

Secretary for Land and Minerals Management has approved the BLM's petition/application for a proposed withdrawal extension. Public Land Order No. 7246 (62 FR 7796 (1997)) is incorporated herein by reference. The area withdrawn by PLO No. 7246 contains 44.48 acres in Curry County, Oregon.

The purpose for which the withdrawal was originally established, to protect the investment of funds and infrastructure at the Edson Creek Park recreation site, still exists.

The use of right-of-way, interagency agreement, or cooperative agreement would not adequately protect the public recreation site at Edson Creek Park. There are no alternative sites that can be considered because the land described is the only land that encompasses the Edson Creek Park.

The BLM would not need to acquire water rights to fulfill the purpose of the requested withdrawal extension.

Records related to the application may be examined by contacting Jacob Childers at the address or phone number listed above.

For a period until September 13, 2016, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the BLM Oregon/Washington State Office State Director at the address indicated above.

Comments, including names and street addresses of respondents, will be available for public review at the address indicated above during regular business hours. Be advised that your entire comment—including your personal identifying information—may be made publicly available. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal extension must submit a written request to the BLM State Director at the address indicated above by September 13, 2016. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

This extension application will be processed in accordance with the regulations set forth in 43 CFR 2310.4.

Leslie A. Frewing,

Acting Chief, Branch of Land, Mineral, and Energy Resources.

SUPPLEMENTARY INFORMATION:

I. **Abstract:** Duty rates on imported goods are established by Congress in the Harmonized Tariff Schedule of the United States (HTS). Temporarily duty suspensions and reductions are set forth in chapter 99, subchapter II of the HTS, although no such suspensions or reductions are currently in effect. In large part due to the Commission's role

in maintaining and publishing the official HTS, pursuant to the Omnibus Trade and Competitiveness Act of 1988, the Commission has supplied memoranda containing factual information concerning individual bills introduced in many sessions of Congress to seek such duty suspensions or reductions.

The new Act referenced above requires the Commission to establish a process to receive petitions that will take the place of individual miscellaneous tariff bills, and specifies the contents of such petitions. The Act also provides that these petitions must be made available on the Commission's Web site so that public comment on each one may be filed. The Act specifies the contents of Commission preliminary and final reports and requires the Commission to make several determinations concerning the petitions. Lastly, the Act requires the Commission to make particular recommendations concerning the petitions and provide the necessary information to Congress that will permit the Congress to decide which such petitions should be included in a miscellaneous tariff bill. The Act specifies the schedule for conducting each cycle of collections of petitions and for the Commission to submit a report to the House Committee on Ways and Means and the Senate Committee on Finance containing information and its determinations.

II. Method of Collection: Each interested party will be required to establish a user web account on the Commission Web site to submit a petition requesting the creation or renewal of miscellaneous tariff provisions in the HTS comment on a previously submitted petition.

III. Request for Comments: Comments are invited on (1) whether the proposed collection of information is necessary; (2) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information, including through the use of automated collection techniques or other forms of information technology.

The draft forms and other supplementary documents may be downloaded from the USITC Web site at <http://www.usitc.gov/mtbtps>.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they will also become a matter of public record.

By order of the Commission.

Issued: June 10, 2016.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

Division of Longshore and Harbor Workers' Compensation Proposed Extension of Existing Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation (OWCP) is soliciting comments concerning the proposed collection: Securing Financial Obligations under the Longshore and Harbor Workers' Compensation Act and its Extension (LS-276, LS-275-IC and LS-275-SI) A copy of the proposed information collection request can be obtained by contacting the office listed below in the address section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before August 15, 2016.

ADDRESSES: Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3233, Washington, DC 20210 telephone/fax (202) 354-9647, Email Ferguson.Yoon@dol.gov. Please use only one method of transmission for comments (mail, fax, or Email).

SUPPLEMENTARY INFORMATION:

I. Background: The Longshore and Harbor Workers' Compensation Act (LHWCA) requires covered employers to secure the payment of compensation under the Act and its extensions by purchasing insurance from a carrier

authorized by the Secretary of Labor to write Longshore Act Insurance, or by becoming authorized self-insured employers (33 U.S.C. 932 *et seq.*). Each authorized insurance carrier (or carrier seeking authorization) is required to establish annually that its Longshore obligations are fully secured either through an applicable state guaranty (or analogous) fund, a deposit of security with the Division of Longshore and Harbor Workers' Compensation (DLHWC), or a combination of both. Similarly, each authorized self-insurer (or employer seeking authorization) is required to fully secure its Longshore Act obligations by depositing security with DLHWC. These requirements are designed to assure the prompt and continued payment of compensation and other benefits by the responsible carrier or self-insurer to injured workers and their survivors. Forms LS-276, Application for Security Deposit Determination; LS-275-IC, Agreement and Undertaking (Insurance Carrier); and LS-275-SI, Agreement and Undertaking (Self-insured Employer) are used to cover the submission of information by insurance carriers and self-insured employers regarding their ability to meet their financial obligations under the Longshore Act and its extensions. This information collection is currently approved for use through October 31, 2016.

II. Review Focus: The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility and clarity of the information to be collected; and

- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks the approval for the extension of this currently-approved information collection in order to carry out its responsibility to ensure that a carrier's LHWCA obligations are sufficiently secured and, if necessary, to
