Category of materials licenses	Annual fees ^{1 2 3}
B. General licenses for storage of spent fuel under 10 CFR 72.210	N/A ¹²
14. Decommissioning/Reclamation:	
A. Byproduct, source, or special nuclear material licenses and other approvals authorizing decommissioning, decontamination, reclamation, or site restoration activities under parts 30, 40, 70, 72, and 76 of this chapter, including master materials licenses (MMLs) [Program Code(s): 3900, 11900, 21135, 21215, 21240, 21325, 22200]	N/A ⁷
B. Site-specific decommissioning activities associated with unlicensed sites, including MMLs, whether or not the sites have been previously licensed	N/A ⁷
15. Import and Export licenses	N/A ⁸
16. Reciprocity	N/A ⁸
17. Master materials licenses of broad scope issued to Government agencies [Program Code(s): 03614]	\$343,000
18. Department of Energy:	
A. Certificates of Compliance	\$1,366,000 ¹⁰
B. Uranium Mill Tailings Radiation Control Act (UMTRCA) activities	\$545,000

¹ Annual fees will be assessed based on whether a licensee held a valid license with the NRC authorizing possession and use of radioactive material during the current FY. The annual fee is waived for those materials licenses and holders of certificates, registrations, and approvals who either filed for termination of their licenses or approvals or filed for possession only/storage licenses before October 1, 2015, and permanently ceased licensed activities entirely before this date. Annual fees for licensees who filed for termination of a license, downgrade of a license, or for a possession-only license during the FY and for new licenses issued during the FY will be prorated in accordance with the provisions of § 171.17. If a person holds more than one license, certificate, registration, or approval, the annual fee(s) will be assessed for each license, certificate, registration, or approval held by that person. For licenses that authorize more than one activity on a single license (e.g., human use and irradiator activities), annual fees will be assessed for each category applicable to the license.

² Payment of the prescribed annual fee does not automatically renew the license, certificate, registration, or approval for which the fee is paid. Renewal applications must be filed in accordance with the requirements of parts 30, 40, 70, 71, 72, or 76 of this chapter.

³ Each FY, fees for these materials licenses will be calculated and assessed in accordance with § 171.13 and will be published in the **Federal Register** for notice and comment.

⁴ Other facilities include licenses for extraction of metals, heavy metals, and rare earths.

⁵ There are no existing NRC licenses in these fee categories. If NRC issues a license for these categories, the Commission will consider establishing an annual fee for this type of license.

⁶ Standardized spent fuel facilities, 10 CFR parts 71 and 72 Certificates of Compliance and related Quality Assurance program approvals, and special reviews, such as topical reports, are not assessed an annual fee because the generic costs of regulating these activities are primarily attributable to users of the designs, certificates, and topical reports.

⁷ Licensees in this category are not assessed an annual fee because they are charged an annual fee in other categories while they are licensed to operate.

⁸ No annual fee is charged because it is not practical to administer due to the relatively short life or temporary nature of the license.

⁹ Separate annual fees will not be assessed for pacemaker licenses issued to medical institutions that also hold nuclear medicine licenses under fee categories 7.B. or 7.C.

¹⁰ This includes Certificates of Compliance issued to the U.S. Department of Energy that are not funded from the Nuclear Waste Fund.

¹¹ See § 171.15(c).

¹² See § 171.15(c).

¹³ No annual fee is charged for this category because the cost of the general license registration program applicable to licenses in this category will be recovered through 10 CFR part 170 fees.

¹⁴ Persons who possess radium sources that are used for operational purposes in another fee category are not also subject to the fees in this category. (This exception does not apply if the radium sources are possessed for storage only.)

¹⁵ Licensees paying annual fees under category 1.A., 1.B., and 1.E. are not subject to the annual fees for categories 1.C., 1.D., and 1.F. for sealed sources authorized in the license.

¹⁶ Licensees subject to fees under categories 1.A., 1.B., 1.E., or 2.A. must pay the largest applicable fee and are not subject to additional fees listed in this table.

¹⁷ Licensees paying fees under 3.C. are not subject to fees under 2.B. for possession and shielding authorized on the same license.

¹⁸ Licensees paying fees under 7.C. are not subject to fees under 2.B. for possession and shielding authorized on the same license.

¹⁹ Licensees paying fees under 3.N. are not subject to paying fees under 3.P. for calibration or leak testing services authorized on the same license.

²⁰ Licensees paying fees under 7.B. are not subject to paying fees under 7.C. for broad scope license licenses issued under parts 30, 35, 40, and 70 of this chapter for human use of byproduct material, source material, and/or special nuclear material, except licenses for byproduct material, source material, or special nuclear material in sealed sources contained in teletherapy devices authorized on the same license.

