The ADS–B Rebate Program will provide a one-time
