SUPPLEMENTARY INFORMATION

I. Abstract

The U.S. Census Bureau developed the Local Update of Census Addresses (LUCA) Operation prior to the 2000 Census to meet the requirements of the Census Address List Improvement Act of 1994, Public Law 103-430. The Census Bureau will use information collected through LUCA to help develop the housing unit and group quarters (e.g., college dormitory, nursing home, correctional facility) address information that it will need to conduct the Decennial Census. LUCA is a voluntary operation for governmental units. Participating governments may review the Census Bureau's Title 13 U.S.C. confidential list of individual living quarters addresses and provide to the Census Bureau address additions, corrections, deletions, structure point coordinates, and road updates. Participating governments also may provide spatial and attribute updates for addresses and roads. Governments electing to participate in LUCA also provide contact information, certification of their agreement to maintain the confidentiality of the Census Bureau address information, responses regarding their physical and information technology security capability, product media preference information, shipment inventory information, and certification of their destruction or return of materials containing confidential data.

LUCA will be available to tribal, state, and local governments, the District of Columbia, and Puerto Rico (or their designated representatives) in areas for which the Census Bureau performs a pre-census Address Canvassing Operation. A majority of governments will have some area that will be

included in the Address Canvassing Operation. LUCA is available to legally defined federally recognized Native American and Alaska Native areas (including the Alaska Native Regional Corporations), states, governmentally active counties and equivalent entities, incorporated places, and legally defined Minor Civil Divisions (MCDs) for which the Census Bureau reports data. LUCA will occur between January 2017 and June 2020. LUCA comprises five stages:

- Advance Notice
- Invitation
- Address Review
- Feedback
- Closeout

Advance Notice

The Census Bureau provides an advance notice package to all eligible tribal, state, and local governments. This package contains materials informing the eligible governments of the voluntary operation and provides instructions to update contact information and how to prepare to participate in the operation. This stage occurs between January 2017 and March 2017.

Invitation

All eligible tribal, state, and local governments receive an invitation package. This package provides information on how to register for the operation and instructions on how to designate a liaison, and allows governments to select the type of materials. Additionally, the invitation package provides information regarding the responsibility for safeguarding and protecting Title 13 materials. The Census Bureau will follow up and send reminder packages to governments that do not respond. This stage occurs between July 2017 and September 2017.

Address Review

Governments that elect to participate receive materials based on their selection from the invitation package. Governments have a maximum of 120 days from the date of receipt of materials to complete and submit their address and spatial updates to the Census Bureau. The Census Bureau will conduct follow up with letters, postcards, and phone calls to encourage timely submission of address and spatial updates. This stage occurs between February 2018 and May 2018.

Feedback

The Census Bureau will provide a feedback package to governments that participate in the operation. This package includes detailed information on the results of the address and spatial

updates submitted during the operation. This stage occurs between August 2019 and October 2019.

Closeout

The Census Bureau provides a closeout letter to governments that participated in the operation with notification to destroy or return Title 13 materials. The Census Bureau will also conduct follow up with letters and phone calls to ensure that Title 13 materials are destroyed or returned. This stage occurs between October 2019 and June 2020.

II. Method of Collection

The information on LUCA contacts, certification of agreement to maintain the confidentiality of the Census Bureau address information, physical and information technology security capability, product media preference, shipment inventory, and certification of the destruction or return of materials containing confidential data is collected via the completion of electronic or printed forms.

Address Updates

The information collection on living quarters address additions, corrections, deletions, and address attribute updates, at the participating government's preference, can be submitted in the form of:

1. Digital data files output by the Geographic Update Partnership Software (GUPS), a desktop application supplied free-of-charge to LUCA participants to facilitate the review and update of Census Bureau address and map information;
2. Digital data files formatted to Census Bureau specifications; or
3. Handwritten annotations to printed-paper address listings and address locations on Census block maps (for governments with 6,000 or fewer addresses).

Feature Updates

The information collection on living quarters structure point coordinates, roads, and road attribute updates, at the participating government's preference, can be submitted in the form of:

1. Digital data shapefiles output by GUPS;
2. Digital updates to Census Bureau supplied shapefiles; or

Foreign-Trade Zones Board

[B–43–2016]

Foreign-Trade Zone 158—Tupelo, Mississippi; Notification of Proposed Production Activity; Bauhaus Furniture Group, LLC; H.M. Richards Company, Inc.; Lane Home Furniture; Morgan Fabrics Corporation (Upholstered Furniture)

The Greater Mississippi Foreign-Trade Zone, Inc., grantee of FTZ 158, submitted a notification of proposed production activity to the FTZ Board on behalf of Bauhaus Furniture Group, LLC (Bauhaus), H.M. Richards Company, Inc. (HMRI), Lane Home Furniture (Lane), and Morgan Fabrics Corporation (Morgan) within FTZ 158 in the greater Tupelo, Mississippi, area. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 17, 2016.

Bauhaus, HMRI, Lane, and Morgan currently have authority to conduct cut-and-sew activity using certain foreign micro-denier suede upholstery fabrics to produce upholstered furniture and related parts (upholstery cover sets) on a restricted basis (see B–29–2013, B–21–2013, B–28–2013, 78 FR 49254–49255, August 13, 2013; and, Board Order 1877, 78 FR 5773, January 28, 2013). The companies' authority allows for the production of upholstered furniture (chairs, seats, sofas, sleep sofas, and sectionals) with scopes of authority that only provide FTZ savings on a limited quantity of foreign origin, micro-denier suede upholstery fabric finished with a hot caustic soda solution process (*i.e.*, authorized fabrics). All foreign upholstery fabrics other than micro-denier suede finished with a hot caustic soda solution process (*i.e.*, unauthorized fabrics) used in Bauhaus, HMRI, Lane, and Morgan's production within FTZ 158 are subject to full customs duties.

The current request seeks to add certain polyurethane-type fabrics to the

scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Bauhaus, HMRI, Lane, and Morgan from customs duty payments on the foreign-status fabrics used in export production. On domestic sales, Bauhaus, HMRI, Lane, and Morgan would be able to apply the finished upholstery cover set (*i.e.*, furniture part) or finished furniture duty rate (free) for the previously authorized fabrics and the additional fabrics (indicated below). Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The expanded scope of authority to admit foreign-status fabrics to FTZ 158 in nonprivileged foreign status (19 CFR 146.42) would only involve polyurethane fabrics backed with ground leather (5903.20.2500) and wet coagulation process 100 percent polyurethane coated fabrics (5903.20.2500), as detailed in the notification (duty rate: 7.5%). All other foreign, unauthorized upholstery fabrics used in the companies' production activity would continue to be admitted to the zone in domestic (duty paid) status.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is August 9, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482–0473.

Dated: June 23, 2016.

Elizabeth Whiteman,

Acting Executive Secretary.