(e) The fee-relief adjustment allocated to annual fees includes the budgeted resources for the activities listed in paragraph (e)(1) of this section, plus the total budgeted resources for the activities included in paragraphs (e)(2) and (3) of this section, as reduced by the appropriations the NRC receives for these types of activities. If the NRC's appropriations for these types of activities are greater than the budgeted resources for the activities included in paragraphs (e)(2) and (3) of this section for a given fiscal year, a negative fee-relief adjustment (or annual fee reduction) will be allocated to annual

fees. The activities comprising the FY 2016 fee-relief adjustment are as follows:

[Docket No. 2016-04]

Civil Monetary Penalties Inflation Adjustments

AGENCY: Federal Election Commission.

ACTION: Interim final rules.

SUMMARY: As required by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, the Federal Election Commission is adopting interim final rules to adjust for inflation

the civil monetary penalties established under the Federal Election Campaign Act, the Presidential Election Campaign Fund Act, and the Presidential Primary Matching Payment Account Act. The civil monetary penalties being adjusted are those negotiated by the Commission or imposed by a court for certain statutory violations; and those imposed by the Commission for late filing of or failure to file certain reports required by the Federal Election Campaign Act. The adjusted civil monetary penalties are calculated according to a statutory formula and the adjusted amounts will apply to penalties assessed after the effective date of these rules.

DATES: The interim final rules are effective on August 1, 2016. Comments must be submitted on or before July 25, 2016.

ADDRESSES: All comments must be in writing. Commenters are encouraged to submit comments electronically via the Commission's Web site at <http://www.fec.gov/fosers>, reference REG 2016-02, or by email to InflationAdjustment@fec.gov. Alternatively, commenters may submit comments in paper form, addressed to the Federal Election Commission, Attn.: Neven F. Stipanovic, Acting Assistant General Counsel, 999 E Street NW., Washington, DC 20463.

Each commenter must provide, at a minimum, his or her first name, last name, city, state, and zip code. All properly submitted comments, including attachments, will become part of the public record, and the Commission will make comments available for public viewing on the Commission's Web site and in the Commission's Public Records Office. Accordingly, commenters should not provide in their comments any information that they do not wish to make public, such as a home street address, personal email address, date of birth, phone number, social security number, or driver's license number, or any information that is restricted from disclosure, such as trade secrets or commercial or financial information that is privileged or confidential.

SUPPLEMENTARY INFORMATION: The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (the "2015 Act")¹ amended the

Federal Civil Penalties Inflation Adjustment Act of 1990 (the "Inflation Adjustment Act")² to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. Prior to the 2015 Act, the Inflation Adjustment Act required federal agencies, including the Commission, to adjust for inflation the civil monetary penalties within their jurisdiction at least once every four years according to detailed formulas. The Commission last adjusted its civil monetary penalties for inflation in 2013. Civil Monetary Penalties Inflation Adjustments, 78 FR 44419 (July 24, 2013). As amended by the 2015 Act, the Inflation Adjustment Act now requires federal agencies to make a one-time "catch-up" adjustment to civil monetary penalties, which must take effect no later than August 1, 2016, and to adjust civil monetary penalties annually thereafter using newly prescribed formulas.³

The Inflation Adjustment Act defines a civil monetary penalty as "any penalty, fine, or other sanction" that (1) "is for a specific amount" or "has a maximum amount" under federal law; and (2) that a federal agency assesses or enforces "pursuant to an administrative proceeding or a civil action" in federal court.⁴ Under the Federal Election Campaign Act, 52 U.S.C. 30101-46 ("FECA"), the Commission may assess and enforce civil monetary penalties for violations of FECA, the Presidential Election Campaign Fund Act, 26 U.S.C. 9001-13, and the Presidential Primary Matching Payment Account Act, 26 U.S.C. 9031-42. As required by the Inflation Adjustment Act, and pursuant to guidance issued by the Office of Management and Budget,⁵ the Commission is now making a one-time catch-up adjustment to the civil monetary penalties within its jurisdiction, according to the prescribed formulas. The Commission will implement annual inflation adjustments beginning in January 2017.

Administrative Procedure Act

As required by the 2015 Act, the Commission is issuing these rules as interim final rules. The interim final rules will take effect on August 1, 2016, the date by which Congress mandated that agencies make their catch-up adjustment effective.

