### Foreign-Trade Zones Board

[B-41-2016]

#### Foreign-Trade Zone 249—Pensacola, Florida, Notification of Proposed Production Activity, GE Renewables North America, LLC, Subzone 249A, (Wind Turbine Nacelles, Blades and Hubs), Pensacola, Florida

GE Renewables North America, LLC (GE Renewables) (formerly, GE Generators (Pensacola), L.L.C.), operator of Subzone 249A, submitted a notification of proposed production activity to the FTZ Board, for its facility located in Pensacola, Florida. The

notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 23, 2016.

GE Renewables already has authority to produce wind turbines and related blades, hubs and nacelles within Subzone 249A. The current request would add foreign-status components to the scope of authority. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt GE Renewables from customs duty payments on the foreign status components used in export production. On its domestic sales, GE Renewables would be able to choose the duty rates during customs entry procedures that apply to wind turbines and related blades, hubs and nacelles (duty free or 2.5%) for the foreign-status inputs noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The components sourced from abroad include: Blade root spacers; pitch transformers; brake calipers; brake hydraulic power units; elastomeric generator mounts; labyrinth rings; sonic wind sensors; upwind covers; and, vibration monitors (duty rate ranges from free to 4.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The

closing period for their receipt is July 27, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

#### North American Free Trade Agreement, Article 1904, Request for Panel Review

**AGENCY:** United States Section, NAFTA Secretariat, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Request for Panel Review.

**SUMMARY:** A Request for Panel Review was filed on behalf of Selenis Canada, Inc. with the United States Section of the North American Free Trade Agreement (NAFTA) Secretariat on June 6, 2016 pursuant to NAFTA Article 1904. Panel Review was requested of the International Trade Commission's final determination regarding Polyethylene Terephthalate Resin from Canada. The final injury determination was published in the **Federal Register** on May 4, 2016 (81 FRN 26832) and the effective antidumping order was published in the **Federal Register** on May 6, 2016 (81 FRN 27929). The NAFTA Secretariat has assigned case number USA-CDA-2016-1904-01 to this request.

**FOR FURTHER INFORMATION CONTACT:** Paul E. Morris, United States Secretary, NAFTA Secretariat, Room 2061, 1401 Constitution Avenue NW., Washington, DC 20230, (202) 482-5438.

**SUPPLEMENTARY INFORMATION:** Chapter 19 of the NAFTA established a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for

Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms to the antidumping or countervailing duty law of the country that made the determination.

Under NAFTA Article 1904, which came into force on January 1, 1994, the Government of the United States, the Government of Canada, and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686) and subsequently amended on April 10, 2008 (73 FR 19458).

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is July 6, 2016);

(b) A Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is July 21, 2016); and

(c) The panel review shall be limited to the allegations of error of fact or law, including challenges to the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and to the procedural and substantive defenses raised in the panel review.

Dated: June 13, 2016.