The Administrative Procedure Act's ("APA's") notice-and-comment requirement does not apply here because Congress specifically directed agencies to make adjustments to civil monetary penalties through an interim final rule.⁶ Nonetheless, the public may comment on these interim final rules, and the Commission may address any comments received in a later rulemaking document. Furthermore, because the inflation adjustments made through the interim final rules are required by Congress and involve no Commission discretion or policy judgments, these rules do not need to be submitted to the Speaker of the House of Representatives or the President of the Senate under the Congressional Review Act, 5 U.S.C. 801 *et seq.* Moreover, because the APA's notice-and-comment procedures do not apply to these interim final rules, the Commission is not required to conduct a regulatory flexibility analysis under 5 U.S.C. 603 or 604. See 5 U.S.C. 601(2), 604(a). Nor is the Commission required to submit these revisions for congressional review under FECA. See 5 U.S.C. 30111(d)(1), (4) (providing for congressional review when Commission "prescribe[s]" a "rule of law"). The new penalty amounts will apply to civil monetary penalties that are assessed after the date the increase takes effect, even if the associated violation predated the increase.⁷

Explanation and Justification

Under the Inflation Adjustment Act, the Commission now must adjust each civil monetary penalty for inflation by applying a cost-of-living-adjustment ("COLA") ratio. The COLA ratio is the percentage that the consumer price index ("CPI")⁸ for October 2015 exceeds the CPI for October of the "baseline year," which is the calendar year when the civil monetary penalty

⁶ See, e.g., *Asiana Airlines v. FAA*, 134 F.3d 393, 396-99 (D.C. Cir. 1998) (finding APA "notice and comment" requirement not applicable where Congress clearly expressed intent to depart from normal APA procedures); see also Inflation Adjustment Act sec. 4(a), (b)(1) (requiring federal agencies to adjust civil monetary penalties "through an interim final rulemaking").

⁸ The Inflation Adjustment Act uses the CPI "for all-urban consumers published by the Department of Labor." *Id.* sec. 3.

was first established, or when it was most recently adjusted under a provision of law other than the Inflation Adjustment Act.⁹ To calculate the adjusted penalty, the Commission must multiply the civil monetary penalty amount in the baseline year by the COLA ratio.¹⁰ The civil monetary penalty, however, may not be increased by more than 150% of the civil monetary penalty amount in effect on November 2, 2015.¹¹

The Commission assesses two types of civil monetary penalties that now must be adjusted for inflation. First are those penalties that are either negotiated by the Commission or imposed by a court for violations of FECA, the Presidential Election Campaign Fund Act, and the Presidential Primary Matching Payment Account Act. These civil monetary penalties are set forth at 11 CFR 111.24. Second are the civil monetary penalties assessed through the Commission's Administrative Fines Program for late filing or non-filing of certain reports required by FECA. *See* 52 U.S.C. 30109(a)(4)(C) (authorizing Administrative Fines Program), 30104(a) (requiring political committee treasurers to report receipts and disbursements

within certain time periods). The penalty schedules for these civil monetary penalties are set out at 11 CFR 111.43 and 111.44.

1. 11 CFR 111.24—Civil Penalties

FECA established the civil monetary penalties for violations of FECA and the other statutes within the Commission's jurisdiction. *See* 52 U.S.C. 30109(a)(5), (6), (12). Commission regulations in 11 CFR 111.24 provide the current inflation-adjusted amount for each such civil monetary penalty. To calculate the catch-up adjustment for each of the five civil monetary penalties in 11 CFR 111.24, the Commission must first identify the later of: The year the civil monetary penalty was first established, or the year it was last adjusted by law other than under the Inflation Adjustment Act. The Commission then must apply the COLA ratio to the amount of the civil monetary penalty in effect in the baseline year.¹²

The civil monetary penalties at 11 CFR 111.24(a)(1) and 11 CFR 24(a)(2)(i) were established by statute in 1976.¹³ The civil monetary penalty at 11 CFR 111.24(a)(2)(ii) was established in 2002.¹⁴ The civil monetary penalties at

11 CFR 111.24(b) were established in 1980.¹⁵ None of these penalties has been adjusted since its establishment, other than for inflation. Accordingly, as described above, the Commission determines the adjusted penalty amount by multiplying the amount of the penalty in the baseline year by the COLA ratio for that year and rounding that figure to the nearest dollar. But the Commission may not increase the civil monetary penalty amount by more than 150% of the amount that was in effect for that civil monetary penalty on November 2, 2015. Thus, for example, in section 111.24(a)(1), the 2015 civil monetary penalty amount was \$7,500. The maximum the new civil monetary penalty can increase by is 150% of that amount, which would be an increase of \$11,250, for a maximum penalty of \$18,750. Because applying the COLA ratio to the originally established penalty amount would lead to an adjusted penalty of approximately \$20,500, which exceeds the 150% cap amount, the new civil monetary penalty for section 111.24(a)(1) is \$18,750. The actual adjustment to each civil monetary penalty is shown in the chart below.

Section	Baseline year	Civil penalty in year est.	COLA Ratio ¹⁶	Adjusted penalty (rounded)	2015 Penalty amt.	150% Cap (rounded)	New civil penalty
11 CFR 111.24(a)(1)	1976	\$5,000	4.10774	\$20,539	\$7,500	\$18,750	\$18,750
11 CFR 111.24(a)(2)(i)	1976	10,000	4.10774	41,077	16,000	40,000	40,000
11 CFR 111.24(a)(2)(ii)	2002	50,000	1.31185	65,593	65,000	162,500	65,593
11 CFR 111.24(b)	1980	2,000	2.80469	5,609	3,200	8,000	5,609
11 CFR 111.24(b)	1980	5,000	2.80469	14,023	7,500	18,750	14,023

2. 11 CFR 111.43, 111.44—Administrative Fines

FECA authorizes the Commission to assess civil monetary penalties for violations of the reporting requirements of 52 U.S.C. 30104(a) according to the penalty schedules “established and published by the Commission.” 52 U.S.C. 30109(a)(4)(C)(i). The Commission has established two such schedules: The schedule in 11 CFR 111.43(a) applies to reports that are not election sensitive, and the schedule in 11 CFR 111.43(b) applies to reports that are election sensitive.¹⁷ Each schedule

contains two columns of penalties, one for late-filed reports and one for non-filed reports, with penalties based on the level of financial activity in the report and its lateness (where applicable).¹⁸ In addition, 11 CFR 111.43(c) establishes a civil monetary penalty for situations in which a committee fails to file a report and the Commission cannot calculate the relevant level of activity. Finally, 11 CFR 111.44 establishes a civil monetary penalty for failure to file timely reports of contributions received less than 20

days, but more than 48 hours, before an election. *See* 52 U.S.C. 30104(a)(6).

The Commission established the penalty schedules in 11 CFR 111.43(a) and (b) in 2000, when the Commission promulgated its Administrative Fines program. Administrative Fines, 65 FR 31787, 31796–97 (May 19, 2000) (“2000 Administrative Fines”). In 2003, the Commission adjusted these schedules to reduce certain penalties for political committees with low levels of financial activity. Administrative Fines, 68 FR 12572, 12573 (Mar. 17, 2003) (“2003 Administrative Fines”) (establishing

¹⁷ Election sensitive reports are certain reports due shortly before an election. *See* 11 CFR 111.43(d)(1).

“new schedules that reduce civil money penalties for . . . committees with less than \$50,000 in activity”). Other than for inflation, these penalty schedules have not been adjusted since 2003.¹⁹ The civil monetary penalties in 11 CFR 111.43(c) and 111.44 were established in 2000 and, except for inflation, have not been adjusted since.²⁰

As described above, to determine the adjusted penalty amount, the Commission first multiplies the amount of the penalty in the baseline year by the COLA ratio for that year and rounds that figure to the nearest dollar. For certain penalties assessed at low levels of financial activity (up to \$49,999.99) the baseline year is 2003. 2003 Administrative Fines, 68 FR at 12573–75. For all other penalties, the baseline year is 2000. 2000 Administrative Fines, 65 FR at 31792–98. The adjusted civil monetary penalty for each level of activity is the baseline year penalty amount multiplied by the COLA ratio that is provided in the OMB Memorandum. None of these adjusted civil monetary penalties exceeds the

150% cap. The new civil monetary penalties are shown in the schedules in the revised rule text, below.

Fuel Tank Vent Fire Protection

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is amending certain airworthiness regulations for transport category airplanes to require fuel tank designs that prevent a fuel tank explosion caused by the propagation of flames, from external fires, through the fuel tank vents. This final rule requires a delay of two minutes and thirty seconds between exposure of external fuel tank vents to ignition sources and explosions caused by propagation of flames into the fuel tank, thus increasing the time available for

passenger evacuation and emergency response. These amendments apply to applications for new type certificates and certain applications for amended or supplemental type certificates. The amendments also require certain airplanes produced in the future and operated by air carriers to meet the new standards.

DATES: Effective August 23, 2016. The compliance date for the requirements in § 25.975 is August 23, 2016. The compliance date for the requirements in §§ 121.1119 and 129.119 is August 23, 2018.
